COMMUNICATIONS BOARD, PUNJAB.

Minutes of the Eighth Meeting of the Communications Board, Punjab, held on the 7th December 1921, at 10-30 a.m., in the Committee Room at the New Council Chamber, Lahore.

PRESENT:

Mr. A. S. MONTGOMERY, Chief Engineer, Punjab, Public Works Department, Buildings and Roads Branch, *in the chair.*

Mr. F. A. HADOW, Agent, North-Western Railway.

Mr. A. R. MURRAY, Chief Engineer, Punjab, Public Works Department, Irrigation Branch.

Mr. C. A. H. TOWNSEND, I.C.S., M. L. C., Director of Agriculture, Punjab.

Mr. J. W. A. GRIEVE, Chief Conservator of Forests, Punjab.

Mr. E. A. SCOTT, O.B.E., M. L. C., Director of Industries, Punjab.

Rai Bahadur GANGA RAM, C.I.E., M.V.O., Lahore.

Lala RATTAN CHAND, O.B.E., Honorary Magistrate, Amritsar.

Khan MOHAMMAD ABDULLA KHAN, M. L. C., of Khángarh.

Mr. K. G. MITCHELL, *Secretary.*

Co-opted.

Mr. G. T. POUND, Quarry Engineer, Punjab.

I. The Minutes of last meeting were confirmed subject to the following being substituted for Item V of the Minutes as already recorded :—

"It was resolved to refer the four detailed projects for tramways, which Mr. MacLachlan has prepared, to the Railway Sub-Committee to be considered at a special meeting, the object being to examine the estimates and to choose one of the four as an experiment in order to see whether the tramway proposal is likely to afford a suitable solution of the problem."

II.—*Considered the Minutes of the Meeting of Railway Officers held at Campbellpur to discuss the Mirza Quarry Scheme and to decide what action, if any, should be taken.*

Postponed till such time as Khan Bahadur Syed Mehdi Shah can attend.

III.—*Considered Mr. Pound's notes on the selection of a quarry site in the southern portion of the Punjab —*

(a) *on the broad gauge system,*

(b) *on the metre gauge system,*

and what action should be taken thereon.

Resolved that Mr. Pound be asked to put his various notes into the form of general report giving his conclusions and also stating the rates at which stone metal can be obtained at various quarries either being worked or proposed for development.

IV.—*Read a letter from Mr. Swaruj Dyal of Kulu to His Excellency the Governor regarding the construction of wire ropeways in Kulu.*—Resolved that the letter be acknowledged with thanks.

V.—*Read Captain A. T. Banon's letter regarding the proposed 2′ 2″ light railway from Dharampur to Kulu.*—Resolved that the letter be acknowledged with thanks, adding that there is no prospect of money being available for such a project in the early future.

VI.—*Considered whether the Board should advise the Local Government accord administrative approval to the following projects of District Boards :—*

(1) *Stone metalling road from level crossing beyond Jahánián to Junction with Multán-Mailsi Road for Rs.* 30,980.

(2) *Stone metalling service road from Mián Channu to Chak Pír Arshad Ali for Rs.* 64,092.

(3) *Metalling the Gurdáspur-Shakargarh Road amounting to Rs.* 50,769.

(4) *Metalling road from Kuniah to Phália* viâ *Mangowál for Rs.* 3,26,834

It was decided to recommend to the Local Government that administrative approval be given to the projects. It was felt that the position of the Board with respect to these projects should be cleared up without delay, and that the Board should be placed in satisfactory position for dealing with them.

VII.—*Considered a statement prepared by the Secretary showing the financial position of the Board for the current year.*—The revised estimate of expenditure for the current year reproduced as Appendix I was approved by the Board and the Secretary was instructed to take action towards having the necessary reappropriations made.

VIII.—*Considered whether the Local Government should be advised to accord administrative approval to the following projects submitted by the District Board of Lyallpur :—*

(1) *Jaránwála-Báraghar Road.*

(2) *Bucheki-Nankána Road.*

The Board decided to recommend to Local Government that revised administrative approval should be granted for the construction of these two unmetalled colony roads.

IX.—*Considered a letter from the Chief Conservator of Forests, Punjab, stating that it was necessary to spend a certain amount of money on the Mukerián-Hajipur-Talwára Road, so as to enable the Forest Department to carry to site the plant they propose to instal in their sawmill near Talwára without waiting fo the construction of the proposed railway extension from Mukerián to Talwára*—Resolved that the matter was not one in which the Communications Board could help. That the cost of improving the road so as to enable the Forest Department to carry their heavy plant appeared to be debitable to the sawmill project and the correct procedure appeared to be for the Forest Department to come to some suitable arrangement with the District Board concerned.

The Board adjourned *sine die.*

5. Read endorsement No. 2277, dated 25th November 1921, by the Sanitary Engineer to Government, Punjab, forwarding for information a copy of his letter to the President, Municipal Committee, Ambála, with a copy of Mr. Howell's report on the Ambála City Water Works.

Recorded.

6. Read letter No. 1229-A. C., dated 28th November-2nd December 1921, from the Agricultural Chemist, Punjab, stating that he has drawn the grant-in-aid of Rs. 3,461 sanctioned for the purchase of pumping plant for the Experimental Sewage Farm.

Recorded.

7. **Supervision of expenditure of Grants-in-aid.**—Read report of the Sub-Committee appointed by the Sanitary Board in its resolution No. 3, dated 11th November 1921, on grants-in-aid made to Local Bodies.

The Board accorded approval to the first part of the report. With regard to general questions in the second part of the report, the Board noted the orders of Government contained in letter No. 31142-F., dated 12th December 1921, from the Financial Secretary to Government, Punjab, and requested the Secretary to prepare a note dealing comprehensively with the matter.

8. **Pollution of Leh River, Rawalpindi** – Read endorsement No. 5254, dated 2nd December 1921, by the Sanitary Commissioner, Punjab, regarding the pollution of the river by drainage from areas controlled by the Municipality, the Cantonment and the North-Western Railway, with a note by the Secretary, Sanitary Board, Punjab.

Resolved that passages from the report dealing with matters concerning them should be sent to the authorities concerned with the remark in the case of the Ráwalpindi Municipal Committee that the Board is prepared to consider the question of financial assistance.

Further resolved that the authorities concerned be asked to report such action as they may take on the matters brought to their notice.

9. **Storm Water Drainage at Gujranwala.**—Read endorsement by the Commissioner, Lahore Division, No. 1877, dated 25th November 1921, forwarding for administrative approval of Government the above scheme estimated to cost Rs. 2,24,056, also the previous correspondence on the subject.

Resolved—

(1) that the Municipal Committee, Gujránwála, be called upon to give the necessary assurance with regard to the maintenance of the scheme.

(2) Subject to the receipt of such assurance the Board accepts the suggestion that the Committee should be allowed to utilize the grant previously given for the Water Supply Scheme in place of a fresh grant-in-aid, the Municipal Committee refunding to Government the balance of Rs. 16,589.

10. **Water and Drainage Schemes of Multan.**—Read Memorandum by the Secretary, Sanitary Board, Punjab, regarding an informal conference held at Multán at which the Hon'ble Minister for Education and President, Sanitary Board, the Sanitary Commissioner and Sanitary Engineer to Government, Punjab, were present in connection with the above schemes.

Resolved that the conclusions of the conference be confirmed.

11. **Sinking of 11 new wells at Lahore.**—Read audit report of the accounts connected with the scheme for the additional supply wells towards which a grant-in-aid of Rs. 40,000 was given by the Board in 1912 to the Lahore Municipal Committee.

Resolved that a copy of the report be sent to the Municipal Committee, Lahore, and the attention of the Committee drawn to the remarks made by the Auditor. The Board hopes that steps have already been taken by the Municipal Committee to improve the system of keeping accounts, and if not, the Board requests the Municipal Committee to take the necessary steps to that end.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Director of Public Health, Punjab.

Proceedings of the Board of Economic Enquiry (Urban Section), held on 6th January 1922, at 10-30 A. M., in the Financial Commissioner's (Development) room.

PRESENT :

1. E. R. ABBOTT, Esq., C.I.E., I.C.S., Financial Commissioner (Development), *Chairman.*
2. E. A. SCOTT, Esq., O.B.E., I.S.R., Director of Industries, Punjab.
3. Professor W. H. MYLES, M.A., Lahore.
4. W. W. POWELL, Esq., I.C.S., Deputy Registrar, Co-operative Societies.
5. MANMOHAN, Esq., M.A., Principal, Ludhiána College, Ludhiána.
6. A. N. SEWAL, Esq., B.A., LL.B., Joint Editor, the *Tribune*, Lahore.
7. MANOHAR LAL, Esq., M.A., *Honorary Secretary.*

The letter of the Government of India No. L-925, dated Simla, the 12th September 1921, to the Punjab Government was considered on a reference from the Revenue Secretary, Punjab Government. After discussion in which all the members present took part the following opinions were recorded:—

1. The Board agrees with the opinion expressed in paragraph 6 of the letter that in Indian legislation there should be a definition corresponding to the definition given in the English statute of 1876, and that it should also be clearly stated that, benevolent and similar purposes are included within the scope of trade union activities.

2. As regards paragraph 7, there should be a special enumeration of the aims and objects of trade unions, though the Board felt that there should be adequate provision by appropriate method for the enlargement of the objects.

3. The members present were equally divided about the inclusion of political objects at all. However it was unanimously agreed that the political object specified in (e) of the enumeration given in paragraph 8 should be excluded from the list of objects on which expenditure of money is to be authorised.

4. The Board agreed with the opinion expressed in paragraph 9 of the letter both as to section 27 of the Indian Contract Act not applying to registered trade unions, and the adoption in their entirety of the principles embodied in sections 2, 3 and 4 of the statute of 1871. It would be desirable to specify the nature of the agreements that have been accepted in English case law as falling within the principle embodied in the statute, to avoid difficulties of interpretation.

5. The Board agreed with the opinions expressed in paragraphs 10, 13, and 14 of the letter, *i.e.*, (*a*) the Courts should not interfere with the internal management of unions, and legislation in India should follow the English precedent; (*b*) the principles enunciated in paragraph 11 regarding Trade Union funds taken from English law should be accepted and incorporated in the proposed Indian law; and (*c*) a provision similar to that in England, regarding the appointment of a trustee or trustees or in case there were no trustees the vesting of the union property in an official on behalf of the union, should be made in the Indian law.

6. The Board was divided in opinion as regards compulsory registration of trade unions but the majority was in favour of leaving registration to the option of unions.

7. In the opinion of the Board the provisions,—*vide* paragraph 16 of the letter—regarding registration should be included in the statute itself with specific provision in a schedule regarding the details to be furnished in connection with the application for registration.

8. As regards paragraph 17, in the Board's opinion, rules, if any, should be made by the Central Government.

9. The Board agreed that all persons of or above the age of 15 should be eligible to become members of trade unions.

10. The Board fully concurred in the opinion expressed in paragraph 22 of the letter.

11. As regards the community of trade unions from civil liability for tortious acts of their servants, the majority of the Board were of opinion that there need be no general immunity, and what is wanted is the provision of such safeguards as are contemplated in paragraphs 25 and 26 of the letter, *i.e.* (*a*) the protection of benevolent funds, and (*b*) provision as in the New South Wales Act, 1903.

Two of the members present, Professor W. H. Myles, and Mr. A. N. Sewal, however, were of opinion that the principles of the Trade Disputes Act in this regard should be given full effect to.

12. As regards paragraph 27 of the letter regarding picketting, the Board by majority did not support picketting, and agreed with the opinion of the Government of India.

Two of the members present, Professor Myles and Mr. Sewal were of the contrary opinion.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

COMMUNICATIONS BOARD, PUNJAB.

Minutes of the $\frac{1st}{22}$ Meeting of the Communications Board, Punjab, held on Wednesday, the 18th January 1922, at 10-30 a.m., in the Committee Room of the New Council Chamber, Lahore.

PRESENT :

The Hon'ble Lala HARKISHAN LAL, Bar.-at-Law, *in the Chair.*

Mr. A. S. MONTGOMERY, Chief Engineer, Punjab, Public Works Department, Buildings and Roads Branch.

Mr. F. A. HADOW, Agent, North-Western Railway.

Mr. C. A. H. TOWNSEND, I.C.S., M.L.C., Director of Agriculture, Punjab.

Mr. E. A. SCOTT, O.B.E., M.L.C., Director of Industries, Punjab.

Rai Bahadur GANGA RAM, C.I.E., M.V.O.

Rao Bahadur Chaudhri LAL CHAND, O.B.E., Pleader, Rohtak.

Lala RATTAN CHAND, O.B.E., Honorary Magistrate, Amritsar.

Syed MOHAMMAD HUSSAIN, M.L.C., of Shergarh, Montgomery District.

Nawabzada Khan ABDULLA KHAN, M.L.C., of Khangarh, Muzaffargarh District.

Mr. K. G. MITCHELL, *Secretary.*

I.—The Minutes of last meeting were confirmed.

II.—Considered the Minutes of Meeting of Railway Officers held at Campbellpur to discuss the Mirza Quarry Scheme and to decide whether the Board recommends the development of this quarry.—Postponed as Khan Bahadur Syed Mehdi Shah was not present.

III.—Considered whether Government should be advised to amend Rule V (b) *of the rules of business of the Board with a view to ending the present unsatisfactory state of affairs. The amendment proposed is the deletion of the words "to the cost of which it contributes"*, and

IV.—Considered whether the Board should advise the Chief Engineer that the powers of a Superintending Engineer be given to the Road Engineer with respect to the road projects of local bodies to allow him to deal with such projects.—After some discussion it was decided not to propose any alterations to Rule V (*b*) for the present, nor to recommend that powers proposed should be given to the Road Engineer, the President holding the view that that officer's time will be better employed on experimental work than in wading through masses of District Board projects.

V.—*Read Note circulated by Secretary about motor legislation, and to appoint a small sub-committee to go into the whole question.*—Resolved that a Sub-Committee composed of Mr. Montgomery, Mr. Scott, Rai Bahadur Ganga Ram, and Mr. Mitchell as Secretary, be appointed to go into the question, the first step being the drafting by the Secretary of such rules as appear necessary for the consideration of the Sub-Committee.

The President then left the Meeting, the chair being taken by Mr. Montgomery.

VI.—*Read letter No. 822-P.W., dated 26th October 1921, from the Deputy Secretary to the Government of India, Public Works Department, to the Home Secretary to Government, Punjab, stating that it is extremely unlikely that sufficient funds will be forthcoming even for the construction of those trunk telephone lines which are already shown in the Priority List.*—The Board resolved to record a strong protest against the Government of India letter on the ground that long distance telephone facilities in the Punjab compare very unfavourably with those in other Provinces, although it is one of the richest wheat producing and exporting Provinces in India. In the event of the Government of India being unable to provide trunk lines in the Punjab the Board considered that the Local Government should be permitted to start its own trunk lines wherever urgently needed. (The Secretary was instructed to word the protest as strongly as possible.)

VII.—*Considered proposals of Nawabzada Khan Abdullah Khan, M.L.C., for—*

(1) *Improving road between Golra Station and the Golra City.*
(2) *Improving communications in the Muzaffargarh District.*

As regards (1), it was resolved that the District Engineer, Rawalpindi, be asked to frame an estimate for this particular road and then send it to the Communications Board with an application for grant-in-aid during next financial year.

With regard to (2), the Board resolved that the Secretary in consultation with the President should try and see whether he can fit in the two roads mentioned by Nawabzada Abdulla Khan, *viz.*, Muzaffargarh-Alipur and Shahr Sultan-Jatoi, with the road programme under preparation.

With respect to Nawabzada's request that a sum of Rs. 1,00,000 be given to the Muzaffargarh District the Board noted that due consideration will be given to the needs of this district when distributing grants next year.

VIII.—*Considered whether as a special case Rs. 5,000 may be given to the District Board of Dera Ghazi Khan as grant-in-aid for maintenance of roads during the current year.*—Resolved that the Board regrets its inability to make lump-sum grants for general maintenance purposes.

The Communications Board feels that if Dera Ghazi Khan District is unable to maintain its roads, it should approach the Local Government either for an increased consolidated grant, or for powers to increase its revenue.

IX.—*Considered whether the Communications Board would be prepared to give Rs. 5,000 as grant-in-aid to the District Board of Gujrat for constructing a "submerged viaduct" on the Gujrat-Jalalpur Road.*—Resolved that the Board will be prepared to meet half the cost of the proposed viaduct subject to a maximum of Rs. 5,000 on the condition that the design is approved by the Road Engineer.

X.—The Board decided to co-opt Mr. E. R. Foy, Chief Engineer (Construction), Irrigation Branch, as a member.

HARKISHAN LAL,
President,
Communications Board, Punjab.

W. H. C. FORSTER, LIEUT.-COL., D.P.H., I.M.S.,

Director of Public Health, Punjab.

Minutes of the Proceedings of the meeting of the Punjab Drainage Board held on the 26th of January 1922, at Lahore.

PRESENT :

1. Sir PATRICK FAGAN, K.C.I.E., C.S.I., I.C.S., Financial Commissioner, Punjab (*President*).
2. E. R. ABBOTT, Esq., C.I.E., I.C.S., Financial Commissioner, Development.
3. W. P. SANGSTER, Esq., C.I.E., M.I.C.E., Chief Engineer, Irrigation Branch.
4. A. S. MONTGOMERY, Esq., Chief Engineer, Buildings and Roads.
5. D. MILNE, Esq., B.Sc., Principal, Agricultural College, Lyallpur.
6. Lt.-Col. W. H. C. Forster, M.B., D.P.H., I.M.S., Director of Public Health.
7. A. R. ASTBURY, Esq., A.M.I.C.E., Sanitary Engineer to Government, Punjab.
8. Doctor P. E. LANDER, M.A., D.Sc., A.I.C., Agriculture Chemist to Government, Punjab.
9. C. V. G. SCOTT, Esq., M.Inst.C.E., Superintending Engineer, Punjab Drainage Circle.
10. M. S. LEIGH, Esq., O.B.E., I.C.S., Senior Secretary to the Financial Commissioners, Punjab (*Secretary*).
11. R. B. Lala GANGA RAM arrived after Agendum No. 1 (*a*) had been disposed of.
12. W. D. CRAVEN, Esq., Member of the American Society of Engineers, was present by invitation during the discussion of Agendum No. 5.

Minutes of the previous meeting having been approved, the Board took up the discussion of Agendum No. 5 at the request of Mr. Scott.

WATERPROOF LINING OF CANALS.

Agendum No. 5.—Mr. Scott's note, dated the 12th January 1922, was read and Mr. Scott himself gave some verbal explanations to the effect that experiments hitherto conducted showed that a slab containing 20% of Californian bitumen and 80% of spoil earth remains watertight under a head of 9 feet of water, and that, with Mexican bitumen, it was possible that a lower percentage of bitumen would be required. Mr. Scott stated that if the experiments were to be carried on successfully, it would be necessary to engage the following special staff :—

	Cost for six months.
	Rs.
(*i*) Assistant Engineer trained in England	3,450
(*ii*) One Overseer	900
(*iii*) Two blacksmiths	540
(*iv*) One carpenter	270
(*v*) Ten coolies	900
Total	6,060
500 slabs containing three tons, bitumen	900
Six tons coal	90
Equipment	950
GRAND TOTAL	8,000

Mr. Craven explained that the conditions in the Punjab as compared with those in other countries, of which he had had experience, were very special

owing to the extreme fineness of the Punjab alluvial soil. In his opinion further experiments were essential.

The Board agreed that the experiments should be continued and the Secretary was directed to arrange, if possible, for the necessary funds by re-appropriation from the budget of the current year.

The Chief Engineer, Irrigation Branch, undertook to provide the necessary Assistant Engineer. The administrative sanction to the prosecution of the experiments and to the employment of the staff and purchase of the equipment required by Mr. Scott was accorded. The Chairman expressed to Mr. Craven the thanks of the Board for his kind assistance which had been of much value.

HUDIARA NULLAH.

Agendum No. 1 (*a*).—A note from Rai Bahadur Lala Ganga Ram, received on 25th January 1922, was read. The Board were of opinion that the kind of irrigation suggested in the note was entirely opposed to the essential objects of the Hudiára scheme and that the two could not be combined.

Agendum No. 1 (*b*).—The Chief Engineer, Irrigation Branch, stated that he and his colleague were agreed that Mr. Bates' objection to the Julliana scheme was based on the rights of irrigators in the portion of the nullah between Kána Kacha and the Vahn Escape. They did not desire to press this objection and agreed that the scheme in the form of a surface drain with an escape at Julliána was the best. The Board recorded its opinion that the scheme for a surface drain with direct outfall to the river near Kana Kacha of the width originally designed is the most suitable. The estimated cost is Rs. 16,77,000, which will be subject to an addition of about half a lakh for the cost of deepening by 2 feet the bed of the nullah from the junction with the City outfall to the Julliána outfall. The Board accepted and endorsed the view of the Director of Public Health to the effect that the execution of this scheme is urgently necessary and resolved to commend the scheme to the very early consideration of the Punjab Government. The Board is further of opinion that measures for efficient maintenance are most necessary.* The rough estimate of the cost of annual maintenance does not exceed Rs. 50,000.

Agendum No. 1 (*c*).—The Board recorded its administrative approval to the project shown in Appendix A to Mr. Scott's note on Agendum No. 1 (*c*) (*i*), dated the 21st December 1921, and to the estimate of the expenditure shown therein subject to any modification necessary to ensure a continuous gradient from the Amritsar storm water outfall into the Hudiára Nullah.

Agendum No. 1 (*d*).—Noted that the carrying out of the project recommended would result in a probable average saving of about Rs. 1,000 a year on account of remissions of Land Revenue due to damage from floods.

Agendum No. 1 (*e*).—Mr. Ashton's explanation of the word "Sailaba" as used in his report was noted and accepted.

KIRN NULLAH.

Agendum No. 2.—Mr. Scott's note, dated 18th December 1921, was read. The Board decided to refer the project to the Director of Public Health for an expression of opinion as to the degree of priority to be assigned to this project in relation to other projects before the Board and

the cost involved and also as to whether in the event of action being recommended Mr. Scott's proposals meet the requirements of the case ; also that the Chief Engineer, Irrigation Works, be requested to report to the next meeting whether any claims for compensation due to Canal seepage from the Kirn Nullah are under consideration.

DRAINAGE OF DASUYA TAHSIL.

Agendum No. 3.—The reply received from the Deputy Commissioner, Hoshiarpur, was read. It was resolved that the amount of money indicated in Resolution under Agendum No. 2 of the meeting held on the 29th October 1921, be included in the supplementary budget for 1922-23 and the Finance Department be informed accordingly.

DRAINAGE OF GURGAON DISTRICT.

Agendum No. 4.—The Secretary reported that, in accordance with the resolution passed under Agendum No. 3 of the previous meeting, he had ascertained from the Deputy Commissioner of Gurgáon that the District Board were willing to contribute Rs. 3,000, and that he had authorized the Deputy Commissioner to engage staff and issue instructions for the carrying out of surveys in the neighbourhood of Palwal, subject to the maximum expenditure indicated in Mr. Scott's estimate. The Board confirmed the Secretary's action. It was noted that without further information the general question of improving the system of Bunds cannot be at present usefully considered by the Board.

SARUSTI NULLAH.

Agendum No. 6 (*a*).—Mr. Scott's note, dated the 21st December 1921 and its enclosures were read. It was resolved that the Drainage Engineer and the Sanitary Engineer should discuss the question and report to the next meeting. The Board recorded its general willingness to assist in the proposal made up to a limit of Rs. 1,000, if that amount could be provided by re-appropriation from the Budget.

Agendum No. 6 (*b*).—The Government letter was read and noted.

AIK NULLAH.

Agendum No. 7.—Mr. Scott's note, dated the 8th January 1922, was read. Mr. Sangster stated that Mr. Somers' scheme, estimated to cost Rs. 7,66,000, would require modification in order to allow for the increase of irrigation due to escape from the Jammu Canal. He was requested by the Board to report to the next meeting what modifications appear to be involved.

STOCK OF EQUIPMENT

Agendum No. 8.—Mr. Scott's note, dated 22nd December 1921, was read. The Board directed the Secretary to investigate the possibility of reappropriating up to Rs. 1,000 from the current budget and to include the balance in the supplementary budget for 1922-22.

RANIWAH DRAINAGE.

Agendum No. 9.—A letter from Malik Feroz Khan Nun, dated the 12th January 1922 was read. The Drainage Engineer reported that he had been unable to visit the Ràniwah tract up to the present. The consideration of the case was therefore postponed to the next meeting.

RESEARCH SCHOLAR.

Agendum No. 10.—Letter No. P. A. 1/675, dated 22nd December 1921, to the Accountant-General was read. The Board agreed that as desired by the Accountant-General the sanction of Government be ... of L. Amar Nath B...

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Mr. E. R. FOY, Chief Engineer (Construction), Sutlej Valley Irrigation Project.

Lieutenant-Colonel A. J. O'BRIEN, C.I.E., Political Agent, Bahawalpur Agency.

Mr. W. N. LESLIE, Agent, Southern Punjab Railway Company, Ferozepore.

Rai Bahadur RALA RAM, C.I.E., I.S.O., Chief Engineer, Patiala State.

Mr. W. MACLACHLAN, Agricultural Tramway Engineer, Punjab.

I.—*Railways to develop the area to be irrigated from the Sutlej Valley Project.*—At the outset Mr. Hadow briefly explained that the draft report of the Railway Sub-Sub-Committee now under consideration was framed by him and Mr. Bagley. It was circulated to members of the Sub-Sub-Committee who made various comments. A précis of the report and comments was then made (see Appendix I) and circulated. The Board was now asked to deal with the findings of the Sub-Sub-Committee direct. Mr. Hadow then proceeded to deal with the question of the replacement of the Sutlej Valley Railway. There were two notes of dissent on this point in the Sub-Sub-Committee's report; he was not sure whether these two gentlemen were aware of the previous discussion on the subject, and the fact that a new line if constructed would be permanently burdened with interest charges on the immovable property already existing on the old alignment: it appeared to him that the first point for the Board to take up now was whether it should support or override the view expressed by the dissentients. He admitted that if an entirely new project were under consideration it undoubtedly would be aligned at some distance north of the existing alignment; but with capital tied up in the present alignment he considered that there was no alternative to restoration. The Sutlej Valley line would be better than none, and if it were to be abandoned in favour of some other alignment years would pass before any railway at all could be provided.

Mr. Scott enquired whether the Sutlej Valley line when working had proved a paying proposition, and on being informed that broadly speaking it had not been, he asked why it was being restored. Mr. Hadow replied that it was expected to pay now as a result of Sutlej Valley Irrigation development.

Mr. Foy stated that the construction of this line was an urgent matter and necessary for the execution of the Sutlej Valley Irrigation project. It was, therefore, out of the question to wait for the additional traffic resulting from colonisation before proceeding with reconstruction.

Rai Bahadur Rala Ram on being invited by the President to give his views said that he had little to add to what he had already written on the report of the Sub-Sub-Committee. A new project would undoubtedly run more centrally through the tract of country now being developed, but he considered that in view of Mr. Hadow's statement of the financial difficulty, it was a case of old alignment, or no line at all; he would prefer the lesser evil, *i.e.*, the former. In his opinion, however, if the Sutlej Valley line is restored it is out of the question that any line intervening between it and the Raewind-Khanewal line can ever be a paying proposition. Mr. Hadow admitted that the prospects of such an intermediate line are poor, but he thought that by adopting a special cheap type of broad gauge line a paying line might be made. He was at present discussing this type of line with the Railway Board.

Some discussion took place as to the possibility of relaying the Sutlej Valley line with rails lighter than the original (75 lbs.), and Mr. Hadow stated that it might have been possible to consider this at an earlier stage but that matters have moved too far now.

The Board eventually decided in favour of the reconstruction on the old alignment.

II.—The next proposal of the Sub-Sub-Committee was the construction of a broad gauge chord from Raewind or Changa Manga through Chunian and Hajra to some point on the Sutlej Valley Railway near Haveli or Basirpur (about 60 miles).

The Board decided to postpone the consideration of this line till a need for it begins to make itself felt. There is little to be gained in this particular instance by timely action in the direction of land acquisition and so forth, as the area affected is already developed.

III.—The third proposal was for a central 2′ 6″ gauge line in the tract lying between the Raewind-Khanewal Section of the North-Western Railway and the Kasur-Lodhran (Sutlej Valley) Railway running probably from Hajra (on No. 2 above) to Kutabpur on the Khanewal-Lodhran Railway or in the alternative development of this area by a system of tramways acting as feeders to the two lines above referred to.

In introducing Item No. III Mr. Hadow stated that there was a considerable difference of opinion about the gauge. Mr Bagley favoured a 2′ 6″ line. He himself was in favour of a special cheap type of broad gauge line which would require no separate rolling stock and on which every sort of equipment would be reduced to a minimum. Such a line could, he thought, be constructed for about Rs. 75,000 per mile. There would be no break of gauge and he doubted whether Mr. Bagley's 2′ 6″ gauge line, including rolling stock, could be built for very much less.

The President considered that the question ought to be taken up in two parts—

(*a*) the necessity for a central line;

(*b*) the style on which this line is to be built.

Rai Bahadur Ganga Ram was of the opinion that an experimental line at a cost of Rs. 75,000 per mile was rather more than the Province could run to, on it being explained to him that the line is to be a light broad gauge line with a minimum of equipment, on which but a small loss will result in the event of its being abandoned

withdrew his objection, Mr. Hadow remarking that unless Government was prepared to take some risk in making experiments very little progress could be expected.

Mr. Foy stated that the exportable surplus from the area to be served by the central line was estimated at 250,000 tons per annum. Some discussion arose as to what proportion of this would be carried by this central line and what proportion by neighbouring lines; but the President asked the meeting to return to the consideration of the two questions into which he divided the matter. Rai Bahadur Ganga Ram stated that in his opinion a central line was undoubtedly necessary; the President considered that if this was the view of the Board and taking for the sake of argument Mr. Hadow's figure of Rs. 75,000 per mile as the cost of this line, Rai Bahadur Rala Ram would probably say that instead of constructing two lines and thus doubling working expenses, by adding Rs. 75,000 per mile to the cost of relaying the Sutlej Valley line on the original alignment an entirely new alignment could be selected and the need for a second line would disappear. Rai Bahadur Ganga Ram thought that the complications with the Southern Punjab Railway Company, which would result from such a proposal, would lead to great delay, and the President further remarked that any way from the point of view of the general public, two lines are better than one.

With regard to Mr. Scott's remarks that there was a third possibility before the Board, that is, construction of agricultural tramways in this area the Board ruled them out at any rate as regards backbone lines and resolved that a central light type broad gauge line should be constructed from a point somewhere between Montgomery and Pakpattan to Kutabpur provided that upon investigation prospects were sufficiently good.

Mr. Foy thought that it was urgent at least to align the railway if not to construct it in order that there might be some certainty to enhance bids for crown lands in this area. Canal water would be available, he thought, in four years' time and sales of land would have to be effected.

The President considered that the financial aspects of placing all available land in the market within the limited period of four years were open to objection and that the matter was not possibly a function of the Board.

The Board then recorded the following resolution drafted by Mr. Hadow:—

> "The Communications Board is of opinion that the construction of a broad gauge line midway between the Montgomery-Khanewal line and the Pakpattan-Lodhran line should be definitely contemplated as a requirement of the future and that an alignment for such a line should be marked out and land demarcated for the purpose at once. Meanwhile a tramway could be built on that land."

Mr. Scott entering a note of dissent stated that he was convinced that such a line could not possibly pay and, therefore, the area should be developed by tramways. Rai Bahadur Rala Ram remarked that the Southern Punjab Railway would probably look upon this as a competitive line and object accordingly.

IV.—The next recommendation was for a broad gauge cross line starting from Fazilka and running across the Sutlej over the canal weir northwestwards through Basirpur-Dipalpur-Okara to Gugera, and there connecting with the Lyallpur Colony through Tandlianwala and Samundri, and through Gojra with the new weirs at Haveli over the combined Jhelum and Chenab rivers. Southwards Fazilka would be connected with Abohar to give direct communication with Delhi from the Sind Sagar, the Haveli, the Lyallpur and Sutlej River Colonies.

In this connection Rai Bahadur Ganga Ram said he thought he had seen it laid down by some eminent authority that parent broad gauge lines should have generally the same orientation, cross lines being regarded as feeders and not on the parent gauge. The Board was not prepared to accept

this rather sweeping assertion, but with respect to the particular projects under consideration decided to record that these lines cannot be regarded at present as more than a strong probability for the future and that no particular action is now necessary with the exception of reminding the Irrigation Department that the weirs near Fazilka and Haveli should be designed with a view to carrying a broad gauge railway.

V.—Finally the Board considered the proposal to make a line from Abohar or Bahawalnagar or Macleodganj to Khanpur, the line to run 30 or 40 miles south of the Sutlej Valley Line.

Colonel O'Brien and Mr. Foy both stated that the Bikaner Durbar would not allow any broad gauge line to be constructed in their territory nor would they contemplate extending their own metre gauge system to make connection with the broad gauge system.

The Board considered this statement to be sufficiently definite to justify it in holding that the co-operation of the Bikaner Durbar on the proposed line (which will it appears have to be excluded from Bikaner territory) need not be invited but that the project is of no immediate importance and the consideration of it may be deferred.

The Board wished to record, however, that before the project comes before it again for consideration it should be considered by a small sub-committee representing the Communications Board, the North-Western and Southern Punjab Railways, and the Bahawalpur Durbar.

The Board adjourned *sine die*.

President, Communications Board, Punjab.

APPENDIX I.

Railway or tramway development of area affected by Sutlej Valley Irrigation Scheme.

Mr. Hadow, Mr. Ives, R. B. Rala Ram, Sayed Muhd. Hussain, Mr. Maclachlan and Mr. Bagley.

Précis of report of Sub-Sub-Committee.

It recommends :—

(1) That the Sutlej Valley line be remade on the original alignment.

Dissent. R. B. Rala Ram, Sayed Muhd. Hussain.

These gentlemen want a realignment.

(2) That the North-Western Railway be asked to investigate the prospects of a broad gauge chord from Raewind/Changa Manga through Chunian and Hajra to Sutlej Valley line near Haveli/Basirpur. It is doubtful whether such a line would justify itself on purely local traffic prospects, which it must, as at present, no help in dealing with through traffic is needed by the Raewind-Khanewal line.

Dissent. Members dissenting as to No. 1 naturally dissent as to this line to work in with it, but Sayed Muhammad Hussain definitely suggests this line (as I understand it) instead of the old Sutlej Valley Railway alignment from Kasur.

(3) That, if the investigations on No. 2 are promising the North-Western Railway be asked to investigate the prospects of a central 2′6″ gauge line from Hajra, on No. 2, to Kutabpur on the Khanewal-Lodhran line. Mr. Maclachlan adds a rider that an agricultural tramway system would probably pay in this area, and would provide such a line.

Dissent. Rai Bahadur Rala Ram whose view about No. 1 affects this also. Mr. Ives, Sayed Muhammad Hussain who would defer consideration till the completion of the Irrigation Branch Contour Survey.

(4) That a broad gauge line be made from Fazilka *via* Basirpur and Dipalpur to Okara.

Sayed Muhammad Hussain does not dissent but prefers Fazilka-Basirpur-Shergarh-Renala Khurd.

(5) That after the other investigations have been made the North-Western Railway be asked to investigate the traffic prospects of both a broad gauge and a 2′6″ line from Bahawalnagar to Khanpur.

Dissent. Rai Bahadur Rala Ram, Mr. Maclachlan who think a 2′6″ line cannot pay and would proceed at once to investigate agricultural ... which the area must at first ...

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat buildings, Calcutta.

14. **Addition of a filter bed to the Lyallpur water supply.**—Read endorsement No. CLXII-2-3, dated 17th Februrary 1922, by the Commissioner, Multan Division, forwarding an application from the Lyallpur Municipal Committee for a grant-in-aid of Rs. 7,635, being half of the total estimated cost for the above scheme.

Resolved that a grant in-aid of Rs. 7,635 be sanctioned.

15. **Flushing arrangements of the Drainage Scheme at Shujabad.**—Read letter No. C L.XI-9-2, dated 26th January 1922, and endorsement No. C. L. XI-9-3, dated 22nd February 1922, from the Commissioner, Multan Division, forwarding for revised administrative approval the plan and estimates amounting to Rs. 1,804 for the proposed well for the above scheme, together with an application for a grant-in aid of Rs. 902.

Resolved that a grant-in-aid of Rs. 902 be sanctioned.

16. **Improvement of the Kangra Valley Road Springs from Chakki to Baijnath.**—Read endorsement No 690, dated 3rd February 1922, by the Commissioner, Jullundur Division, forwarding a scheme relating to the above at an estimated cost of Rs. 4,940 with an application for a grant in-aid of Rs. 4,940.

The Board understands that this work was first mooted in 1903 by the Public Works Department and again in 1917. It is now being pressed by the District Health Officer on account of a serious outbreak of cholera in 1921. It is understood that this is a Public Works Department work, and the Board has no reason to believe that it will not be proceeded with urgently in view of the situation disclosed by the District Health Officer :

Resolved further that a copy of the resolution be sent to the Chief Engineer, Buildings and Roads Branch.

17. **Beef Slaughter House at Panipat.**—Read letter No. 842-L.F.-S.-71, dated 4th March 1922, from the Commissioner, Ambala Division, forwarding a scheme relating to the construction of the above at an estimated cost of Rs. 5,254 with an application for a grant-in-aid of Rs 2,627.

20. **Improvement of Storm Water Drainage, Amritsar.**—Read audit report of the accounts connected with the work of the above scheme,

Resolved that a copy of the report be sent to the Municipal Committee, Amritsar, with the request that they will take steps to prevent the recurrence of the irregularities noted.

21. **Pavement of streets and drainage of Sultanwind village in the Amritsar District.**—Read audit report of the accounts connected with the above work.

Resolved that a copy of the audit report be forwarded to the District Board, Amritsar, for information.

22. **Irrigation of gardens and flushing of drains at Fazilka.**—Read a motion of the Secretary, Sanitary Board, Punjab, for amending Sanitary Board's resolution No. 26, dated 29th April 1921, with regard to the above.

Resolved that the resolution be amended to read as follows :—

"Resolved that the scheme does not strictly fall within the powers of the Board. In view of the size of the gardens, it should pay the Municipal Committee to do the work itself. Administrative approval should be sought from the proper authority."

23. **Drainage Scheme of the Railway Road, Gujrat.**—Read endorsement No. 211-Misc., dated 21st February 1922, by the Commissioner, Rawalpindi Division, forwarding a copy of a letter from the Secretary, Municipal Committee, Gujrat, intimating that the Municipal Committee is not in a position to refund the grant-in-aid of Rs. 4,567 given for the above scheme.

Resolved that the Municipal Committee, Gujrat, be informed that they must recoup from their general funds so as to have this amount in hand. They will not be required to refund the grant, but must hold it at credit of the Sanitary Board until instructions are given as to its disposal.

24. **Chemist to the Sanitary Board, Punjab.**—Read application of Lala Brij Lal, Khullar, Chemist to the Board, requesting that he may at least be served with a month's notice before his services are dispensed with, and that the period of the notice short of one month my be extended.

Resolved that the period of his service be extended by 10 days to comply with the agreement that he be given a month's notice, and that Government be asked to sanction the continuance of the post for a further period of 10 days from the 17th February 1922.

The Board considered a representation of the Director of Public Health, Punjab, with regard to re-employing the chemist for the purpose of determining analytical data on which standards could be fixed as required by the Punjab Prevention of Adulteration Act, in addition to the Water Analysis on which he was engaged during 1921. The Board resolved that the matter be brought up again for consideration at the next meeting, and that in the meantime it should be ascertained if analytical standards are necessary in order to institute successful prosecutions under the Act.

25. **Amritsar Storm Water Channel.**—Read endorsement No. 218, dated 7th February 1922, by the Commissioner, Lahore Division, forwarding a copy of Resolution No 879, dated 9th January 1922, passed by the Municipal Committee, Amritsar, regarding the above scheme.

Recorded.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, Sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. Government scholarships will be tenable at the College.

NOTE.—All fees must be paid before the 15th of the month for which they are due. The Principal has power to remit half the fees in the case of a limited number of poor students.

General Rules. *Admission.*—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence. Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness. If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations. House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery. Students will provide their own books and note-books.

THE BOARDING HOUSE.

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees. From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice before leaving, otherwise the fee for the ensuing term becomes due.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, Sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. Government scholarships will be tenable at the College.

Fees.

University Fee	3	0	0	per annum.

NOTE.—All fees must be paid before the 15th of the month for which they are due. The Principal has power to remit half the fees in the case of a limited number of poor students.

General Rules. *Admission.*—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence. Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness. If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations. House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery. Students will provide their own books and note-books.

THE BOARDING HOUSE.

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees. From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice before leaving, otherwise the fee for the ensuing term becomes due.

Rai Bahadur L. MILKHI RAM, C.I.E.	
Chaudhri BANS GOPAL, B.A., LL.B., M.L.C., Pleader, Karnal.	
Sardar SANGAT SINGH, M.L.C., Kasur.	
Lieutenant-Colonel W. H. C. FORSTER, D.P.H., I.M.S., Director of Public Health and Secretary Sanitary Board, Punjab.	

Proceedings of the last meeting, held on 23rd March 1922, were read and confirmed.

1. Read telegram, dated 28th March 1922, from the Secretary, Municipal Committee, Multan, intimating that the grant-in-aid of rupees fifty thousand for Water Works has been credited to the municipal funds on 23rd March 1922.

Recorded.

2. Read letter No. 10337-Sanitary, dated 29th March 1922, from the Secretary to Government Punjab, Transferred Departments, intimating that the Finance Committee of the Punjab Legislative Council have sanctioned the re-transfer of rupees twenty-four thousand sanctioned for the Rewari Water Works from the head "(41)—Civil Works—in Charge of Public Works Officers" to the head "33—Public Health—Sanitation grants for Sanitation purposes."

Recorded.

3. Read telegram, dated 31st March 1922, from the President, Municipal Committee, Rewari, intimating that the grant-in-aid of rupees twenty-four thousand for the Rewari Water Works has been drawn.

Recorded.

4. Read endorsement No. 7650-Financial, dated 14th March 1922, by the Under-Secretary to Government, Punjab, forwarding a copy of Finance Department Office Order No. 4, dated 4th April 1921, regarding schemes requiring the administrative approval of the Local Government.

Recorded.

5. Read telegram, dated 31st March 1922, from the Secretary, Municipal Committee, Ambala, intimating that Rs 4,990 on account of grant-in-aid for metalling and paving Kaisth Majri Street of the Ambala town have been drawn and credited to the Municipal Funds on 31st March 1922.

Recorded.

6. Read telegram, dated 29th March 1922 by the S[illegible] Committee, Lyallpur [illegible]

addition of a filter bed to the Lyallpur Water Supply Scheme was drawn and credited to the Municipal funds on 28th March 1922.

Recorded.

7. Read letter No. 644, dated 29th March 1922, from the Secretary, Municipal Committee, Jullundur, intimating that the grant-in-aid of rupees fifty thousand has been credited to the Municipal funds by book transfer on the 29th March 1922.

Recorded.

8. **Ambala Water Supply Scheme.**—Read letter No. 405, dated 10th March 1922, from the Sanitary Engineer to Government, Punjab, intimating that a sum of Rs. 956-6-7 has been given back to the Ambala Municipal Committee by the Executive Engineer, Ambala Provincial Division, as an unspent balance of the grant-in-aid of Rs 8,572, sanctioned for the Experimental Tube Well at the bank of Tangri, and Secretary, Sanitary Board's endorsement No. 242-S.B., dated 31st March 1922, on the subject.

Action confirmed.

9. **Improvement of Singhpur Village, Gurdaspur District.**—Read endorsements Nos. 1606 and 417, dated 18th October 1921 and 14th March 1922, respectively, by the Commissioner, Lahore Division, forwarding scheme relating to the above at an estimated cost of Rs 1,402 with an application for a grant-in-aid of Rs. 700.

Resolved that the District Officer be asked to explain the position to the villagers, and that a grant-in-aid be given conditional on maintenance being undertaken by the village.

10. **Metalling of Roads and Drainage of Gujar Khan**—Read endorsement No. 372-Misc., dated 23rd March 1922, by the Commissioner, Rawalpindi Division, forwarding for administrative approval the above scheme, estimated to cost Rs. 17,382, with an application for a grant-in-aid of Rs. 4,000.

The Board noted that the scheme included metalling of roads, an item which the Board does not finance. From the figures before the Board it would appear that a sum of Rs. 6,342 out of a total estimate of Rs. 17,382 is for metalling of roads. Deducting this item the estimate comes to Rs. 11,000 (round). The Board is prepared to assist the scheme as thus reduced with a grant-in-aid of one half the cost, if the Committee is prepared to continue with the scheme on that basis.

11. **Sangla Drainage Scheme.**—Read endorsement Nos. 363 and 505, dated 8th and 27th March 1922, respectively, by the Commissioner, Lahore Division, regarding failure on the part of the Notified Area Committee, Sangla, to utilise the grant-in-aid of Rs. 14,112 sanctioned for the above scheme.

Resolved that the Committee be addressed, pointing out their omissions, and be given the opportunity to state distinctly whether they intend to proceed with the scheme. The grant-in-aid of Rs. 14,112 to be kept at the credit of the Sanitary Board until instructions are given as to its disposal

12. **Karnal Drainage Scheme.**—Read telegram, dated 14th February 1922, from the Secretary, Municipal Committee, Karnal, and endorsement No. 935 L. F. D-47, dated 11th March 1922, by the Commissioner, Ambala Division, forwarding copy of correspondence in connection with the grant-in-aid of Rs. 44,104 for the above scheme.

Resolved—

(1) that the question of administrative approval will be considered when the scheme has been received;

(2) that the request to defer recovery of the grant-in-aid of Rs. 44,104 be acceded to;

(3) that on the recommendation of the Deputy Commissioner the question of an additional grant will be considered when the revised estimate is available.

13. **Rohtak Drainage Scheme.**—Read letter No. 1163, dated 2-th March 1922, from the Commissioner, Ambala Division, stating that the Rohtak Municipal Committee have decided to refund a sum of rupees thirty-four thousand out of rupees one lakh and thirty-four thousand received by them as grant-in-aid for the drainage scheme, and Secretary, Sanitary Board's letter No. 248-S. B., dated 7th April 1922, on the subject.

Recorded.

The action of the Secretary in intimating that the sum which it proposed to refund shall be held at the credit of the Board was approved.

14. **Re-employment of Chemist.**—Read Sanitary Board Resolution No. 24, dated 23rd March 1922, regarding the above.

Read the opinion given by the Legal Remembrancer on the point raised at the last meeting. After some discussion, and the opinion of the non-official members being in favour of such action, it was decided that it would be worth while taking the steps proposed by the Director of Public Health for the purpose of ascertaining analytical data on which standards required by the prevention of Adulteration Act could be fixed. It was agreed that the chemist recently employed by the Board should be re-employed for one year at the same rate of pay as previously (Rs. 275 per mensem), and that he be allowed a staff of two laboratory assistants on the rates of pay previously given. It was understood that in addition to work for the purpose of determining the analytical standards of articles of food the Director of Public Health would employ the chemist on water analysis and other work when necessary. Further, resolved that the sanction of Government to this temporary appointment be applied for.

15. **Continued Appointment of the Auditor, Sanitary Board, Punjab**—Read request of the Secretary, Sanitary Board, Punjab, for the above, for a further period of one year with effect from 23rd May 1922.

Resolved that the Auditor be employed for a further period of one year with effect from 23rd May 1922, and that application be made to Government accordingly.

16. Read Punjab Government unofficial No. 919-F.B., dated 4th April 1922, and this office unofficial No. 259-S.B., dated 11th April 1922, regarding the re-allotment of a sum of Rs. 23,000 which lapsed to Government in connection with the sinking of a trial well at Sarangpur, Ambala District.

Recorded.

17. **Additional Staff for the Sanitary Engineer.**—Read letter No. 616, dated 10th April 1922, from the Sanitary Engineer to Government, Punjab, regarding the above.

The Board regrets to note that the Sanitary Engineer has not the requisite staff for assisting Local Bodies in the execution of sanitary projects. The Board considers that its grants-in-aid will not be economically expended on account of the shortage of staff and notes that if the staff be sanctioned the charges levied in connection with such works will more than recoup the cost of the establishment.

18. **Lahore Conservancy Scheme.**—Read endorsement No. 571, dated 4th April 1922, by the Commissioner, Lahore Division, forwarding a copy of resolution No. 519 passed by the Lahore Municipal Committee on the 4th March 1922 in which it was resolved that as soon as the buildings are completed every attempt shall be made to introduce the above.

Read the unofficial reply of the Secretary, Lahore Municipal Committee to the query of the Secretary, Sanitary Board. Rai Bahadur Milkhi Ram undertook to bring the matter especially to the notice of the Lahore Municipal Committee and in view of this assurance the Board resolved to defer further action until its next meeting.

19. **Dhobi Ghat Scheme.**—Read Sanitary Board Resolution No. 16, dated 9th February 1922, regarding the above scheme.

Read the unofficial reply of the Secretary, Lahore Municipal Committee, to the Secretary, Sanitary Board.

Resolved that if the site referred to is not the site originally approved by the Board, it must be referred to the Director of Public Health, for approval.

20. **Lahore Sewerage Scheme**.—Read Sanitary Board Resolution No. 17, dated 9th February 1922, regarding the above scheme.

Read unofficial reply of the Secretary, Lahore Municipal Committee, to the Secretary, Sanitary Board, enclosing resolution of the Lahore Municipal Committee on the question of the Sewerage Scheme.

Resolved that the reply be recorded.

21. **Filling of Depressions round Palwal**.—Read memorandum from the Secretary asking for a grant-in-aid of Rs. 24,869 for the filling up of depressions round Palwal. The Secretary stated that the project had only been received that morning and had not yet been examined by the Technical Officers. But as it was urgently necessary that the work should be commenced almost immediately to protect the town against the coming monsoon, he asked the Board to authorise the President to give administrative approval and the grant-in-aid asked for in event of the scheme being approved by the Technical Officers.

The Board resolved that the President be asked to dispose of the scheme as suggested by the Secretary and to give a grant-in-aid if he approved of it.

NOTIFICATION

The 6th May 1922.

No. 133-3.—The one month's privilege leave granted to M. Muhammad Yusaf, Income-Tax Officer, from 13th April 1922 (forenoon), under notification No. 133-1, dated 1st May 1922, is hereby extended up to 31st May 1922.

M. L. DARLING,

Income-Tax Commissioner, Punjab and

THE GOVERNMENT DIPLOMA IN ACCOUNTANCY OF THE SYDENHAM COLLEGE OF COMMERCE AND ECONOMICS, BOMBAY.

Regulations sanctioned by the Government of India, in their No. 247 of 6th March 1919, and notified by the Government of Bombay in their No. 4751 of 17th October 1919. The holder of this Diploma has been declared by the Government of India to be eligible for the *award of a permanent Unrestricted Auditor's certificate* under the Indian Companies Act, 1913.

REGULATIONS.

1. The diploma in accountancy of the Sydenham College of Commerce and Economics, Bombay, will be awarded by the Government of Bombay, on the recommendation of the Accountancy Diploma Board, to a candidate who has proved to the satisfaction of that Board—

First.—That he has passed (1) the examination of the Accountancy Diploma Board in accordance with the regulations laid down in paragraphs 2 to 11, or (2) the examination prescribed for the Degree of Bachelor of Commerce of the University of Bombay with advanced accounting and auditing as his special subject.

Secondly.—That he has received adequate practical training in accounts as prescribed in regulations 12 and 13 ; and

Thirdly.—That he bears a good moral character, and has attained the age of 23.

Holders of this Diploma will be styled " Government Diplomates in Accountancy " (G. D. A.)

I.—Examination for the Diploma in Accountancy.

2. The examination for the diploma in accountancy will be held in Bombay and in such other centres in the different provinces of India as may be selected in consultation with the Local Government, commencing on the second Monday in April every year or such other day in April as may be notified in January of that year.

3. Applications for admission to this examination must reach the Secretary to the Accountancy Diploma Board, Bombay, before the 31st January immediately preceding the date of the examination with a fee of Rs. 50 per candidate.

4. A candidate for admission to this examination must have passed the Matriculation Examination of an Indian University or the School Final Examination conducted by a Local Government or any other examination which, in the opinion of the Accountancy Diploma Board, is equivalent to these, and, subject to regulations 5 and 6, must produce a certificate in the prescribed form from the head of an institution recognised by the Accountancy Diploma Board that he has, subsequent to passing such an examination, studied for a period of two academic years at such an institution and is fit to present himself for the examination, provided that no such certificate shall be required from a graduate of one of the Universities of India or of the United Kingdom.

5. A candidate who has received an adequate practical training in accounts, as defined in regulation No. 12, for a period of not less than two years shall be eligible to appear for the Diploma examination of this Board up to the year 1922, without being required to produce a certificate of attendance at a recognised institution.

6. Every holder of an auditor's certificate granted by a Local Government under the Indian Companies' Act, 1913, shall be eligible for admission to the examination for the Diploma in Accountancy, even though he may not satisfy the conditions laid down in regulation No. 4.

7. Candidates for this examination will be examined in the following subjects :—

A. Accountancy and Auditing :—

(1) The principles and practice of book-keeping and accounts including a knowledge of the systems of accounts in use in different classes of business.

(2) Auditing.

B. Mercantile Law :—

(*i*) The Indian Law relating to Joint Stock Companies, Life Assurance Companies and Provident Insurance Societies.

(*ii*) The Indian Law relating to Contracts, Negotiable Instruments, Insolvency and Arbitration.

(*iii*) Charter Parties, Bills of Lading, Fire and Marine Insurance.

(*iv*) The main provisions of the Indian Stamp and Limitation Acts relating to the above.

8. (a) Three papers of three hours each will be set in accountancy and auditing as detailed below :—

1st paper—General Accounts.

2nd paper—Special Accounts.

3rd paper—Auditing.

(b) Three papers of three hours each will be set in mercantile law as detailed below :—

1st paper—The Law of Contracts and Arbitration.

2nd paper—Company and Insolvency Law.

3rd paper—Negotiable Instruments, Bills of Lading and Insurance.

9. To pass the examination, a candidate must satisfy the Board that he possesses an adequate knowledge of each of the two subjects referred to in Regulation No. 7.

10. Failure to satisfy the Board will not disqualify the candidate from presenting himself at a subsequent examination on a new application being forwarded and a fresh fee paid.

11. As soon as practicable after the conclusion of the examination a list of successful candidates will be published arranged in alphabetical order, such of them as have passed with distinction being placed in the first class.

II.—Practical Training in Accounts.

12. A candidate for the diploma in accountancy shall, subject to regulation 13, be required to prove to the satisfaction of the Accountancy Diploma Board that he has, for the period specified below, served as an apprentice or as an assistant to (1) a Chartered Accountant, (2) an Incorporated Accountant, or (3) the holder of a permanent auditor's certificate under the Indian Companies Act, 1913, approved by the Local Government of the Province where he is practising.

(a) Five years, in the case of candidates exempted under regulation No. 5 from the production of a certificate of attendance at a recognised institution, inclusive of the practical training in accounts received by them prior to their appearing for the diploma examination of this Board.

(b) Three years, in the case of students of a recognized institution (other than University graduates) over and above the two years that they have attended a recognised institution under regulation No. 4.

(c) Three years, in the case of graduates of one of the Universities of the United Kingdom or of India.

13. The holder of an auditor's certificate granted by a Local Government under the Indian Companies Act, 1913, shall, on passing the Diploma Examination of this Board under Regulation 6, become eligible for the diploma in accountancy without any further proof of practical training in accounts.

14. The Accountancy Diploma Board shall have power to frame bye-laws providing for the recognition of accountants, the admission and registration of apprentices under Regulation No. 12, and the recognition of institutions under Regulation No. 4.

INSTRUCTIONS TO CANDIDATES FOR THE GOVERNMENT DIPLOMA IN ACCOUNTANCY OF THE SYDENHAM COLLEGE OF COMMERCE AND ECONOMICS, BOMBAY.

Regulation No. 4.—

(*A*) *Examinations equivalent to Matriculation.*—Examinations recognized by an Indian University as equivalent to the Matriculation or Entrance examination of that University will be recognized as such by the Accountancy Diploma Board under this Regulation. If the candidate has studied for one or more terms in a College affiliated to an Indian University, a certificate to that effect signed by the Principal of that College will be accepted as proof of the candidate's eligibility for the Diploma course. The previous orders of the Board must be secured by the candidate in other cases.

(*B*) *Attendance certificate.*—The attendance ought to be in an Institution ***specially*** recognized by the Accountancy Diploma Board for purposes of this Diploma. This candidate is required to have attended three-fourths of the number of days on which lectures were delivered in each of the two academic years. Should his attendance in either of the two years have fallen short of three-fourths, that particular year will not be counted as a portion of the two years' attendance prescribed by this Regulation. If he has attended the prescribed number of lectures in each of two academic years, but has not been certified as fit to present himself for the examination, he will not be required to attend lectures for a third year, but will merely be required to satisfy the Principal about his fitness to appear for the examination, and to submit his application through the Principal. He may undergo practical training in accounts during such third year, and such training will be counted as a portion of the three years' training prescribed by Regulation 12 (*b*).

(*C*) The fee of Rs. 50 must reach the Secretary to the Accountancy Diploma Board, 65, Apollo Street, Fort, Bombay, on or before 31st January. ***Fees paid in will on no account be refunded.***

Regulation No. 5.—

Under this regulation, an under-graduate may, in lieu of attending lectures for two years as prescribed by Regulation No. 4, receive practical training in accounts for two years. He must apply to the Board for the recognition of such practical training and secure the orders of the Board before applying for the examination; the number and date of such order must be quoted in the candidate's application for the examination.

Regulations 6 and 13.—

When the holder of a *temporary* auditor's certificate applies for the examination under Regulation 6 or for the Diploma under Regulation 13, the period for which the auditor's certificate was granted must not have expired. An application from such a candidate submitted after the expiry of the period for which the certificate was granted will not be accepted by the Board.

Regulation 12.—

Practical training.—Every candidate entering on the course of practical training prescribed by this Regulation must submit to the Accountancy Diploma Board an application for the recognition of such practical training in the prescribed form, copies of which can be had at the office of the Board, Apollo Street, Bombay; such applications must be submitted within sixty days of the commencement of the practical training.

The practical training must be under a Chartered or an Incorporated Accountant or a certified auditor, working as a Public Accountant. It is immaterial whether the candidate has paid a premium for such training or is in receipt of a salary. It is essential that he should be a full-time apprentice and should not be engaged in any other work during the usual office hours.

Chartered and Incorporated Accountants may take and train apprentices without the previous permission of the Government. The holder of a *permanent* (whether restricted or unrestricted) auditor's certificate granted by a Local Government, may take and train apprentices, provided he is specially empowered in that behalf by the Local Government of the Province where he is practising. The mere fact that he holds a permanent auditor's certificate will not empower him to take apprentices.

The apprenticeship may be served partly under one and partly under another practising accountant, provided it is in each case reported to and recognised by the Accountancy Diploma Board.

Regulation No. 12 (b).—

The practical training in accounts prescribed by this regulation may be (1) partly before and partly after, or (2) wholly before, or (3) wholly after the candidate passes the Diploma examination of this Board. The course prescribed for an under-graduate covers five years, *viz.*, two years as a student of a recognized Institution, *plus* three years' apprenticeship. The practical training in accounts, if any, received by an under-graduate during his

two years' attendance at a recognized Institution will, therefore, not be reckoned as a portion of the three years' apprenticeship prescribed by this regulation.

Regulation 12 (c).—

At least two out of the three years' apprenticeship prescribed for graduates must be served after they become graduates.

Number of Apprentices.—No practising Accountant will be authorised to take and train *more than two apprentices at a time.* But a Chartered or an Incorporated Accountant in public practice, may, in special cases, be permitted by the Accountancy Diploma Board to take and train NOT more than *four apprentices* at a time.

Auditor's Certificate.—No permanent unrestricted Auditor's certificate will be granted by any Local Government or Administration to a person who does not hold the Government Diploma in Accountancy of the Sydenham College of Commerce and Economics, Bombay. Holders of the Diploma have to apply for a permanent unrestricted Auditor's certificate to the Local Government of the Province where they intend to set up practice.

By order of the Accountancy Diploma Board,
K. S. AIYAR, B.A., L.T., F.S.A.A.,
Secretary.

ACCOUNTANCY DIPLOMA BOARD.

65, APOLLO STREET, BOMBAY.

The undermentioned candidates have passed the Government Diploma Examination in Accountancy held by the Board in April 1922. These will become eligible for the Government Diploma in Accountancy, on the basis of which permanent unrestricted Auditor's certificates are granted, on their satisfying the Board that they have received the prescribed practical training under recognized practising Accountants :—

Electricity.

The 22nd May 1922.

MULTAN ELECTRIC SUPPLY.

No. 6.—In accordance with rule 13 (4) of the Indian Electricity Rules 1911, the following is notified for general information:—

Anybody or person having any objection or representations to make in connection with the draft application below should address the Director of Industries, Punjab, in writing before 12th August 1922.

Draft Application.

Application having been made to the Local Government by the Multán Electric Supply Co., Limited, Multán, under the Electricity Act of 1910 for a License to supply electrical energy ordinarily and by bulk in the Municipal, Cantonment areas of Multán and two small portions of the District Board Multán, publication of the fact is now made in accordance with rule 13 of the Indian Electricity Rules of 1911. The Draft License submitted to the Local Government is reproduced below.

Copies of the Draft License may be obtained from the following offices:—

(a) Office of the company situated on the road from Hussain Agahi to Daulat Gate near old Post Office, Multán City.

(b) Municipal Committee Multán.

(c) Cantonment Committee, Multán.

(d) District Board, Multán.

(e) Executive Engineer, North-Western Railway, Multán.

A copy of the map of the area of supply referred to in the License may be inspected at any of the above offices, where a copy of that map has been deposited.

Any local authority, company or person desirous of making any representation with reference to this application to the Local Government may do so by letter addressed to the Director of Industries, Punjab, Lahore, within three months of the date of issue of the "Civil and Military Gazette," Lahore, containing the first advertisement.

DRAFT LICENSE.

Multan Electric License, 1922.

Application of the Multán Electric Supply Co., Limited, for a license under the Indian Electricity Act of 1910 to supply electric energy within the whole of the area as shown on the map, dated 1st May, 1922, which forms part of this application and which is described in Clause 3 below.

Short Title.

1. This License may be cited as the Multán Electric License, 1922.

Security.

2. Under Clause I (b) of the schedule to the Act the Licensee shall deposit or secure a sum of Rs. 15,000 (Rupees fifteen thousand only) within six months of the granting of the License, unless otherwise ordered by the Local Government.

Area of Supply.

3. The area within which the supply of energy is authorised by this License shall comprise the whole area within the Municipal and Cantonment limits of Multan as bounded by a blue line on the accompanying map, dated 1st May 1922, also small areas, administered by the District Board, Multán, of an adjoining area to the north-west to include the District Jail and an adjoining area to the south bounded by a line parallel with an approximately half a mile south of the Municipal boundary; both as shown by red lines on the above referred to map, dated 1st May 1922.

Situation of Generating Station.

4. The Licensee shall erect the generating station within the area covered by the License on a site which has been previously approved of in writing by the Military and Civil authorities.

Nature of Supply.

5. The Licensee shall generate and distribute alternating current at 50 periods as described in detail below:—

(a) *Generation*—

3-phase, 3000/3300 volts.

(b) *Distribution*—

(a) Up to 5 kilowatts, at 230 volts, single-phase.

(b) Above 5 and up to 10 K. W. at 230 volts, two-phase.

(c) Above 10 and up to 30 K. W. at 230 or/ and 400 volts, three-phase.

(d) For demands exceeding 30 K. W. the Licensee shall have the option of supplying 3-phase energy either at 400 or 300 volts.

(e) The Licensee shall have the option of supplying energy at 55 volts single-phase or 95 volts, 3-phase, in certain congested areas in bazars and the city.

Design and Approval of Works.

6. The design of the power station, sub-stations and distributing network must be submitted to the Local Government for approval within six months of the grant of the license and a commencement of work must be made within three months of the date of communication of approval of the Local Government required under this clause. Progress of the work at three months' intervals, until completed, must be made to the satisfaction of the Local Government.

Compulsory Works and Supply.

7. The works to be executed to the satisfaction of Government, under clause 4 of the Schedule to the Act are all such works within the licensed area of supply as Government shall specify.

Limits of prices to be charged in respect to the supply of energy and meter rent.

8. The prices to be charged by the Licensee for energy supplied and meter rent shall not exceed the following maxima, namely:—

Domestic Supply to the Public.

(a) Up to and including 25 units per mensem—8 annas per unit.

(b) For all units thereafter up to and including 50 units per mensem—7¾ annas per unit.

(c) For all units thereafter up to and including 75 per mensem—7½ annas per unit.

(d) For all units thereafter up to and including 100 units per mensem—7¼ annas per unit.

(e) For all units above 100 per mensem—7 annas per unit.

Motive Power during restricted hours.

(a) For a load factor up to 7½ per cent—4 annas per unit.

(b) For a load factor thereafter over 7½ per cent. and up to 15 per cent—3½ annas per unit.

(c) For a load factor thereafter over 15 per cent. and up to 20 per cent—3 annas per unit.

Motive Power during unrestricted hours.

(*a*) For a load factor up to 25 per cent—5½ annas per unit.

(*b*) For a load factor thereafter over 25 per cent. and up to 33⅓ per cent—5¼ annas per unit.

(*c*) For a load factor thereafter over 33⅓—5 annas per unit.

Street Lightings—4 annas per unit.

Domestic Supply to Military Buildings.

(Under a minimum annual guarantee consumption)—4 annas per unit.

Restricted hours power supply to Military Buildings—4 annas per unit.

N.B.—For the purpose of this clause the term "Military Buildings" shall be held to mean—

(*a*) Any buildings owned or hired by Government and used for Military purposes, provided such buildings are situated within the cantonment area

and

(*b*) Any building occupied by a military officer, non-commissioned officer, military subordinate, or the family thereof, provided such building is situated within the cantonment area; for which the bills for electric energy are paid by the Military Authorities.

Meter Rent.

(*a*) Single-phase, 230 volts meters, Re. 1 each per mensem.

9. The Licensee shall have power to open and break up the soil of all streets not repairable by Government or the Local Authorities situated within the area of supply and shall have power to cross all waterways and to open and break up the soil of any level-crossings only of any railway within the area of supply.

Purchase of Undertaking.

10. The option of purchase given by section 7 sub-section (2) (*b*) of the Act shall first be exercisable on the expiration of fifty years from the date of notification of the grant of this License and on the expiration of every subsequent period of twenty years. The percentage of the value to be determined in accordance with and for the purpose of section 7 (1) of the Act, of the lands, buildings, works, materials and plant of the Licensee therein mentioned to be added under the second proviso of that sub-section to such value, on account of compulsory purchase, shall be 20 per cent.

In accordance with the provisions of section 3, sub-section (2), clause (*d*) (*ii*) of the Act it is hereby declared that the Generating Station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7.

Bulk Supply.

11. The Licensee shall have power to supply energy in bulk on special terms, subject, in each case, to the approval of the Local Government.

12. The Local Government shall have power to revoke this License at any time in the event of non-compliance with any of the terms and conditions of the same by the Licensee.

E. A. SCOTT,

Director of Industries, Punjab.

Minutes of the Proceedings of the meeting of the Punjab Drainage Board held on the 5th of May, 1922.

PRESENT:

H. A. CASSON, Esq., C.S.I., I.C.S., Financial Commissioner, —(*Chairman*).

A. S. MONTGOMERY, Esq., Chief Engineer, Buildings and Roads, Punjab.

W. P. SANGSTER, Esq., C.I.E., M.I.C.E., Chief Engineer, Irrigation Branch.

A. R. MURRAY, Esq., Chief Engineer, Irrigation.

Lieut.-Col. W. H. C. FORSTER, M.B., D.P.H., I.M.S., Director of Public Health.

A. R. ASTBURY, Esq., A.M.I.C.E., Sanitary Engineer to Government, Punjab.

C. A. H. TOWNSEND, Esq., I.C.S., Director of Agriculture, Punjab.

D. MILNE, Esq., Principal, Agricultural College, Lyallpur.

Major A. MURPHY, O.B.E., Superintending Engineer, Punjab, Drainage Circle.

M. S. LEIGH, Esq., O.B.E., I.C.S., Senior Secretary to the Financial Commissioners, Punjab,—(*Secretary*).

Mr. King wrote to announce his inability to attend. The Secretary announced that Rai Bahadur Lala Ganga Ram had departed for England.

Agendum No. 1. (*a*)— *Hudiára Nallah.*—Mr. Burkitt's note, dated the 21st November 1922, was noted. As the Hudiára escape has now been adopted by the Board the question raised has no practical importance.

(*b*) Revenue Secretary's letter No. 8180-Rev., dated the 17th March 1922, was read. The Drainage Engineer was instructed to calculate the amount required for entry in the schedule of new expenditure for 1923-24 on the assumption that the work should be completed in two years and the Secretary was instructed to take necessary action on receipt of that report.

2. (*a*) (*b*) *Irrigation in Guhla Sub-Tahsil in Karnál District.*—The Commissioner's endorsement No. 445, dated the 3rd February 1922, and Major Murphy's note, dated the 13th April 1922, were read. The Board resolved that any action in this connection would be outside its proper functions, as the objects aimed at are essentially irrigational. The Secretary was instructed to send a copy of Major Murphy's note to the Commissioner and Deputy Commissioner for information.

3. (*a*) *Drainage in the Gurgáon District.*—With regard to the Budget Head, under which the Gurgáon District bunds are at present included, the Secretary explained the present position and the Board resolved that no alteration was necessary.

(*b*) Revenue Secretary's letter No. 5943—Revenue-Irrigation, dated the 22nd February 1922, was read and noted. Major Murphy reported progress and promised a written report by an early date.

4. *Ránìwah Drainage.*—Mr. Scott's note, dated the 2nd March 1922, was read. It was resolved that the Commissioner, Ráwalpindi, be requested to explain to the private canal owners of Shahpur District the details of the Ràniwah Drainage Scheme and to inform them that in the opinion of the Board the Scheme is desirable owing to the existing danger of damage to communications and crops and to the recent periodic outbreaks of malaria, but that in point of urgency the Board considers this project less pressing than other schemes which it is considering, and that therefore the Board proposes to embark on these other sche

indications of an effective demand for the Rániwah Project from the residents of the tract and unless the Board is assured that there will be no serious local opposition to the details of the Project. With regard to the question raised by Malik Feroz Khan, Nun, of flooding in a small area near Nabi Shah Wála, the Secretary was instructed to inform the Malik Sahib that it will be impossible to drain the small basin effected independently of the main scheme, as there would be no effective outfall. With regard to the Khuda Bakhsh Minor, the Board was of opinion that the Minor should not be completed until the Rániwah Drainage is effectively opened.

5. (*a*) *Sarusti Nallah.*—Letter No. 5193-L. G., dated the 16th February 1922, from Secretary, Transferred Departments, was read.

(*b*) Major Murphy stated that he had not written a Progress Report for the reason that there had been very little progress up to date. He verbally reported that a few hundred feet of the Nallah had been dug, and explained that the delay was due to the non-provision of funds and also by a serious increase in the rates of earthwork as compared with those shown in the estimate. He conjectured that the total cost would now approximate to Rs. 7 lakhs and undertook to submit a detailed report on the subject shortly. Meanwhile he recommended that the District Engineer should be authorised to carry on excavation in a particular section known as the tail cut into the Para Nallah. He stated that he had verbally advised the District Engineer to this effect, and this action was approved by the Board. The Secretary, however, was instructed to address Government and to explain the situation pointing out that, though the project as a whole was bound to cost considerably more than the sanctioned estimate, the Board in anticipation of Government's sanction are arranging to proceed with the work by compartments, strictly on the understanding that Government is in no way committed by the completion of work in one compartment or more to sanction the carrying out of work in any compartment which cannot be provided for out of the already sanctioned estimate. Major Murphy assured the Board that it was perfectly feasible to divide the work up into compartments, each of which would be intrinsically beneficial, apart from work done or left undone in the remaining compartments.

(*c*) Major Murphy's note, dated the 14th April 1922, was read.

The Secretary stated that the necessary sum of Rs. 1,000 was being included in the demand for supplementary grants, but that it was not likely to be sanctioned, unless it could be clearly shown that it was important to carry out the work this year. Major Murphy gave it as his opinion that work should certainly be carried out this year, but stated in correction of his printed note that he now considered that the District Engineer would be the best person to carry it out. This was agreed to.

6. *Research Scholarship.*—The Secretary explained the position and the Board resolved that their intention was to allow travelling allowance to the Research Scholar for journeys in England arising out of his employment. Such travelling allowance should be granted in accordance with existing rules, if there are any governing the case, if not the Scholar should be granted out-of-pocket expenses as certified by Dr. Russell to be fairly debitable as a necessary charge arising out of his duties. The Secretary was instructed to obtain the approval of Government and to make the necessary arrangements through the Accountant-General with the High Commissioner in England.

7. *Aik Nallah.*—Mr. Sangster's note, dated the 18th March 1922, was read. Major Murphy submitted a type-written note with maps and plans and explained his view of a possible solution whereby a considerable portion of the water of the Aik would be diverted at the Road Bridge and conducted along a line parallel to the road into the Palkhu Nallah. Major Murphy was instructed to send a copy of this note to Mr. Sangster for his scrutiny and criticism. The Board noted that observations as to discharge, etc., would

be continued under Mr. Sangster's instructions during the flood season. Mr. Elsden's letter No 2765-N. I, dated the 27th April 1922, was read. The Board noted that Major Murphy's proposals, if adopted, would obviate the difficulties pointed out in that letter.

8. *Kirn Nallah.*—With reference to Agendum No. 2 of the meeting of 26th January 1922, Mr. Murray submitted a note showing that there were three claims for compensation on the Kirn Nallah, and stated that the claims were not likely to succeed. He mentioned that proposals to drain the village of Dhamrai had been strenuously opposed by the local population since they found the seepage water beneficial to their rice crops.

9. The Secretary pointed out that under existing orders the Board's power of according administrative approval to claims up to a limit of Rs. 1 lakh to a large extent was rendered nugatory by the fact that all appointments had to go to Government for sanction. Mr. Montgomery said that the proper remedy was to obtain a grant for temporary establishment. The Secretary was instructed to take steps to this end, and he was also instructed to request that an opportunity should be given to the Board to defend before the Finance Sub-Committee the items which it has recommended for restoration in the Budget and for inclusion in the schedule of new expenditure for 1922-23.

10. The Secretary mentioned Mr. King's opinion that the printing of technical notes appended to the Agenda involves a waste of paper and money. The Board was, however, unanimously of opinion that it was desirable to continue printing such notes and distributing them to all members.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, Sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training.

Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games.

Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships.

Government scholarships will be tenable at the College.

General Rules.

Admission.—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence.

Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness.

If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations.

House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery.

Students will provide their own books and note-books.

THE BOARDING HOUSE.

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees.

From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice before leaving, otherwise the fee for the ensuing term becomes due.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools It is a Purdah Institution. The College is affiliated to the Punjab University and instructin will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. — Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. — Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. — Government scholarships will be tenable at the College.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

No. 561—681-6489.—In part supersession of this office notification No. 26, da the 22nd January 1915, the Financial Commissioner is pleased to substitute the followi for existing rules 33 and 34:—

Foreign liquor: wholesale and retail.

33. So far as foreign liquor is concerned, the distinction between wholesale and tail has no real importance for the purposes in view granting licenses in Forms L-1 and L-2. The importa distinction is between sales to the trade and sales to the public. Sales to the trade generally wholesale, but they may occasionally also be retail, *i.e.*, below 12 quarts for p poses of convenience. Sales to the public may be either wholesale or retail and very freque ly are the former, particularly in the case of wine and beer. Accordingly, with effect fr the 1st of April 1917, licenses for sale of foreign liquor should be in the following form namely:—

(1) L-1 for sale to the trade only of foreign liquor (wholesale or retail) as rega quantities; and

(2) L-2 for 'off' sale to the public of foreign liquor of superior quality (wholes or retail as regards quantities).

The same firm may hold both if this appears desirable to the Excise authorities.

Financial Commissioner's Notification No. 26, dated 22nd January 1915, section 33, page 269, and volume III

Sale to trade.

33. (*i*) An application for a license in Form L-1 must contain a description of liquor which is proposed to be sold and state where business is to be conducted. The Collector, if he commends the grant of the license

Sale to public.

Financial Commissioner's Notification No. 26, dated 22nd January 1915, section 33, page 269, and volume III page 53.

34. An application for a license in Form L-2 may be granted by the Collector, with the previous approval of the Financial Commissioner, to any shop of proved respectability in a Civil station or Cantonment, or any other place where there is a demand for superior foreign liquor. A license in this form may not authorize consumption on the premises. Once sanctioned by the Financial Commissioner a license in this form may be renewed by the Collector at the same fee; but if it is proposed to enhance the fee (cf., paragraph 319) a case for enhancement should be made out and the Financial Commissioner's previous sanction obtained. The Collector may refuse to renew the license.

Fees for licenses for sale of foreign liquor.

34. (a) In determining fees for the aforesaid licenses the following points should be borne in mind. When liquor is sold to the trade, its disposal is not final, and it will again pay its share of the incidence of vend fees before it reaches the consumer. If, therefore, any considerable license fee be imposed upon licenses for sale to the trade, the liquor will be taxed with vend fees twice over, and an unfair advantage given to those retailers who import direct from abroad. An advantage already exists in the case of clubs, messes, and large private consumers, who import direct from abroad and thus escape the incidence of vend fees altogether. Taking these facts into consideration the fee for a license for sale to the trade only should be a low or merely nominal one, not exceeding Rs. 50, regardless of the amount of sales. As regards the fee for a license for sale to the public, it should be calculated upon a scale which will ensure the maintenance of the aggregate taxation of foreign liquor at a figure at least equal to that of country liquor. An all round rate of rupee one per gallon for spirits and wines and 4 to 6 pies per gallon for beer would be suitable and, according to this scale, license fee may be calculated on the recorded sale figures. In making these calculations the sale to clubs and messes should be treated as sales to the public, and the brewers' agents who sell to the public should be charged the fee for the sale-to-the-public license; while sales to regimental canteens should be regarded as sales to the trade. In fixing fees, however, it is to be remembered that there is no satisfactory method of ascertaining sales, and that a premium may be placed upon the falsification of registers, if they are the sole basis of calculation of fees. Apart from this, it may be unfair to make too sudden a rise in the license fee paid by a particular firm: and it would be preferable to maintain the same fee from year to year, subject only to variation when the volume of the business undergoes a marked change, rather than to make frequent alterations. The recorded volume of sales is, therefore, only a general guide, to be taken into account along with other matters in determining what fee is appropriate. But in deciding upon the appropriate fee no attempt should be made to estimate the profits of a firm. The license fee does not necessarily diminish profits. It is in most cases doubtless added on to the selling price, and only affects profits in so far as it tends to diminish consumption by increasing price Apart from this consideration, the estimation of profits and the taxing of them is a matter for the Income Tax Assessor, not for the Excise Officer.

In attendance:

Dr. AGNES C. SCOTT, M.B., W.M.S.I., Assistant to the Inspector-General of Civil Hospitals, Punjab, for Zenana Hospitals,

A. F. HENDERSON, Esquire, Engineer-in-charge, Guma Project, Simla Municipality.

Proceedings of the last meeting held on 20th April 1922 were read and confirmed.

1. Read endorsement No. 774, dated 17th May 1922, by the Commissioner, Lahore Division, forwarding a copy of resolution No. 1005 of the Amritsar Municipal Committee, held on 6th April 1922, agreeing to the condition that half of the cost of the construction of the storm-water channel will be provided locally.

Recorded.

2. Read endorsement No. 754, dated 13th May 1922, by the Commissioner, Lahore Division, forwarding a copy of resolution No. 15 (3), dated 10th April 1922, of the Lahore Municipal Committee, intimating that necessary steps have been taken for keeping the proper account of Government grant-in-aid in future.

Recorded.

3. Read Punjab Government endorsement No. 12199-L.G., dated 7th April 1922, by the Secretary, Transferred Departments, forwarding copy of his letter to all Commissioners and Deputy Commissioners in the Punjab, stating that the utilization of Government loans and grants to local bodies for special purposes may be watched and requests that the attached form be maintained and appended to annual reports.

Recorded.

4. Read letter No. 231, dated 17th May 1922, from the Secretary, Municipal Committee, Multán, intimating that the second grant of Rs. 50,000 for the Multán Water Works has also been drawn.

Recorded.

5. Read letter No. 24, dated 4th April 1922, from the President, Municipal Committee, Pánipat, intimating that the grant-in-aid of Rs. 2,627 for the Beef Slaughter House at Pánipat was placed at the credit of the Municipal Committee on 31st March 1922.

6. Read endorsement No. 265, dated 2nd May 1922, by the Commissioner, Lahore Division, forwarding copy of Chairman, District Board, Gurdáspur's letter intimating that the work of paving and drainage of the Khana village was commenced on 10th February 1922, and completed on 25th March 1922.

Recorded.

7. Read endorsement No. 1289-G., dated 20th April 1922, by the Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch, forwarding copy of his letter to the Sanitary Engineer, according technical sanction to the Khem Karan Drainage Scheme at a cost of Rs. 74,129.

Recorded. The Board noted that although the scheme is complete in all respects yet on account of the shortage of staff of the Sanitary Engineer the project cannot be commenced.

8. Read letter No. 19-S.S.B., dated 7th June 1922, from the Secretary, Sanitary Board, Punjab, conveying administrative approval of the President, Sanitary Board, to the scheme relating to filling depression round Palwal and also giving a grant-in-aid of Rs. 15,000 for the same.

Recorded.

9. Read Punjab Government memorandum No. 15359-(Sany.), dated 9th May 1922, from the Secretary, Transferred Departments, conveying sanction of the Punjab Government to the re-employment of the Chemist and his staff for a further period of one year on the same terms as before.

Recorded.

10. Read Punjab Government letter No. 16877-(Budget), dated 5th June 1922, from the Under-Secretary, Finance Department, intimating that a sum of Rs. 4 lakhs has been provided in the current year's budget for distribution by the Sanitary Board as grants-in-aid on sanitary schemes.

Recorded.

11. Read Punjab Government memorandum No. 642-S. (Sany.), dated 5th June 1922, from the Secretary, Transferred Departments, according sanction to the continued employment on existing terms of the Auditor for a further period of one year with effect from 23rd May 1922.

Recorded.

12. Read endorsement No. 326, dated 16th May 1922, by the Secretary, Sanitary Board, Punjab, to the Secretary to Government, Punjab, Transferred Departments, requesting that the sum of Rs. 28,000 out of the grant of Rs. 4,00,000 for the current year be transferred to the Public Works Department budget in connection with the trial-well at Sarangpur in anticipation of Board's sanction.

Action confirmed.

13. Read memorandum No. 1017-S.L.G., dated 14th June 1922, from the Secretary to Government, Punjab, Transferred Departments, communicating sanction of the Government to the transfer of a sum of Rs. 28,000 out of Sanitary Board allotment of Rs. 4 lakhs provided in the current year's budget to 41—Civil Works for completion of the work of sinking a trial-well at Sarangpur in connection with the Ambála Water-Supply Scheme.

Recorded.

14. *Experimental Metering of Siálkot Water-Supply.*—Read letter No. 696, dated the 25th April 1922, from the Sanitary Engineer to Government, Punjab, forwarding revised estimates of Rs. 8,351 for the above and asking for a further grant-in-aid of Rs. 3,236 to be made to the Siálkot Municipal Committee.

Resolved that a grant-in-aid of Rs. 3,236 be sanctioned.

15. *Ludhiána Drainage Scheme.*—Read letter No. 7559, dated 2nd December 1921, and endorsement No. 2244, dated 22nd April 1922, from the Commissioner, Jullundur Division, forwarding the above scheme estimated to cost Rs. 3,03,377 for administrative approval with an application for a grant-in-aid of Rs. 1,51,688-8-0. Secretary, Sanitary Board's letter No. 16-S.B., dated 12th January 1922, and Commissioner, Jullundur's reply thereto.

Resolved that the Board accepts the scheme in principle but cannot accept the method of financing it proposed by the Municipal Committee. The Municipal Committee proposes meeting its share of the capital expenditure out of Revenue, its contributions being spread over a number of years, whereas the Board considers that in schemes of this nature capital expenditure cannot properly be met from Revenue. Such a proceeding would be equivalent to

starving the needs of the present generation for the benefit of future generations. The Board is quite willing to accept the scheme and contribute to the extent of half the cost provided the Municipal Committee is prepared to raise the balance of the capital cost by loan.

Resolved further that the Director of Public Health be asked to meet the President and members of the Municipal Committee for the purpose of explaining to them the principles involved in the decision of the Board.

16. *Muktsar Water-Supply Scheme.*—Read endorsement No. 2233, dated 21st April 1922, by the Commissioner, Jullundur Division, forwarding revised project for the above scheme at a revised cost of Rs. 3,09,904 for revised administrative approval with an application for a further grant-in-aid of Rs. 41,297.

Resolved that the scheme be sent to Government in the Civil Department with the recommendation of the Board that administrative approval and technical sanction be accorded to the revised project. Further resolved that the Municipal Committee be addressed enquiring as to how they propose executing the project, the question of a further grant-in-aid to be deferred for the present.

17. *Improvement of the Kangra Valley roadside springs from Chakki to Baijnáth.*—Read letter No. 1434-G., dated 10th May 1922, from the Chief Engineer, Punjab, Buildings and Roads Branch, stating that the work of the above scheme is one which might be suitably dealt with by the Sanitary Board, Punjab.

Resolved that a grant-in-aid of Rs. 4,940 originally asked for be given.

18. *Construction of drains, metalled roads and paving streets in new blocks at Campbellpur.*—Read endorsement No. 587-(Misc.), dated 20th May 1922, by the Commissioner, Ráwalpindi Division, and the connected correspondence relating to the construction of the above scheme at an estimated cost of Rs. 66,770 for administrative approval with an application for a grant-in-aid of Rs. 33,385.

Resolved that as the metalling of roads is not a work which can be contributed to by the Board this item should be excluded from the estimates for the purpose of calculating the grant-in-aid. Exclusion of this item brings the estimate down to Rs. 53,191.

Further resolved that administrative approval be given to the project at an estimated cost of Rs. 66,770 and that a grant-in-aid of Rs. 26,595, half the cost of the reduced estimates, noted above, be given.

19. *Sillanwáli Drainage Scheme.*—Read endorsement No. 526-(Misc.), dated 5th-8th May 1922, from the Commissioner, Ráwalpindi Division, forwarding an application for a further grant-in-aid of Rs. 3,336 for the above scheme now estimated to cost Rs. 92,671.

Resolved that a further grant-in-aid of Rs. 3,336 be sanctioned.

20. *Acquisition of land for the Rohtak Drainage Scheme.*—Read letter No. 1754, dated 16th May 1922, from the Commissioner, Ambála Division, forwarding the revised estimates amounting to Rs. 43,898 for the above scheme for the revised administrative approval of the Board.

Resolved that as the revised estimate is nearly thrice as great as the original estimate the case comes under Revenue Department Standing Order No. 28, paragraph 12 (*iii*) and that the officers responsible for the original estimate should be called upon for an explanation.

Further resolved that revised administrative approval be withheld and the Commissioner requested to obtain the necessary explanation from the officers concerned.

21. *Audit Report of the Rewári Water Works.*—Read demi-official letter No. 84, dated 3rd May 1922, from the Commissioner, Ambála Division, regarding certain points raised in the above report.

Recorded. Resolved that no further action need be taken in the matter.

22. *Chemist and his staff pay, travelling allowance and contingencies.*—Read request of the Director of Public Health, Punjab, for a grant-in-aid of Rs. 5,000 to meet the above charges.

Resolved that a grant-in-aid of Rs. 5,000 be sanctioned.

23. *Auditor and his peon pay, travelling allowance and contingencies.*—Read request of the Director, Public Health, Punjab, for a grant-in-aid of Rs. 3,000 to meet the above charges.

Resolved that a grant-in-aid of Rs. 3,000 be sanctioned.

24. *Purchase of books, maps, etc., for the Sanitary Board, Punjab.*—Read request of the Director, Public Health, Punjab, for

25. *Lady Chelmsford League for Maternity and Child Welfare, Punjab Provincial Centre.*—Read letter No. 74-M. C. W., dated 25th May 1922, from the Honorary Secretary of the above Society requesting a recurring grant of Rs. 3,000 per annum to the League.

Resolved that a grant-in-aid of Rs. 3,000 be given for this year but the Board considers that in view of the fact that Government already gives an annual grant of Rs. 6,000 to this institution, the question of an additional recurring grant for this purpose be taken up by the Director of Public Health and if the recurring grant of Rs. 6,000 is to be increased it should be included in the budget of the Department of Public Health and not left to the Sanitary Board lump grant which is insufficient to meet all the demands on it.

26. *Simla Water-Supply Extension Scheme (Cuma Project.)*—Read letter No. 2718-1, dated 1st June 1922, from the President, Municipal Committee, Simla, forwarding an application for a grant-in-aid of Rs. 5 lakhs with a request for an allotment of Rs. 2 lakhs during the current financial year for the above scheme estimated to cost Rs. 27 lakhs.

Resolved that a grant-in-aid of one lakh be given. The question of giving further financial assistance to the project as recommended by the Director of Public Health be postponed until the next meeting.

27. *Sargodha Water-Supply Extension Scheme.*—Read endorsement No. 4-C., dated 14th June 1922, from the Sanitary Engineer to Government, Punjab, forwarding therewith a copy of letter No. 272, dated 6th June 1922, from the Vice-President, Municipal Committee, Sargodha, intimating that a sum of Rs. 62,000 at the disposal of the Municipal Committee will be utilized for the purchase of machinery and the construction of two filter beds for the above scheme.

Resolved that the Committee be called upon to expedite submission of the scheme and to state the present position with regard to the application for a loan and grant-in-aid. The Board cannot consider an application to carry out portions of the scheme until it has the complete scheme before it.

28. *New Tube-Well at Empress Garden, Jullundur.*—Read endorsement No. 5-C., dated 15th June 1922, from the Sanitary Engineer to Government, Punjab, forwarding a copy of letter No. 1242, dated 8th June 1922, with estimates from the Executive Sanitary Engineer, 3rd Sanitary Division, requesting for a further grant-in-aid of Rs. 750 required for finally closing the accounts of the above scheme.

Resolved that a further grant-in-aid of Rs. 750 be sanctioned.

29. *Sinking of a Percolation Well at Pathánkot.*—Read endorsement No. 6-C, dated 15th June 1922, from the Sanitary Engineer to Government, Punjab, forwarding a copy of letter No. 1238, dated 8th June 1922, with estimates from the Executive Sanitary Engineer, 3rd Sanitary Division, requesting for a grant-in-aid of Rs. 9,261 for the above.

Resolved that a grant-in-aid of Rs. 9,261 be sanctioned.

30. *Trial Boring at Bhiwani.*—Read unofficial, dated 21st June 1922, from the Sanitary Engineer to Government, Punjab, requesting a grant-in-aid of Rs. 1,999 for the above.

Resolved that a grant-in-aid of Rs. 1,999 be sanctioned.

31. *Sheikhúpura Storm-Water Drainage.*—Read letter No. 242-G. S., dated 21st June 1922, from the Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch, forwarding the above scheme for the administrative approval of the Board with a request for a grant-in-aid of Rs. 13,658.

Resolved that the scheme does not come within the purview of the Board. It is concerned with a new town in the making and the Board considers that the Chief Engineer, Public Works Department, Buildings and Roads Branch, should refer to the Department of Government concerned.

The next meeting of the Board is fixed for Friday, the 21st July 1922, at 10-30 A.M. in the Committee Room of the Punjab Civil Secretariat, Ellerslie, Simla E.

T. TYSON,

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

COMMUNICATIONS BOARD, PUNJAB.

Minutes of the Fourth Meeting of the Communications Board, Punjab, held on Tuesday, the 6th June 1922, at 10-30 a.m. at Ellerslie, Simla.

PRESENT :

The Hon'ble Lala HARKISHAN LAL, Minister for Agriculture, *in the chair*.

Mr. W. P. SANGSTER, C.I.E., M.L.C., Chief Engineer, Punjab, Public Works Department, Irrigation Branch.

Mr. E. R. FOY, Chief Engineer (Construction), Sutlej Valley Irrigation Project.

Mr. V. STAINTON, Offg. Chief Engineer, Punjab, Public Works Department, Buildings and Roads Branch.

Lieutenant-Colonel C. WALTON, D.S.O., R E., Senior Deputy Agent, North-Western Railway.

Mr. E. A. SCOTT, O.B.E., M.L.C., Director of Industries, Punjab.

Mr. S. M. JACOB, I.C.S., Director of Agriculture, Punjab.

Rao Bahadur Chaudhri LAL CHAND, O.B.E., Rohtak.

Lala RATTAN CHAND, O.B.E., Honorary Magistrate, Amritsar.

Syed MOHAMMAD HUSSAIN, M.L.C., of Shergarh, Montgomery District.

Mr. K. G. MITCHELL, Secretary.

Co-opted.

Mr. E. R. ABBOTT, C.I.E., I.C.S., Offg. Financial Commissioner (Development), Punjab.

Mr. MILES IRVING, O.B.E., I.C.S., Financial Secretary to Government, Punjab.

I.—The Minutes of the last meeting were confirmed.

II.—Considered how members should be kept informed of matters coming up for discussion at the Board Meetings.—The Secretary pointed out the objections to circulating files and the expenditure of stationery which would be incurred if copies of all papers coming up for discussion were issued to all members of the Board, and suggested as a general rule that relevant correspondence and notes should be read out to the Board at the meeting. Various members opposed this and objected that they would not be able to give a considered opinion on matters of importance on the spur of the moment, and it was eventually decided that copies of all important papers coming up for discussion before the Board should be sent to all members beforehand.

III.—The Board noted the fact that up to the 18th of May 1922 the Secretary had been unable to obtain any official intimation as to the allocation of funds but understood that an official intimation was about to be issued. The President informed the Board that in agreeing to certain reduction in the grants given to the Board during the current year he had asked the Finance Branch to make a note that special consideration should be given to the supplementary grants applied for by the Board.

IV.—The Report on the working of the Road and Quarry Engineers for the year 1921-22 and the draft report on the working of the Board for 1921-22 were postponed for the next meeting ; the S

V.—Considered Secretary's scheme of experiments for the current year.

This note is reproduced as Appendix I to these Minutes.

The Board agreed to the following experiments being undertaken :—

(1) Experimental length of about five miles of "ponded" road using the canal boundary and the district road along the Rakh Branch of the Lower Chenab Canal from Lyallpur towards Shahkot. The work is to be generally supervised by the Road Engineer and carried out by the Canal staff, the money required being found by the Board. It also noted for the instruction of the Road Engineer Mr. Stainton's proposal that a small length of road should be rolled with a view to determining whether the results of this justified the extra cost.

(2) Continuation of the experiment on sand clay roads in Karnál at a cost of Rs. 2,000.

(3) Construction of a mile of sand clay road in the sandy portion of the Lahore-Khusháb Road lying between Bhagtanwála and the Chenab in the Shahpur District.

(4) That the Chief Engineer, Buildings and Roads Branch, be asked to select certain sub-divisions under which to place a small length of earth roads for experimental maintenance, and that the District Boards be asked to place these sections of roads selected at the disposal of the Public Works Department, the money allotted for maintenance being placed at the disposal of the Public Works Department by this Board.

(5) That the Road Engineer continue the scheme of experiments for the use of the road grader and other appliances.

(6) That the road grader be lent to the District Board of Amritsar and any other district prepared to use it.

(7) Other experiments dealing with the improvement of earth roads in which District Boards can be interested.

(8) The exprimental length of concrete road already discussed and approved of by the Board to be proceeded with after the hot weather.

(9) An experimental mile of Patháukote stone, tar painted, on the Lahore-Amritsar Road near Shalimar.

(10) Similar expriments at Ambála and at Rohtak using Tughlaqabad stone tar sprayed, and at Rohtak a further two miles of experimental road with Tughlaqabad stone as :—

(i) Water bound macadam with its own binding; and

(ii) Water bound macadam using a light dressing of bichwa kankar as its binding.

(11) Experiments treating roads badly rutted with hard stone and bitumen laid in the ruts as proposed by the Road Engineer.

In the case of surfaced roads it was decided that in each case the length of road to be treated should be one due for renewal this year and that the cost contributed by this Board should be limited to the difference between the cost of the road proposed and the cost of renewing the road with the material at present used. The Board felt that it was quite reasonable to expend a sum of Rs. 15,000 on experiments on earth roads and Rs. 30,000 on experiments with surfaced roads or a round sum of Rs. 50,000, to be reappropriated from the provision made in the Budget for Quarry Development.

VI.—Considered again the use by the travelling public of the canal banks and boundary roads.

The note on the subject on which the discussion started is reproduced as Appendix II.

The President stated that there was an undoubted popular feeling that where roads and canals run parallel and close together there is unnecessary expenditure of public funds on maintaining two or possibly three roads where one would suffice, that is to say, the public road, whether Provincial or District Board, the canal bank, and also in some cases the canal boundary road; that there was a very considerable popular feeling against the reservation, for the use by a limited number of officials, of the good road on the canal bank while the general public was compelled to travel on a very inferior unmetalled road; and he thought that a committee should be appointed to investigate such cases and to report on cases where the separate road could be dispensed with, and further when this was done as to whether it will be more economical to use the canal bank or the canal boundary road as a public highway.

There was a further question of canal channels which penetrated areas otherwise unprovided with roads, and here again there was a very strong feeling that the public should be constrained to use a very inferior boundary road and be excluded from the canal bank.

Messrs. Sangster and Foy, speaking for the Irrigation Department, stated that there was no possible objection to the use of canal boundary roads by the travelling public and that the excellence of the canal bank was due more to the exclusion of the traffic therefrom than to any expenditure of funds on maintenance. The throwing open of canal banks to the public would not only seriously interfere with the work of inspection by the Canal Officers by rendering the road unfit for rapid travel but would also, if bullock carts were allowed on these banks, lead to the destruction of the banks and berms and to danger of breaches occurring and would finally defeat its own object in that with the present scale of maintenance these roads would be so cut up by general traffic as to reduce them in a very short time to conditions no better, and possibly worse, than that of the boundary road. The result would be that the Canal Department would lose its inspection road and that there would be danger of breaches and damage to canal property and that no one would be any the better off as the good road on which the public cast covetous eyes would no longer exist. There was further discussion as to the relative benefits of using canal boundary roads and canal banks, and Mr. Mitchell stated that from his study of earth roads so far, he had little hesitation in saying that the excellence of canal banks was merely due to the absence of traffic, that there was no inherent advantage in the bank itself—very much the reverse—and that from the point of view of the public purse, if it was required to maintain a good earth road, such a road could be far more economically maintained on the level of the canal boundary road than on the top of a narrow bank of made earth.

Finally it was decided to be unnecessary to appoint a sub-committee at the present moment and that the Secretary of the Board should prepare a statement of cases of duplication on one canal system, the Lower Bari Doab Canal being selected for this purpose, and report on the possibility of abandoning duplicate roads and the relative advantages of using canal boundaries or canal banks in each such case; the matter to be reconsidered at the next meeting of the Board.

VII.—Considered what steps should be taken for obtaining powers for the Local Government to construct and manage or make rules for the construction and management of light and feeder railways and tramways.—Resolved to appoint a sub-committee consisting of Messrs. Scott and Mitchell to draft a Bill for the Provincial Legislature governing the whole field of light and feeder railways and tramways contemplated or proposed in the Province. It was further resolved that the President of the Railway Board should be informed that the sub-committee had been appointed and should be asked to depute some member of the Board to assist in the drafting of this Bill in order that ...

officially to the ...

VIII.—Considered Secretary's note on Colony Roads reproduced as Appendix III.—Resolved that this Board has no mandate nor has it the funds to deal with the alleged liability of the Local Government to District Boards incurred in the past, and that the distribution of grants-in-aid for colony roads should proceed as heretofore.

IX.—Considered the proposed draft memorandum by the Financial Secretary delegating certain powers under Devolution Rules to the President of the Communications Board to sanction the re-appropriations.—The Board resolved to recommend to Local Government that the Finance Branch be moved to sanction the delegation to the President of the Board of Communications by the Hon'ble Minister for Agriculture (under Devolution Rule 38 (2)) of the powers of re-appropriations vested in him under Devolution Rule 38 (1) (*b*) and further decided to ask the Financial Branch to consider whether the proposed powers of re-appropriation could not be made more liberal.

X.—The Board decided to recommend to Local Government that administrative approval be accorded to the following projects:—

(1) Project of the Multán District Board for stone metalling (2¼ miles of feeder road to Khánewál) road from 2 R/10 R bridge at R. D. 14,000 to R. D 85,000 feet towards Jainthel Rest-house at a cost of Rs. 41,000.

(2) Project of the District Board, Shahpur, for raising and metalling the Sargodha-Sáhíwál Road at a cost of Rs. 92,500,

it being clearly laid down that this recommendation in no way implies that the Board will give any grants-in-aid for these projects.

With respect to the project for stone metalling to the Abdul Hakím Tulamba Road, this was deferred for consideration at the next meeting, the Secretary being instructed to report in the meantime as to whether any use can be made of the canal which appears to run parallel to the proposed road.

XI.—The Board recorded Secretary, Transferred Departments' letter No. 15535-Genl., dated the 11th May 1922, stating that in view of the extreme financial stringency it is not at present proposed to take any action with regard to the trunk telephone lines recommended by the Board and that a reference be made again next year.

The Secretary mentioned the fact that the Telegraph Department were getting out fresh estimates for trunk telephone lines between Lahore and Lyallpur and Lahore and Ferozepore, which will probably be constructed if the Provincial Government will guarantee the necessary return. The Board noted this fact but was unable to consider the matter in the absence of definite figures.

XII.—The Board then adjourned fixing provisionally some date towards the end of July for next meeting at Lahore, the date to be arranged so as to fit in with the meeting of the Legislative Council.

HARKISHAN LAL,

PRESIDENT,

Communications Board, Punjab.

APPENDIX I.

PROGRAMME OF EXPERIMENTS FOR THE CURRENT YEAR.

Two separate sets of experiments are contemplated—

(1) on the improvement and maintenance of earth roads ; and

(2) to devise more economical forms of surfaced roads than the present waterbound macadam.

2. At the meeting of the Board held on the 7th of December last I proposed to carry out certain experiments to which the Board agreed. Unfortunately owing to delay in sanctioning the small staff required I was unable to do anything up to the end of the year except to procure an American road grader, to make a road drag, and to start construction of an earth road scarifier or harrow, and to make certain experiments with these. The staff required has now been sanctioned, but grants for the current year have not yet been declared so that a further two months have passed without my having been able to do anything ; and as it will be unwise to construct the experimental concrete road during hot weather this item will, ny way, have to stand over till October.

3. As regards earth roads I have sent a note to the Chief Engineers, Irrigation Branch, asking them whether they will undertake the construction and maintenance of some experimental lengths of "ponded" roads along canal boundaries. I am further going to lend the road grader to the District Board of Amritsar later on for a trial on roads in their district.

4. In Karnál the District Engineer has been making certain experiments with sand clay roads, and the President has agreed that we might allot Rs. 2,000 to continue these experiments, which will be carefully watched by me. I am also going to continue experimenting with the road grader myself ; and have put up a proposal to the Chief Engineer and President of the Board that certain Public Works Department Sub-Divisions should be given small lengths of unmetalled roads for experimental maintenance. If I can get other District Boards or District Engineers interested in the subject and disposed to carry out experiments I shall do so.

5. Seeing the importance of the subject, I think a sum of Rs. 15,000 might well be expended by the Board on these experiments.

6. With regard to improved forms of surfaced roads I propose to proceed in October with the experimental length of concrete road already approved of by the Board at a cost of approximately Rs. 7,500. I also wish to demonstrate whether hard wearing stones such as Pathánkot and Tughlaqabad quartzite, and the hard stones in the neighbourhood of Jhelum, which are unpopular owing to their lack of binding properties can be economically used if treated with an artificial binding material such as tar. For this purpose I am having estimates prepared for experimental lengths of road at Lahore using Pathánkot stone, on the Pathánkot-Dalhousie Road using the same stone, and at Ambála and Rohták using Tughlaqabad stone, treated in each case with tar. I also propose similar experiments in the neighbourhood of Jhelum on the Grand Trunk Road. In each case a mile of road will be constructed and the amount of money which, I think, the Board should give is the difference between the cost of the proposed form of construction and the cost of the ordinary renewal of each mile according to the practice now in vogue. I have also a scheme for dealing with roads, which are deeply cut by ruts and otherwise not worn away, by cutting out the ruts and filling up with hard stone and bitumen.

7. There is also a remote possibility, that in certain cases where the lead from the nearest railway station is a very heavy item, asphaltic roads using between 10 and 20 per cent. of bitumen mixed with local silt and sand might be economically sound, and it is possible that I may later on work out a scheme for experimenting in this direction.

8. I think the Board might agree to the expenditure of Rs. 30,000 on experiments of this nature making a total of Rs. 45,000 or say half a lakh for the year which is a reasonable figure and in fact an extremely moderate one if it is likely to lead to any reduction in the present cost of maintaining metalled roads all over the Province, which cannot be much less than Rs. 40,00,000 at the present time, that is to say, that the expenditure suggested is only about 1 per cent. of the annual cost of maintaining roads.

9. I do not think it necessary to trouble the Board with detailed information at the present moment, but propose to keep it well informed of the progress of events and to obtain the approval of President before commencing any experiments included in this programme.

10. As to funds, until the grants of the Board for the current year have been declared it is impossible to propose where these should come from, but we have, I believe, a fairly substantial allotment for the development of quarries, and it would seem to be a wise policy to spend some of this on the experiments proposed and to save our money on the quarry development till results of these experiments show us what type of quarries we shall require to develop in the future.

The 31st May 1922.

APPENDIX II.

USE BY THE TRAVELLING PUBLIC OF THE CANAL BANKS AND BOUNDARY ROADS.

District roads and canals are frequently found running parallel to each other and at no great distance apart. Admitting that generally speaking the canal bank should be reserved as an inspection road, there is still the boundary road and plantation which affords room for a district road. This overlapping is, the President of the Board thinks, wasteful and unnecessary. Admitted that the canal department does not actually spend much cash on maintaining a boundary road, still Government is in occupation of two strips of potentially arable land when one would do. By transferring the district road to the canal boundary the existing district road and trees could be sold; the sum so realised would leave a handsome margin for road development in general after paying for the provision of an equivalent kachha road, and might even in some cases pay for the construction on the new alignment of a metalled road. (A road 60 feet wide would amount to 7 acres per mile at Rs. 400 per acre-Rs. 2,800 *plus* a large but indeterminate sum for trees.)

2. It is in the case of kachha roads that the proposal appears most attractive, along the canal bonndary water would be available, "ponded" roads could be maintained, and for various reasons this could, it is thought, be best done by the canal patrolling staff, the extra cost being paid to the canal department by the road authority.

3. The idea is of course not of universal application—but there are a good many places where it could be applied; details will have to be considered, but the President of the Board wishes to discuss the matter at the next meeting as he feels that the discussion at item III of the 2nd Meeting of the Board on 12th March 1920 has not so far been attended by any tangible results.

(Sd.) K. G. MITCHELL,

The 8th May 1922. *Secretary, Communications Board, Punjab.*

APPENDIX III.

NOTE ON COLONY ROADS.

As the method of dealing with applications for grants in-aid with respect to Colony Roads has in recent years appeared to be a little haphazard, I have been endeavouring to ascertain exactly what is the position with respect to these roads; what is the liability of Government and the District Board concerned; and for how long after colonisation Government assistance is to be continued. As the present situation was established before the Board of communications was created I have had to refer to the Financial Commissioners' office and have been supplied with certain printed proceedings which are said to contain final rulings on the subject.

2. In letter No. 810, dated the 27th November 1912, from the Junior Secretary to the Financial Commissioners, to the Revenue Secretary to Government with respect to a programme of road construction in the Lower Bari Doab Colony, the following occurs in paragraph 6:—

"The Financial Commissioner recommends that Government should make the financing of road construction in the Lower Bari Doab Colony its own concern, both as regards unmetalled as well as metalled roads, until such time as the state of the District Board balance will enable Government to transfer the burden from Provincial to Local."

And in letter No. 12 (Rev. and Agri.), dated the 1st February 1913, from the Revenue Secretary to Government, to the Financial Commissioners this policy is endorsed.

The same principle appears to have been extended to the Upper Jhelum area and to the Upper Chenab area as well, but it is quite clear that grants-in-aid for colony roads are intended for these three new colonies only and not for expenditure on older established colonies like the Lower Chenab and Lower Jhelum.

3. The position is not very satisfactory, as, assuming that District Boards have now certain freedom of action as regards expenditure of their funds, or at least in the creation by the provision of schools, etc., of liabilities which they can not subsequently escape, the assistance to be given by the Government towards the construction of the new colony roads appears to be directly proportional to the ability of the District Board concerned to keep its coffers empty!!

At the present moment it is generally accepted that all District Boards are more or less in financial difficulties and are likely to remain so for some time. The only period fixed to the contribution by Government of grants for the construction of colony roads is thus likely to be continued indefinitely. On the other hand, owing to the war development has proceeded slowly and it seems natural that Government assistance should continue for longer than was the case in the older colonies.

4. I do not think there is much to be gained by delving further into ancient history and I think that before making further grants we might call a halt and definitely lay down the principle upon which to distribute funds for this purpose in the future, as:—

(i) Where a District Board has during recent years expended more money on the construction of colony roads than it has received in the form of grants-in-aid

from Government (or from the Board of Communications) the question as to whether any refund of past expenditure should be made will be examined by a small committee of the Board, and a definite sum, or nothing at all will be given to the District Board in consideration of all completed expenditure. (The District Board of Gujrát has a claim for a sum of, I think, five lakhs in this connection.)

(ii) The Board will accept on behalf of Government all liability for the completion of colony road projects which have been administratively approved and upon which work is commenced, and the funds placed at the disposal of the Board will be earmarked primarily for expenditure on these projects, no new works being commenced till works in progress have been provided for.

(iii) As in certain districts certain limited areas only have been brought under colonisation by the Triple Canal System it is possible that some of the roads being constructed as colony roads are not strictly confined to colony areas or connecting these colony areas with railway stations, etc. All projects for works in progress will be scrutinised from this point of view, and if necessary the cost will be allocated between colony roads and ordinary roads respectively, and only the appropriate contribution made to the District Board.

(iv) All future projects submitted for administrative approval will be carefully scrutinised before administrative approval is given, and if it is considered that Government has already provided reasonable mileage of road in the new colony concerned administrative approval will be withheld to the project *qua* 'colony road'!

5. If these points are accepted we can proceed to clear up the muddle we have inherited and to start fresh with the allotments of current year. I think that it will be best to appoint a small Sub-Committee to handle this matter. The Sub-Committee might sit immediately after the next Board meeting and with instructions to report to the Board on the distribution of funds it recommends both with respect to the current year's programme and with respect to arrears claimed; and in order that District Boards may have funds with which to carry on the current year's work the Secretary may be empowered to distribute 25 per cent. of the sums recommended by the Sub-Committee pending confirmation of the Board to the recommendations of the Sub-Committee.

Director of Public Health, Punjab

Rules regulating the retail (*farodi*) sale of salt in the protected areas at the Salt Range Sources and the Sultanpur Salt Works and within the Salt Department's jurisdiction at the Sambhar Lake.

SALT RANGE AND SULTANPUR SALT WORKS.

1. The storage of salt for retail sale to the people inhabiting a protected area may be permitted at any place within the limits of the area approved by the Assistant Commissioner.

2. A person who desires to become a *farodi* shall apply for a license to the Assistant Commissioner. If the license is granted the *farodi* shall deposit into an authorised treasury or sub-treasury the charges on the quantity of salt he requires in the manner prescribed in the rules regulating the issue of roadborne salt. He shall ...

Assistant Commissioner who shall grant him a rawanna having a currency of four months, each rawanna bearing an endorsement by the Assistant Commissioner that the salt it covers is intended for retail sale within the protected area.

3. The *farodi* shall provide himself with a book in which to register his sales and shall take the rawanna and this register to the officer in charge of the depôt from which the salt is to be delivered. The pages of the register shall be consecutively numbered, and each shall be initialled or sealed by the officer in charge of the depôt. He shall also enter the following particulars on the first page of the register :—

(*a*) The name of the *farodi*.

(*b*) The village for which he is licensed.

(*c*) The circle in which the village is situated.

(*d*) The number and date of the rawanna and the date on which its currency will expire, and

(*e*) The quantity of salt covered by the rawanna.

The salt shall then be weighed and cleared in the usual manner, and the *farodi* shall be allowed to remove it to the place of the retail sale under the cover of the entries in this register.

4. The *farodi* shall write up his sales daily in the register and shall give to each purchaser a certificate stating the date of sale, the name of such purchaser, and the quantity of salt purchased. Such certificate shall cover the salt sold under it while in possession of the purchaser as if it were a rawanna.

5. The rawanna shall be retained and forwarded to the Assistant Commissioner who shall give it a currency of four months, as prescribed by rule 2, and return it for safe custody to the officer who delivered the salt. When the quantity of salt delivered under a rawanna has entirely been sold the rawanna shall cease to be valid even though the currency entered upon it may not have expired. If any salt remains unsold on the expiry of the currency of a rawanna the *farodi* may, at the discretion of the Assistant Commissioner, be required to remove it outside the protected area under the escort of a salt revenue officer. Time-expired rawannas shall be cancelled by the officer in whose custody they are.

6. A *farodi* may renew his stock of salt in the manner hereinbefore prescribed, and each new issue of salt shall be entered in his register as required by rule 3. The officer in charge of the depôt shall, at the same time, check the register of sales, and if any part of the salt previously delivered has remained unsold, he shall make a note of the fact in the register. He shall then strike a fresh balance in the register showing (*a*) the quantity remaining unsold from the previous supply, (*b*) the quantity newly supplied, (*c*) the total quantity, (*d*) the number and date of the rawanna, and (*e*) the date up to which the currency of the rawanna extends.

7. When any salt is stopped for examination within a protected area by a salt revenue officer, the rawanna covering the dispatch shall be presented by the trader or his agent, or be the carrier of the salt, to such officer, who shall satisfy himself that it is a genuine documenty and that its currency has not expired, and may, if necessary, proceed to weigh the dispatch.

8. If on weighment of the salt it is found to exceed the quantity in the rawanna, the following procedure shall be observed by the officer :—

(*a*) If the excess is not more than one per cent. he shall allow the salt to pass unquestioned.

(*b*) If the excess is more than one per cent. he shall detain the dispatch and report the matter, without delay, for the orders of his superior officer for such action as is necessary under the Act.

9. If a *farodi* fails to comply with the rules, or there is reasonable suspicion that he is acting in contravention of the provisions of Act XII of 1882, his license may be cancelled and withdrawn at the discretion of the Assistant Commissioner.

SAMBHAR LAKE DIVISION.

10. A trader who desires to purchase salt direct from the Department for the purpose of storing it for retail salt within the jurisdiction of the Salt Department, at the Sambhar Lake shall procure a rawanna under the rules regulating the issue of roadborne salt and shall also obtain from the Assistant Commissioner a pass for storing salt in Form No. 16. On presentation of this pass and the rawanna the officer in charge of the weighment circle concerned shall issue the salt under those rules, and shall enter the date of delivery of the salt on the rawanna and on the pass, and shall then make over the pass to the trader and return the rawanna to the Assistant Commissioner.

Any trader wishing to store and sell by retail, free salt issued to the Darbars under treaty, shall apply to the Marwar Hakim at Nawa or Sambhar or the Jaipur Nazim at Sambhar, who in return shall apply to the Assistant Commissioner for a pass for storing salt,

supporting the application with the rawanna, form No. 20, authorising the delivery of the salt in question to the Darbar. The Assistant Commissioner, on receipt of an application so supported, shall grant the pass applied for.

11. Every person empowered under rule 10 to sell salt by retail shall maintain a register of salt sold and shall enter in it all sales effected. An officer of the Department not inferior in rank to an Inspector shall once a week examine the register of salt sold and report the result in form No. 17, and when the whole of the salt covered by a pass has been sold, shall resume the pass and submit it with his report. Not more than 20 seers of salt shall be sold to one person at one time; if a larger quantity is required to be moved within the outer line at one time, or stored at any other place than Sambhar Nawa or Gudha, a special pass, form No. 18, shall first be obtained to protect it.

Proceedings of the last meeting held on 22nd June 1922 were read and confirmed.

1. Read Punjab Government memorandum No. 14970-Sany., dated 5th May 1922, from the Under-Secretary to Government, Punjab, according sanction to the continued employment for a further period of 10 days, with effect from the 17th February 1922, of the Chemist and his staff.

Recorded.

2. Read endorsement No. 961, dated 29th June 1922, by the Commissioner, Lahore Division, forwarding a copy of the Secretary, Municipal Committee, Lahore, letter intimating that the plan of the new site for Dhobi Ghât is being prepared and have requested the Medical Officer of Health to show the new site to the Director of Public Health, Punjab.

Recorded.

3. Read endorsement No. 3310, dated 16th June 1922, from the Commissioner, Jullundur Division, forwarding a copy of the President, Municipal Committee, Moga letter intimating that Rs. 2,537 being the amount of the unspent balance out of the grant-in-aid of Rs. 3,000 given for the water-supply scheme has been refunded to the Moga Sub-Treasury to the credit of Government.

Recorded.

4. **Moga Drainage Scheme.**—Read letter No. 120-S.-S.B., dated 10th July 1922, rom the Secretary, Sanitary Board, Punjab, to the Commissioner, Jullundur Division, asking the Moga Municipal Committee to hold the sum of Rs. 10,560, given as grant-in-aid for the above scheme, at the credit of the Board. Secretary, Sanitary Board's letter No. 416-S. B., dated 1st December 1921, should be cancelled.

Action confirmed.

5. **Wazirabad Drainage Scheme.**—Read endorsement No. 495-M., dated 4th May 1922, by the Executive Engineer, Sheikhúpura Provincial Division, forwarding a copy of his letter to the Secretary, Municipal Committee, Wazirabad, in which a refund of Rs. 789-15-9 has been made to the Municipal Committee as an unspent balance of the contribution made by the Municipal Committee towards the above scheme, also Secretary, Sanitary Board's letter No. 10-S.-S.B., dated 2nd June 1922, asking the Municipal Committee to hold Rs. 391-7-10, being half the amount of the refund at the credit of the Board.

Action confirmed.

6. **Improvement of Singhpur village, Gurdaspur District.**—Read endorsement No. 928, dated 23rd June 1922, from the Commissioner, Lahore Division, forwarding Chairman, District Board, Gurdaspur letter furnishing the assurance obtained from the villagers that the work of the above scheme will be maintained by them after construction.

Resolved that a grant-in-aid of Rs. 700 be sanctioned.

7. **Jandiala Drainage Scheme.**—Read endorsement No. 891, dated 15th June 1922 by the Commissioner, Lahore Division, forwarling the above scheme at a revised cost of Rs. 46,378 for revised administrative approval with an application for a grant-in-aid of Rs. 9,398.

Resolved that a revised administrative approval be accorded at a revised cost of Rs. 46,378 and that a further grant-in-aid of Rs. 9,398 be sanctioned.

8. **Drainage and Earth Filling work of Blocks Nos. 17 and 20 at Sargodha.**—Read endorsement No. 293, Misc., dated 23rd June 1922, by the Commissioner, Ráwalpindi Division, and the connected correspondence relating to the above scheme at an estimated cost of Rs. 59,826 for administrative approval with a request for a grant-in-aid of Rs. 29,913.

Resolved—

(1) that administrative approval be accorded to the project at an estimated cost of Rs. 59,826.

(2) with regard to the question of a grant-in-aid to the project as a sanitary scheme, the Board notes that the project is for the purpose of raising the level of potential building sites which at present are unsaleable on account of their low level. When these areas have been treated according to the project they will be saleable building sites. The Board does not consider that the funds at its disposal can be properly applied to works of this nature and, therefore, is unable to subsidise the scheme.

9. **Montgomery Storm Water Drainage.**—Read endorsement No. C.L.X.-10-2, dated 28th March 1922, by the Commissioner, Multán Division, forwarding scheme relating

to the above at an estimated cost of Rs. 62,107 for administrative approval with a request that the allotted grant of Rs. 25,850 be transferred to the present scheme.

Resolved that administrative approval be accorded to the scheme at a cost of Rs. 62,107 and that the grant of Rs. 25,850 be transferred to the present scheme.

10. **Re-allotment of the Lapsed Grants.**—Read letter No. 1266, dated 21st June 1922, from the Secretary to Government, Punjab, Finance Department, stating that as information was not sent in time to the Finance Department of the unspent balance of the last year's grant, no provision was made in the current year's budget. If the allotment is found insufficient the Board must make out a case for a supplementary demand.

Resolved that the special difficulties of the Board should be explained to the Secretary, Finance Department, and that he should be asked as to the feasibility of budgetting one year in arrears for the unexpended surplus.

11. **Trial Boring in two existing wells in the Hissar District.**—Read letter No. 1076, dated 4th July 1922, from the Sanitary Engineer to Government, Punjab, forwarding an estimate amounting to Rs. 2,618 for the above scheme in connection with the improvement of the rural water-supply.

Resolved that a grant-in-aid of Rs. 2,618 be sanctioned.

12. **Simla Water-Supply Extension Scheme (Guma Project).**—Read Sanitary Board's resolution No. 26, dated 22nd June 1922, regarding further assistance to the Simla Municipal Committee in connection with the above scheme.

Resolved that the matter be postponed until the next meeting on the understanding that Rai Bahadur Lala Milkhi Ram will then be able to communicate the views of the Lahore Municipal Committee on the proposal.

13. **Simla Water-Supply.**—Read Punjab Government unofficial No. 1061-L.G., dated 19th June 1922, from the Under-Secretary, Revenue Department, requesting to be informed what amount should be provided for the above scheme in the next financial year.

Resolved that the Secretary be instructed to reply that any extra amount required will be included in the estimated requirements of the Sanitary Board.

14. **Storm Water Channel at Amritsar.**—Read endorsement No. 887, dated 14th June 1922, from the Commissioner, Lahore Division, forwarding copies of Secretary, Municipal Committee, Amritsar letter No. E.-1252, dated 23rd May 1922, and resolution No. 269, passed by the Municipal Committee regarding the above scheme.

Recorded.

15. **Wazirabad Slaughter House.**—Read endorsements Nos. 53 and 969, dated 14th January 1920 and 30th June 1922, respectively, from the Commissioner, Lahore Division, forwarding schemes relating to the above at an estimated cost of Rs. 9,731-4-6 with an application for a grant-in-aid of Rs. 4,865-10-3.

Resolved that a grant-in-aid of Rs. 4,865-10-3 be sanctioned.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. Government scholarships will be tenable at the College.

Fees.

University Fee	3	0	0	per annum.

NOTE.—All fees must be paid before the 15th of the month for which they are due. The Principal has power to remit half the fees in the case of a limited number of poor students.

General Rules. *Admission.*—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence. Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness. If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations. House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery. Students will provide their own books and note-books.

THE BOARDING HOUSE.

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees. From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice before leaving, otherwise the fee for the ensuing term becomes due.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants drawing pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease him after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Syed MUHAMMAD HUSAIN, M.L.C., of Shergarh, Montgomery District.

Nawabzada Khan ABDULLAH KHAN, M.L.C., of Khangarh, Muzaffargarh District.

Mr. K. G. MITCHELL, *Secretary*.

CO-OPTED.

Mr. MILES IRVING, O.B.E., I.C.S., Financial Secretary to Government, Punjab.

I. The Minutes of the last meeting were confirmed. In this connection the Secretary reminded members that, although it had not ...

therefore be regarded as satisfactory. Enquiries had been made and it was found from examining the books, that during the year 1921-22 the Montgomery District Board had not indented for any stone to be delivered to the railway station appertaining to this road, and that as stone metal is only supplied on indents from Local Bodies the delay had nothing to do with the quarry management.

II.—Considered the question of distribution of grants-in-aid for colony and metalled roads.—The Secretary explained that in spite of his having asked in March for early submission of demands for grants-in-aid that very few indeed had come in before July; that a great number of demands were received late in July and required careful examination owing to their having been incompletely prepared; that a great many more have still to come in and that, therefore, the Committee previously appointed had not been able to sit.

The Board decided to appoint a small sub-committee to proceed with the distribution of grants-in-aid to those districts from which applications have been received, subject to the approval of the Board; the Secretary being empowered to distribute at once 50 per cent. of the grants recommended by the sub-committee. The sub-committee to consist of Mr. Abbott, Mr. Montgomery, Khan Bahadur Syed Mehdi Shah, Syed Muhammad Husain, and the Secretary, and to sit as early as possible and, if possible, during the next few days.

III.—Considered Reports on the working of the Road Engineer, the Quarry Engineer, and the Agricultural Tramway Engineer, for 1921-22.—Resolved that these reports show that the posts to which they refer are performing useful work and that their existence is amply justified; the reports to be recorded.

IV.—Considered the Draft Report on the operations of the Provincial Board of Communications for 1921-22.—It was pointed out by Colonel Walton that the report expressed opinions on subjects such as Inland Water Transport and the construction of elevators, which did not come strictly within its scope as a report of the working of the Board during the past year, and he thought that the report should confine itself to questions of fact.

After some discussion in which it was pointed out that owing to shortage of money the Board had not been able to accomplish as much as it wished, it was decided that Government and the public who might read the report would be as much interested in plans for the future as in actual accomplishments to date; the opinions expressed in the report might be allowed to stand; the report to be submitted to Government.

V.—Considered the advisability of appointing Railway Advisory Councils in addition to the Board of Communications.—Colonel Walton on behalf of the Railway Administration explained the position as follows:—

The Government of India acting on the Acworth Committee Report had already appointed a Central Advisory Committee at its own head-quarters and the question now was the creation of Local Provincial Councils: as far as the North-Western Railway was concerned, local councils were proposed at Lahore and Karachi, with the proviso that if the council at Karachi was not created the Karachi Chamber of Commerce would be represented on the Advisory Council at Lahore. The functions of these Advisory Councils would exclude matters at present dealt with by the Conciliation Board and all questions of discipline on the railway, but would include alterations to time-tables, freights, discussion of new projects, new rolling stock and any other matters not specifically excluded, in which the general public or the trading community were interested. He stated further that from the point of view of the Railway Administration it would be preferable if these Advisory Councils and the Board of Communications were kept separate, and he was not in favour of the Advisory Council being constituted as a sub-committee of the Board or in any way connected with or dependent on the Provincial Board of Communications.

The President stated that at present the Board of Communications had certain powers to make representations concerning, and to bring to notice matters connected with railways affecting the public interests, and that even if these Advisory Councils were separately appointed he would not be prepared to surrender such advisory powers in connection with railway matters as the Board at present possesses, till the Advisory Councils have been in existence for some time and their practical results have been demonstrated.

The Board noted the present position with respect to the matter and decided to postpone consideration till the next meeting and to reconsider the matter in the light of further developments, if any.

VI.—Considered the list of proposed railways awaiting construction.—The Secretary explained that he had already informed the Local Government that in view of the shortage of funds it was extremely unlikely that the Government of India would be able to proceed with the construction of any new projects ; that therefore there appeared to be no necessity for submitting any list of such projects ; and that the Local Government had informed the Railway Board that it did not propose to submit any list for the current year. At the same time the Board decided to record its opinion that the re-laying of the Kasur-Lodhran line and the construction of the Sirhind-Rupar-Nalagarh Railway mentioned in the last year's list should be omitted therefrom as having been actually commenced, or the project fairly launched, and that the Bhiwani-Rohtak Railway could at present be omitted from the list in view of the proposal to construct a railway from Sadulpur to Bhiwani and Delhi about which particulars are awaited.

The list as revised in consequence of alterations, now decided on, and in the alignments of other railways previously recommended, stood as follows :—

(1) Raewind-Khushab Railway.

(2) Bari Doab Circular Railway.

(3) Rohtak-Gohana Railway.

(4) Narowal-Vairka Railway.

(5) A central backbone line between the Sutlej Valley line and the Khanewal-Raewind line starting from half way between Montgomery and Pakpattan and making Junction at Jahanian.

(6) Some line mostly in the Bahawalpur State from Abohar to Bahawalnagar or Macleodganj to Khanpur, the line to run 30 or 40 miles south of the Sutlej Valley line.

In connection with Projects Nos. 2, 3 and 5 schemes for agricultural tramways are under consideration which might be considered as rivals to or as seriously affecting the proposals for a railway ; but at present no final decision has been arrived at.

VII.—Considered the question of administrative approval to the Dera Ghazi Khan District Board Project for metalling Dera Ghazi Khan Chutta Road.—The Board decided to recommend to Government that administrative approval might be given to this project provided it is satisfied that the proposed road is out of flood influence and will not be inundated.

VIII.—Considered Superintending Engineer, Third Circle, letter No. 2528, dated the 1st May 1922, and estimates for improving road from Ghatta Hill to Mandi.—The Secretary explained that the project for constructing a road from Larji to Mandi had been initiated some years ago and that the road was now reaching completion. When this work [illegible] was commenced it was regarded [illegible]

from Rupar and pass through Bilaspur, Suket-Mandi, Larji, and so on, to Sultanpur in Kulu; the Larji, Mandi Road lay entirely in the Mandi State territory. The whole project was originally considered necessary for the opening up of Kulu, and for the benefit of the Central Asian trade, and the Larji-Mandi Road was therefore undertaken by the Provincial Government, Mandi State, contributing Rs. 50,000 towards the cost, in consideration of the fact that the road from Mandi to Rupar would be of great benefit to the State. A reconnaissance survey of the length from Mandi to Rupar had since been made and the cost estimated, but owing to high prices this project had been shelved for the present. The result was that, as regards wheeled traffic, the Larji-Mandi Road had been left in the air, and the consideration on which Mandi State had contributed Rs. 50,000 towards the cost of this road had not been fulfilled. The present proposal was that in order to give access by wheeled traffic to Kulu and to make good the bargain with Mandi State, the Provincial Government should bear some cost of the improvement of the road from Ghatta Hill to Mandi 48 miles long which is a continuation of the Kangra Valley Cart Road, lying in Mandi State.

The estimate amounted roughly to Rupees two lakhs, the Mandi State at present did not wish to contribute more than Rs. 50,000.

The President explained that he had made a special trip to Mandi last year in order to study this question, and that he had come to the conclusion that if certain works were undertaken, such as—

(*a*) easing some of the gradients,

(*b*) providing parapets at places,

(*c*) widening in places,

(*d*) easing some bends and corners,

(*e*) replacing with masonry certain wooden bridges, and

(*f*) metalling certain lengths where the soil was such that the road became boggy and impassable in the rains,

access by carts and motor cars to Mandi and by way of the Larji-Mandi Road to Kulu would be provided. The present estimate was the upshot of his proposals, and he considered that the Board might advise the Local Government to bear one-half of the cost.

The Board resolved that the rough estimate of two lakhs might be accepted and that the Local Government might be advised to contribute one-half of the cost on the understanding that the Mandi State contributed the other half, and that the programme of work should be spread over such a reasonable period as the State may propose ; the rate of progress depending upon the annual provision that the State is able to make for this work, Government contributing an equal amount each year.

IX.- Considered the question of preparing Budget for 1923-24.—The Secretary explained that there were two points, one was to prepare a Schedule of New Demands for next year, and the other was to prepare a demand for a supplementary grant for the current year.

The Board decided to refer both these matters to a sub-committee, the sub-committee to be the same as that appointed to distribute grants-in-aid for colony roads and metalled roads.

X.—The Board recorded Secretary, Transferred Department's letter No. 1246-S. L. G., dated 20th June 1922, stating that as the District Board of Shahahpur will be unable to construct Nurewala-Khushab Road independent of any grant-in-aid for several years to come, Government sees no object in accordingr administrative approval to this project at this stage.

XI.—Considered Secretary's note about communications in the Nili Bar Colony.—The note on the subject is reproduced as Appendix I to these Minutes.

Colonel Walton stated that it might be taken as settled that Karachi would not agree to provide a terminal elevator dealing with elevator wheat from upcountry, and Mr. Scott thought that ship owners would not go to the expense of carrying out alterations to their vessels to enable them to deal with bulk wheat if the export of wheat from Karachi was liable to be prohibited at any time by Government.

Mr. Mitchell stated that whatever might be the outcome of the elevator discussion he thought it imperative that the matter should be decided once for all, as in his opinion it materially affected the lay-out of the proposed colony. He also stated that at present the argument moves in a vicious circle, Karachi holding that it would not provide a terminal elevator to deal with upcountry elevator wheat, till elevators have been built upcountry and the wheat began to arrive; and the upcountry view being that elevators could not be constructed until Karachi was ready to deal with their product. The Nili Bar Colony, he continued, was believed to contain a million acres of irrigable land, and that if the throwing of the exportable surplus of a million acres into the argument in the favour of elevator wheat could not weigh down the scale, the question never would be settled and it might be assumed that for many years to come the existing Mandi system would continue. His point was that if Government wanted to find a way out of the present state mate it would never have another opportunity like the present, as every new colony on the Mandi system would be an additional obstacle to the development of elevators in the future; and that if the question was going to be seriously considered, and if Government was to adhere to its intention of providing communications in the Nili Bar Colony in advance of colonisation, there was no time to be lost.

Colonel Walton and Mr. Foy were both inclined to think that the question of communications in the Nili Bar Colony had been discussed at some length by the Board and that no further progress could be made in this way, and considered that the time had now come when the matter should be dealt with by a committee of experts who should devote their whole time to this question till they were in a position to lay some definite plans before the Board or before Government. They pointed out that members of the Board being mostly busy men had no time to go into these questions in detail.

The President agreed, and it was finally resolved to recommend to Government that a small committee of whole-time officers should be appointed, the terms of reference suggested being to draw up a complete scheme for the development of all communications in the Nili Bar Colony, to make estimates of cost, and to draw up in addition a programme of works to be taken in hand year by year to the extent to which Government is able to make financial provision in each year till the scheme is completed.

XII.—Considered Secretary's note on Inland Water Transport in the Province.—Postponed till next meeting.

XIII.—Considered certain matters with respect to the Lyallpur and Jhang Agricultural Tramway Scheme.—The Secretary explained that members had been supplied with copies of the letter addressed to Government regarding the financing of the Lyallpur-Jhang Tramway Scheme, and sketched the subsequent history. He drew attention to the proceedings of the last meeting of the Board where Mr. Scott and he had been appointed as a sub-committee to draft, in consultation with the Railway Board, a Bill enabling the Local Government to proceed with this

the approval of the Governor-General in Council) an Order under that Act authorising the construction of individual schemes. It was, therefore, in this case decided by the President of the Board that in order to save time the Local Government might be advised to proceed in this instance by way of an Order under the existing Act; and the Order (copies of which have been supplied to members) had been drafted by Mr. Scott and himself in consultation with the Railway Board accordingly. He was proceeding to draft a Bill on which to deal with other applications pending with the Board, and future undertakings of this sort, and would when ready confer with Mr. Scott and the Railway Board and lay the Bill before the Communications Board. He mentioned that powers would be included in this Bill to extend it to undertakings previously constructed, and that therefore the Lyallpur scheme could be later on brought under the Act when passed by the Provincial Legislature. In the meantime he explained that the Finance Department of the Local Government had replied on the question of the financing of this scheme to the effect that as a matter of convenience the Finance Department would prefer that a separate loan should not be floated, but if there was a strong feeling in favour of a private company it would approve the project subject to the following conditions :—

(a) That the floating of the company should not be commenced till the Punjab Government loan is closed.

(b) That the rate of interest guaranteed would have to be considered after the Punjab Government loan had been floated.

(c) That the rate of interest guaranteed should be subject to reconsideration after ten years.

On this the President had decided to ask Government to include provision for the project in the Provincial Development Loan and to undertake the construction of the Project as an ordinary productive public work. A further difficulty had, however, arisen in that the Government of India appeared inclined to set a limit on the amount of capital which it would at present allow the Punjab Government to borrow, and that therefore it might not be possible to arrange for funds for this project in the Provincial Development Loan at any rate this year.

After some discussion the Board resolved to approve the proposal to proceed with this project by way of an order under the existing Act, and to defer consideration of financial aspects till the next meeting, the Secretary being instructed to report on the financial position with respect to the possibility of providing for the project in the Provincial Development Loan, and also on the possibility of raising money in the open market for the undertaking as a separate concern apart from the loan.

XIV.—Considered Secretary's note proposing —

(a) *that the Road Engineer should scrutinize the accounts of District Boards relating to communications for which the Board has given grants-in-aid ; and*

(b) *that in future the Board make no grants to District Boards till it is satisfied that the actual work for which they are given has been properly done.*

Both approved.

XV.— Considered what loads should be provided for bridges on village roads where the traffic is mostly bullock carts.

Owing to the fact that the Irrigation Department is contemplating the designing of bridges on new canal schemes in reinforced concrete instead of in ordinary brick masonry, the question as to the weight to be allowed for bridges on village roads involves a considerable amount of money. It was urged on the one hand that traffic develops unexpectedly on certain roads and that on a road on which to-day there appears to be no probability of any traffic except country carts, to-morrow may appear steam rollers, heavy machinery,

and so forth. On the other hand it was held that the number of village roads which eventually develop and have to carry heavy traffic other than the bullock cart is comparatively few, and that it would be better economy to contemplate the necessity of rebuilding certain bridges on these when unexpected traffic develops, than to build bridges on all village roads to carry the heavy load which may possibly at some future date develop on the few.

The Board resolved, therefore, that bridges on village roads might be designed to carry a load in the form of a bullock cart, with its cattle, of four tons, and in the case of long spans a train of such carts spaced 15 feet centre to centre.

XVI.—*Considered the advisability of constructing an extension of the railway from Mukerian to Talwara.*—The Board understood that with respect to this railway extension the Jullundur-Doab Railway Company was prepared to raise necessary funds; that the Railway Board and the North-Western Railway would agree to this extension provided the traffic prospects were sufficiently good; and that in this connection the North-Western Railway were waiting for a definite assurance from the Local Government that the Talwara Saw Mill scheme was actually about to be started. In these circumstances the Board felt that as the proposal would assist communications in a district at present badly served, and as this was not a case of spending funds which might be available elsewhere, it was not called upon to weigh the relative advantages of this and other projects; and that, therefore, it might advise Government that in so far as it (the Board) was concerned it hoped that the project would be proceeded with as soon as necessary preliminaries were completed.

XVII.—*Considered the project of the District Board of Jhang for metalling Shorkot feeder road at a cost of Rs.* 32,432.—Resolved that the administrative approval of the Board be conveyed as the District Board has already been given funds, but that it should be pointed out to the District Board that administrative approval does not necessarily imply that the Board will give any further contribution to this project.

XVIII.—*Considered letters Nos.* 124/6 *and* 126/7, *dated the 22nd July* 1922, *from the Director, Telegraph Engineering, to the Chief Secretary to Government, Punjab, regarding the construction of trunk telephone lines between Lahore and Lyallpur and Lahore and Ferozepore.*—The Board decided that before recommending the Local Government to undertake the guarantee required, it would ask for information as to the trunk call charge to be made for use of these lines and as to the number of trunk calls between Lahore, Amritsar, Jullundur, Ambala and other commercial centres.

The Board adjourned *sine die.*

APPENDIX I.

NOTE ON COMMUNICATIONS IN THE NILI BAR COLONY.

I HAVE for some time been concerning myself with the question of the communications to be provided in advance in the Nili Bar Colony, and had hoped to lay a rough scheme before the Board. There is, however, little progress to report, but I think the Board should be kept informed of what is going on, hence this note.

2. The principle is that if the area to be colonised is provided in advance with a model system of communications not only will the enhanced prices paid for the land meet the whole cost of these (so that communications will cost nothing as compared with the previous system of providing them later) but colonists will be enabled from the outset to derive full benefit from their land. This principle has been admitted by the Board of Communications which has drawn up a rough scheme of railway construction.

3. The

(b) A central backbone line half way (roughly) between the Montgomery and the Sutlej Valley lines, starting from a point midway between Montgomery and Pakpattan and joining the existing railway system at Jahanian.

In this connection it may be mentioned that the junction originally selected was Kutabpur, but owing to representations from the Financial Commissioner who pointed out that Government had spent considerable sums on developing Jahanian, the President agreed that the reconnaissance now to be made might treat Jahanian as the proposed junction; there will be ample discussion before the project is finally approved.

4. Members of the Board will remember the discussion which took place as to the type of this central backbone line, Mr. Bagley being in favour of a 2'-6" gauge railway, Mr. Hadow holding that, as no fresh rolling stock would have to be provided, a cheap, light Broad Gauge Railway would be as cheap and preferable; while Mr. Scott was of opinion that neither would pay and that the backbone line should be an agricultural tramway not only as the best solution for the backbone, but also because if deprived of it, the agricultural tramway system would become a collection of isolated feeder lines, a system which the Board has already been convinced cannot pay.

5. The upshot for the present is that preliminary surveys for the backbone line on the Broad Gauge are to be made and that as the railway administration is unable to take this in hand Mr. Maclachlan, the Agricultural Tramway Engineer, will do it next October. As soon as the surveys are complete, land will be demarcated and reserved and will be available for the Broad Gauge line or for a tramway if the former cannot be demonstrated to be a paying proposition. These are the only railway and tramway schemes which have been more or less definitely decided on paper, and which affect the Nili Bar Area.

6. Some time ago in connection with the Provincial Development Loan I was called upon to estimate the total cost of providing all communications for the Nili Bar Colony. I had to draw very largely on my imagination, and the result was the note reproduced as annexure I to this note. Since then I have been trying to get to grips with the subject but have not so far been able to: Mr. Abbot has now however undertaken to get maps prepared of the actual area to be colonised; which has not yet been determined finally, and when these are ready we shall be able to proceed.

7. In the meantime I would like the Board to know that I propose to work out the whole scheme as soon as possible, and that there are certain matters to be considered, in addition to the suggestions made in my note already referred to.

8. It seems to me that the question of elevators has to be considered now and at once, nothing appears to have been done since in November 1920 when the Board at its meeting (4th November 1920) confirmed the recommendation of the sub-committee that a representative committee should be appointed to consider the matter; this is unfortunate for, as I will proceed to show, the lay out of the Nili Bar Colony will largely depend on this question.

9. I do not think the Lyallpur Elevator Experiment will ever prove anything more than has already been demonstrated, that is to say, that wheat passed through cleaning machinery and accurately weighed will command a better price than Mandi wheat. I regard it as impossible that the Lyallpur experiment can ever prove a financial success itself. Having been directly connected with the earlier stages of the experiment and having actually constructed a good deal of the elevator I have always taken an interest in it and have studied the question. I do not think it is generally realised that the Lyallpur design is not a local product. For reasons into which it is not now necessary to enter, the design was made in England and was forced on the Public Works Department, which was instructed to build it forthwith; those of us who had to deal with it were able to detect and rectify many errors in the design as we went along, but we never had opportunity to revise the design as a whole, and I have no hesitation in saying that it is radically wrong. For instance, the subsidiary elevators which have now been provided were suggested by us as long ago as 1914 or earlier; but we were overruled; they are absolutely necessary with the design as it is, but actually the design is wrong. In Lyallpur, and elsewhere in the Punjab, railway sidings and frontages are not expensive and the deep narrow design at Lyallpur is obviously influenced by the price of railway frontages at Manchester, etc. Having once lifted the wheat into bins it should be possible to run it straight into trucks—sacking it on the way if necessary—without further waste of power. However my contention is that beyond demonstrating that elevator wheat commands a preferential price, I do not think we can look to Lyallpur to demonstrate anything else likely to affect the argument.

10. Design is merely the equating of local requirements to local resources and if the former can be stated, the design is easy. It appears to me that the real difficulty is to state local requirements and that if this is realised the nervousness and diffidence with which we now approach the subject will vanish and the idea of importing an outside expert will be dropped. This expert would either have to wait till we could define our requirements for him, or as in the case of Lyallpur he would ignore them; and further he would not be in touch with local resources and again as in Lyallpur he would possibly provide us with a design utilising materials with which he was familiar but not necessarily utilising the cheapest locally available materials to the best advantage.

11. Before therefore we can decide whether to introduce the elevator system in the Nili Bar Colony, and a better opportunity of ending the vicious circle by exporting sufficient elevator wheat to influence Karachi, will never offer; we must work out a scheme and see what it will cost and whether it will pay. To do this we must first state our requirements, if we cannot no one else will be able to do it for us, and for this purpose, as a basis for argument, I propose to sketch out a very rough scheme which itself shows the points which have to be studied and settled; we are not at a stage yet when we can reduce these questions of communications to an exact Science, but we must get to grips with them.

12. My scheme is this: the present Mandi towns are far too widely scattered, we must arrange to take over the zamindar's produce from him at points which he can reach using his agricultural cattle; what that limit is, has never been calculated, it depends on many factors. I would put down a system of rural elevators so arranged as far as possible as to limit the average lead from the farmer to the elevator to this economic limit. Farmers situated near the elevators would benefit by hiring out their cattle to haul for those more distant. Each elevator would collect round it a small market town with cotton ginning factories and presses, and so forth, and would also be a centre of distribution for incoming goods.

Each market town would be connected with the area it served by a radial system of either metalled, or improved earth, roads, and might be an educational centre with big schools drawing pupils from the surrounding area. Traffic whether in-going or out-going would be collected at centres well within reach of the farmer and thence by agricultural tramways with the railway; the traffic on these tramways would thus be very largely terminal which would make for efficiency and ease of management.

13. To return to the elevators; if we can determine the intervals at which they are to be spaced we can calculate the turn-over they will have to handle and the amount of storage necessary, and we can then proceed to design them with locally available materials; there is no great difficulty; another question is their management, this *primâ facie* should be by some co-operative arrangement among the farmers concerned. Again, is the wheat from the rural elevators to be bagged ready for shipment on the Broad Gauge line, or is it to be carried in bulk tramway wagons, and passed through a junction elevator on the Broad Gauge line (if the main system is to be tramways this will be at Jahanian) and bagged there, or will it go in bulk to Karachi? A decided policy now will, seeing the area involved, influence the railway and Karachi towards preparing to handle bulk wheat. These are some of the many questions to be settled, and we can settle them ourselves, or at least make up our minds what we want before calling in outside assistance.

14. There is no time to lose, the irrigation works are well in hand and our communications, which have to be ready as soon as irrigation water is available, are still in the air, funds for communications have also been provided for in the loan, and we want to be able to start when money is available. I would have brought the matter up before only that I wished to be able to place some definite scheme, however rough, before the Board; this has not been possible, and I think the Board should realise what a great deal there is to be done and how time is passing. As soon as I can get the maps showing actually what land is to be colonised, I propose to set to work and to lay down one or two alternative systems on paper. I shall work in touch with the Irrigation Branch and with Mr. Maclachlan, but if possible before seeing details of cost I would like the Board to answer or to take steps to have answered, the various queries raised about elevators.

The cost of the elevator system proposed will be considerable but for one thing a properly designed system should pay a good return on capital outlay and the sale of market town sites should cover no small part of the capital cost.

K. G. MITCHELL,
Secretary, Communications Board, Punjab.

ANNEXURE I.

COMMUNICATION IN THE NILI BAR COLONY.

1. *Rail.*—As regards British territory the Communications Board has so far been able to suggest the immediate demarcation and investigation of a special light type broad gauge line midway between the Sutlej Valley line and the Montgomery line length 100 miles, cost Rs. 75,000 per mile, total Rs. 75 lakhs. If this line is ever to be built, present indications are that it will have to be financed either by the Local Government or by public subscription; the experimental nature of the line precludes the latter and it must therefore be provided for in the Provincial Loan (I attach a copy of a note recorded on this subject by Colonel Walton, Deputy Agent, North-Western Railway, as a result of an interview).

Subsidiary to this a system of tramways is under discussion, I am at a loss to estimate the cost of these as the tramway supporters (Messrs. Scott and Maclachlan) do not advocate them for short feeders but urge the advantages of ... backbone where the light broad

The alternative all tramway scheme (of the cost of which intimation has already been furnished by Mr. Scott in connection with funds required for tramway generally) which may eventuate if the prospects of the light broad gauge backbone are unpromising is for 304 miles at Rs. 28,000 = 87 lakhs.

2. *Roads.*—We next come to roads, about which we have so far no decision: I propose as follows, the improved and properly maintained type of earth roads will be the notable feature, for this purpose I would align all roads as far as possible on canal boundaries where essential water will be available for maintenance; wherever circumstances permit I would make the location of towns and other lines of communications subordinate to this consideration, further I would reserve a square or rectangle of land adjoining a road at every five miles or so (the proportion will have to be worked out) to be given out on consideration that the farmer maintains by dragging and watering the length of road to which it applies: when the road develops into some form when it can no longer be maintained by the farmer the land can be sold. This is reverting to the dawn of road maintenance, and feudalism, but for earth road maintenance is full of promise. I would not entirely rule out the metalled road however, though it will very probably take some other form than that we at present have. To arrive at some idea of the mileage of roads it will be necessary to construct in the first instance I have made certain broad assumptions :—

(*a*) that the stage of development reached in certain districts which have been colonised for some time, gives the order, if not the model, of the road mileage we wish to provide at once,

(*b*) that the Nili Bar area is 1,200,000 acres or 1,870 square miles, the whole area within limits of the project being about four million acres or 6,000 square miles, but that the Nili Bar is the area to be colonised, with possibly certain extensions into the already inhabited areas adjoining ; I have therefore assumed the problem to be the equivalent to the complete provision of roads in an area of 2,000 square miles on a scale equivalent to that achieved to date in established colonies,

The figures below are taken from various blue books :—

Districts.	Area in square miles.	METALLED ROADS.		KATCHA ROADS.	
		Total.	Per sq. mile.	Total.	Per sq. mile.
Lyallpur ...	3,317	116	·035	1,079	·325
Amritsar ...	1,561	144	·092	281	·180
Montgomery ...	4,603	38	·008	2,243	·487
Averages ...	...	...	·045	...	·331

The differences are so remarkable in the above figures that a mean can only give the crudest index of what is wanted, but I assume an index figure of ·04 in the case of metalled, and ·30 in the case of unmetalled roads and arrive at—

		Rs.
80 miles metalled at Rs. 20,000	... ...	16,00,000
600 miles katcha at Rs. 5,000	... ...	30,00,000
Total	...	46,00,000

3. *Post, Telegraphs and Telephones.*—Present indications are that the Government of India will be unable to provide these facilities in advance unless the Local Government advances the money. I am not in a position to estimate the cost of these services but at a guess I would say between ten and twenty lakhs.

4. *Accommodation for travellers.*—As a matter of good salesmanship if Government is providing good communications in advance it would be a good policy to do every thing possible to assist the prospective purchaser to view the land and facilities offered for sale, and I would advocate the spending of some ten lakhs on serais and modest water supply at a very early stage.

The total expenditure probable therefore is—

		Rs.	
Rail and tramway	... ...	132	lakhs.
Roads	... ...	46	„
Post, Telegraph and Telephone	... ...	20	„
Accommodation for travellers	.. ..	10	„
Total	...	208	„

If the all-tramway system is built the total will be reduced by Rs. 45 lakhs.

The figure arrived at is remarkably close to that mentioned by Sir John Maynard eighteen months ago and completely justified (see pages 55—57 of the Sutlej Valley Project).

As regards the period over which the expenditure is to be spread : in the figures already furnished by Director of Industries to the Loan Committee he suggested the completion of the 87 lakh tramway system in two years. I hesitate to correct the authors of the scheme, but cannot think this feasible : such a performance might be possible if commencement were delayed till the whole colony was laid out and ripe for development ; in the circumstances a two-year programme, when the irrigation project will take four years and the sale of the land another ten appears neither desirable nor advisable. I prefer to fix a period for the completion of the whole scheme of communications at six years, and to concentrate on one or other branch as the march of events may dictate.

I would estimate the expenditure as follows :—

Year.		*Lakhs.* A.	B.
1st	... ...	25	25
2nd	... ...	35	25
3rd	... ...	40	30
4th	... ...	40	30
5th	... ...	40	30
6th	... ...	30	25
		210	165

A is if the light B. G. line is built, B is for all-tramway.

I will get to work on the road scheme. I am consulting Director of Industries about Mr. Maclachlan's taking up the B. G. survey.

This estimate does not deal with the development arising out of the proposed Haveli and Bhakra Dam Schemes.

K. G. MITCHELL.

ANNEXURE II.

Reference paragraph 3 of Agent's note, dated 3rd February 1922, on specail meeting of Communications Board, 1st February 1922.

MR. MITCHELL, Secretary, Communications Board, has received instructions to prepare for the Punjab Government an approximate estimate for improvements to communications in the new colony area and has asked whether he should include the cost of light broad gauge railway of about 100 miles at Rs. 75,000 per mile between the Raewind-Khanewal and Sutlej Valley lines.

2. Agent, North-Western Railway, thinks that he might include this but he should add a note that it will be necessary for the Punjab Government—

(1) to approach the Government of India for permission to finance such a railway and

(2) to offer favourable terms for working in consideration of the benefit they will obtain by the early provision of this line of communication.

3. As regards demarcation of land there is considerable difficulty at the present time in obtaining funds from the Railway Board for surveys of new lines and it would therefore help matters if the Punjab Government will allow Mr. Maclachlan to carry out the survey in consultation with the North-Western Railway.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training.

Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games.

Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships.

Government scholarships will be tenable at the College.

Fees.

Library	1	0	0	per term.
University Fee	3	0	0	per annum.

NOTE.—All fees must be paid before the 15th of the month for which they are due. The Principal has power to remit half the fees in the case of a limited number of poor students.

General Rules.

Admission.—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence.

Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness.

If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations.

House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery.

Students will provide their own books and note-books.

THE BOARDING HOUSE

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees.

From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice before leaving, otherwise the fee for the ensuing term becomes due.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Proceedings of the Third Regular Meeting of the Punjab Electricity Board held in "Ellerslie," Simla E., on the 20th July 1922.

PRESENT:

The Hon'ble Lala HARKISHAN LAL, B.A., Bar.-at-law, Minister for Agriculture, Punjab (*in the Chair*).

E. R. ABBOTT, Esq., C.I.E., I.C.S., Financial Commissioner (Development), Punjab.

A. S. MONTGOMERY, Esq., Chief Engineer and Secretary, Public Works Department, Buildings and Roads Branch.

W. P. SANGSTER, Esq., Chief Engineer and Secretary, Public Works Department, Irrigation Branch.

E. A. SCOTT, Esq., O.B.E., Director of Industries, Punjab.

Lieut.-Colonel B. C. BATTYE, D.S.O., R.E., Superintending Engineer, Hydro-Electric Circle, Simla.

G. H. HUNT, Esq., Assistant Executive Engineer, Hydro-Electric Circle, Simla.

Lala MULK RAJ, Managing Director, The Punjab Co-operative Bank, Limited, Lahore.

F. L. MILNE, Esq., M.I.E.E., Electrical Engineer to Government, Punjab (*Secretary*).

AGENDUM 1.—*To read and put for confirmation the minutes of the second regular meeting held on June the 29th, 1922.*

The minutes of the last meeting were taken as read and confirmed.

AGENDUM 2.—*To consider the action taken by the Secretary on the Proceedings of the last meeting.*

The Secretary read the action taken by him on the minutes of the previous meeting—

(*i*) Mr. Montgomery stated that he considered the rules of business may require amending with particular reference to Rules (III) (*c*) and (V). With regard to the former he proposed to go into the matter and, should he consider it necessary would place his proposals before the Board for consideration; as regards the latter the President pointed out that the rules could be amended later on if found necessary.

(*ii*) With reference to Agendum 8 (*b*) of the last meeting, Mr. Montgomery stated that an estimate for Rs. 60,000 (round) had been sanctioned for the Punjab Hydro-Electric Surveys up till 30th September 1922. That this sum of Rs. 60,000 was a debit against the budget grant of Rs. 80,000, which latter was originally intended to cover both the Hydro-Electric Surveys of the Province and the formation and working of the Electricity Board up till the end of the current financial year, *i.e.*, 31st March 1923. He said that he did not know the amount spent by Major Aylward so far on the Surveys, but, judging by the fact that the estimate of Rs. 60,000 (round) had been sanctioned for the work up till 30th September 1922 only, it would appear that the surveys would either have to be abandoned about that time or expenditure on them reduced for the remainder of the financial year to such a figure as would be covered by the balance of the grant of Rs. 80,000 that would be left after all debits against both the sanctioned estimate of Rs. 60,000 and the working of the Electricity Board had been met.

The above remarks of Mr. Montgomery led to a discussion on the administration of Major Aylward's Department and Mr. Abbott stated that he understood Major Aylward's was working under the orders of Colonel Battye. Mr. Montgomery explained that up till the present time Major Aylward was working independently under the Chief Engineer, Buildings and Roads, direct, and that he was not required to submit his reports to Colonel Battye, but that he (Mr. Montgomery) understood the intention was that these reports would be submitted to the Electricity Board for disposal.

RESOLVED—

(*a*) that Major Aylward be asked to submit a statement showing the expenditure to date on the sanctioned estimate of Rs. 60,000;

(*b*) that this Board advises that the Hydro-Electric Surveys of the Province should be conducted under the supervision of the Superintending Engineer, Hydro-Electric Circle, who should

AGENDUM 3.—*To consider the final project estimates for the Nangal Hydro-Electric Scheme.*

RESOLVED that the project estimates be considered by a sub-committee consisting of—

Mr. Abbott, Colonel Battye, Sir Daya Kishan Kaul, Mr. Milne with Messrs. Miles Irving and Foy as co-opted members.

AGENDUM 4.—*To consider Colonel Battye's report on item (vi) of the Resolution on Agendum* (2) *of the second regular meeting of the Board.*

Colonel Battye said that the cost of making a detailed survey and preparing an estimate of the cost of the Madhopar Scheme would be approximately Rs. 15,000 for one alternative and Rs. 20,000 for two.

RESOLVED that the surveys be kept pending until the report of the Sub-Committee appointed to scrutinize the Nangal Project Estimates had been considered by the Board.

AGENDUM 5.—*To consider the recommendations of the Special Committee appointed to settle upon the site of the headquarters of the proposed new district at Pakpattan, in regard to a supply of electricity for the new area.*

RESOLVED that the matter be referred to Mr. Milne in his capacity of Electrical Engineer to the Punjab Government.

AGENDUM 6.—*To consider the application of the Gujranwala Municipal Committee to invest capital in a Joint Stock Company which it is proposed to form for the purpose of carrying out a public electric supply undertaking for the town.*

Mr. Milne explained that he had already prepared and submitted a preliminary report on a scheme to the Gujranwala Municipal Committee.

RESOLVED that the scheme be referred to a sub-committee consisting of—

Messrs. Abbott, Scott, Mulk Raj and Milne to scrutinize and report to the Board with particular reference to the commercial aspect of the scheme.

AGENDUM 7.—*To decide on a date for the next regular meeting of the Board and discuss any other matters put before the Board.*

(*a*) *To re-consider the resolution on Agendum 7 of the second regular meeting, regarding the Multan Electric Supply Co.'s rates.*

RESOLVED that items (*d*) and (*e*) of the schedule of rates proposed by the Multan Electric Supply Co. should be subject to a discount of 12½ per cent. for prompt payment.

(*b*) *To consider the necessity of all Municipal Bodies obtaining the approval of the local Govenment to electrical plant they propose to instal.*

RESOLVED that as this matter is already being disposed of by the Secretary, Public Works Department, Buildings and Roads, no action on the part of the Board is necessary.

(*c*) *To consider the application of the Amritsar Municipal Committee for administrative sanction to carry out, at their own expense, an extension to their electric supply.*

RESOLVED that the Board recommends that administrative sanction be given to the Amritsar Municipal Committee to carry out, at their own expense, an extension to their electric supply undertaking at an estimated cost of Rs. 1,26,940.

(*d*) *To consider letter No. 1496, dated 17th July 1922, from the Jullundur Electric Supply Co., asking whether Government can guarantee a bulk supply to the Company from the Nangal Project.*

RESOLVED that the letter of the Jullundur Electric Supply Co. should be placed before the Board again after the Sub-Committee's report on the Nangal Project Estimates has been submitted to the Board.

(*e*) RESOLVED that the next meeting of the Board be held on Tuesday, the 22nd August 1922, at 11 A. M.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. Government scholarships will be tenable at the College.

DEBATES OF THE PUNJAB LEGISLATIVE COUNCIL

DEBATES of the Punjab Legislative Council are not now published in the *Punjab Government Gazette*, but are printed separately in pamphlet form, copies of which are obtainable from the Superintendent, Government Printing, Punjab, Lahore.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Minutes of the Sixth/22 Meeting of the Communications Board, Punjab, held at Ellerslie, Simla, on Wednesday, the 6th September 1922, at 2 P.M.

PRESENT:

The Hon'ble Lala HARKISHAN LAL, Minister for Agriculture, *in the Chair.*

Mr. A. S. MONTGOMERY, Chief Engineer, Punjab, Buildings and Roads Branch.

Mr. W. P. SANGSTER, C.I.E., M.L.C., Chief Engineer, Punjab, Irrigation Branch.

Mr. E. A. SCOTT, O.B.E., M.L.C., Director of Industries, Punjab.

Mr. A. J. GIBSON, M.L.C., Chief Conservator of Forests, Punjab.

Khan Bahadur Syed MEHDI SHAH, C.I.E., O.B.E., M.L.C., Gojra.

Rao Bahadur Chaudhri LAL CHAND, O.B.E., Rohtak.

Lala RATTAN CHAND, O.B.E., Honorary Magistrate, Amritsar.

Syed MOHAMMAD HUSSAIN, M.L.C., of Shergarh, Montgomery District.

Mr. K. G. MITCHELL, *Secretary.*

CO-OPTED.

Mr. E. R. ABBOTT, C.I.E., I.C.S., M.L.C., Financial Commissioner (Development), Punjab.

I.—The Secretary read a letter from the Agent, North-Western Railway, pointing out that for the words " Local Provincial Council " as used in the minutes of last meeting at item V should be substituted the words " Local Consulting Committee."

The President remarked that in future this body would be referred as the " Local Consulting Committee " and not as the " Local Provincial Council," but that it did not appear to be necessary to alter the minutes of proceedings.

The minutes were confirmed.

II.—*Reconsidered the question of constructing trunk telephone lines between Lahore and Lyallpur and Lahore and Ferozepore.*—The Secretary stated that he had ascertained that the Local Government was prepared to give the necessary guarantee of revenue with respect to the Lahore-Lyallpur and Lahore-Ferozepore trunk telephone lines, if financial provision could be made, and that it was therefore unnecessary for the Board to press this matter on the attention of the Local Government. Noted.

III.—*Considered the question of providing bridges over the Deg Diversion Channel.*—The note setting out the question under discussion (without the map) is reproduced as Appendix I.

It was also stated on the authority of the Chief Engineer, Irrigation Works, No. 02706-N. I., dated the 29th of August 1922, that the difference of cost between the footbridge and a bridge for wheeled traffic at R. D. 71,000 would be as follows :—

	Rs.
Total cost of cart-bridge	2,40,042
Cost of foot-bridge (Irrigation Branch share) ...	1,48,000
Difference (Communications Board share) ...	92,042

The President remarked that he did not think that this was quite the question before the Board but was one which might be left to the Standing Finance Committee and the Council. The Board was asked to advise as to whether a bridge was necessary at one or both places, and who should pay for the bridge or bridges which it might recommend as being necessary. The actual execution of the work or works recommended would depend upon the funds which it might be possible for the Local Government to provide when the time came.

The distribution of cost was left for departmental discussion between the Irrigation Department and the President of the Communications Board.

IV.—*Considered the Report of a Sub-Committee consisting of Messrs. Abbott and Montgomery, Khan Bahadur Syed Mehdi Shah and Syed Mohammad Hussain, and Mr. Mitchell regarding—*

(a) *Distribution of grants-in-aid for Colony and metalled roads ;*
(b) *supplementry Grant required by the Board during the current year ;*
(c) *allowance proposed to be given to the Head Clerk and Second Clerk of the Communications Board Office ; and*
(d) *budget for next year.*

The report is reproduced as Appendix II.

After some discussion the Board approved of the recommendations with respect to grants-in-aid. It also approved of the recommendations with respect to the supplementary grant for the current year, and directed that the Secretary should apply to Local Government for this, suggesting a reappropriation from Quarry Development It also supported the recommendations of the Sub-Committee with respect to the allowances which it recommended for the Head Clerk and Second Clerk of the office. It approved of the proposed budget for next year with one exception. It did not consider it advisable at this stage to amalgamate the two grants for " colony roads " and for " bridges and metalled roads " into one, as proposed by the Sub-Committee, and decided that demands should be made as heretofore for six lakhs for " bridges and metalled roads " and three lakhs for " colony roads."

Mr. Scott enquired why no provision had been made in the budget for the employment of the Agricultural Tramway Engineer during next year.

The Secretary explained that Mr. Scott had more than once informed him, and that he felt also, that the terms under which the Agricultural Tramway Engineer was employed, although suitable for temporary employment for one year in the first instance, required revision if the appointment was to be extended more or less indefinitely. He (the Secretary) had been trying to find an opportunity to reconsider these terms and had thought that such an opportunity would occur when the fate of the Lyallpur and Jhang Agricultural Tramway Scheme had been settled, and a definite step taken towards the construction of these tramways. As a decision about the Lyallpur and Jhang Tramway Scheme had appeared to be imminent during the last two or three months he had held on hoping to be able to budget on the new basis, but this was evidently not possible.

The Board instructed the Secretary—

(a) to make budget provision for next year for the Agricultural Tramway Engineer on the existing terms of employment ; and
(b) to lay papers and proposals concerning this officer before the Board at the next meeting when the question of terms of re-employment would be discussed.

V.—*Considered Secretary's note on Inland Water Transport in the Province.*— Postponed.

VI.—*Considered certain matters with respect to the Lyallpur and Jhang Agricultural Tramway Project.*—The President explained that Mr. Scott had submitted a resolution which he wished to bring before the present meeting to the effect that the Communications Board should apply to Government for

permission to raise a loan of 60 lakhs to carry out the Lyallpur and Jhang Tramway Scheme. This resolution, the President explained, was substantially the same as the earlier proposal that the Local Government should make provision for this project in the Development Loan. This, the President understood, the Government of India would not allow and he did not think much would be gained by passing a resolution urging the Local Government to do something which it was prepared, but was not allowed to do. He understood, however, that Mr. Scott's resolution was really only intended to keep the matter alive, and that Mr. Scott was not particularly wedded to the actual terms of his resolution; and he thought that the matter might be discussed on the following lines:—

(At this stage Mr. Miles Irving attended.)

The Government of India having refused to allow the Local Government to borrow money for this project three courses were open—

(1) to drop tramway schemes indefinitely;
(2) to wait until such time as the Government of India was disposed to allow money to be borrowed and to make yearly applications to this effect; and
(3) to fall back upon private enterprise.

He asked Mr. Miles Irving what would be the advice of the Finance Department if the question was put to it in this form. Mr. Miles Irving stated that in the circumstances he would advise private enterprise.

The President then said that when he had been in Bombay recently he had made enquiries as to whether private enterprise would be likely to come forward to take up these schemes, and he had suggested that possibly the Local Government might be prepared to offer a guarantee of interest at least as good if not slightly better than that which obtains for railway branch lines; and he asked Mr. Miles Irving whether the Finance Department would agree to the giving of such a guarantee. The reply to this was that the Finance Department would require to examine the schemes and the probable liability of Government in each case, but that if the scheme was a good one he had very little doubt but that the guarantee could be given, in which case he thought it only fair that Government should share in the excess profits over and above the rate of interest guaranteed as has been suggested in other cases.

The President then stated that he understood that Mr. Scott on the one hand was still very anxious to see the scheme financed and carried out by Government, while Mr. Mitchell was anxious to see the scheme carried out somehow as he felt that things were not advancing at all; and he asked Mr. Scott how he viewed the guaranteed private enterprise just discussed.

Mr. Scott replied that he would not oppose this course if it were definitely shown to be impossible for Government to finance the project, but he did not think that the merits of the scheme had been sufficiently pressed upon the attention of the Government of India, and that he would like to return to the charge. He stated that as far as he was aware the scheme itself had never been pressed upon the attention of the Government of India, and that the Finance Department of the Local Government had assumed the refusal of the Government of India by analogy, on the strength of the fact that certain other schemes for tanneries, &c., had not been considered suitable subjects for borrowing money; he was strongly of the opinion that, before the scheme under discussion was handed over to private enterprise a specific representation on the subject should be made to the Government of India with a view to obtaining permission to borrow money for it. He proceeded to say that there appeared to be an insuperable obstacle to the construction of this project by private enterprise, which was that, at a meeting of Heads of Departments the day previously, Mr. J. H. White, Chief Engineer with the Railway Board, had unofficially on behalf of the Railway Board intimated th[...]

might think fit; and that the only mitigation which the Railway Board was prepared to make to these very severe terms was a promise of immunity from such interference for the next six years, and after that in the case of tramway lines totally ruined by parallel railways some entirely inadequate compensation. No private enterpise would, Mr. Scott thought, come forward under these conditions.

The President and several members stated that in these circumstances not only would private enterprise not come forward, but that they could not advise the Local Government to invest money in the concern. But Mr. Scott thought that the Local Government would be in a stronger position than a private company, in that it could fight the Government of India when the latter proposed to construct a competitive railway, while a private company could not. The general feeling of the meeting was, however, that if this condition were insisted upon it would be practically impossible to proceed with these tramway schemes by any agency whatsoever; and it was finally decided that, before the question of agency could be settled, the project should be again referred to the Government of India with the intimation that the Local Government could only see its way to proceed therewith on a guarantee from the Railway Board of immunity from interference by a standard gauge railway for 25 years, and that if this guarantee of immunity could not be given for the whole project, the Railway Board should intimate on what particular portions of the proposed system such guarantee could be given.

VII.—*Considered letter dated the 17th August 1922, from Syed Mohammad Hussain, M.L.C., regarding Nokhar Branch Canal road to be used as public road (district Gujranwala).*—Postponed in order to enable the Chief Engineer, Irrigation Branch, to send for certain papers on the subject.

VIII.—*Considered Government of India, Railway Board, letter No. 1260-F., dated 24th June 1922, in connection with the future management of Indian Railways.*—After some discussion the Board decided that owing to the short time at its disposal it was unable to formulate any definite opinion.

IX.—The next meeting of the Board will be held on Thursday, the 19th October 1922, at 11 A.M., in the Committee Room of the New Legislative Council Buildings, Lahore.

K. G. MITCHELL,
SECRETARY,
Communications Board, Punjab.

HARKISHAN LAL,
PRESIDENT,
Communications Board, Punjab.

APPENDIX I.

QUESTION OF PROVIDING BRIDGES OVER THE DEG DIVERSION CHANNEL.

ON the accompanying blue print is shown in red the Deg Diversion bund, alongside which is the Deg diversion channel which diverts the Deg and other nullahs into the Ravi in the neighbourhood of Sharakpur. This diversion has been constructed by the Irrigation Branch in connection with the Upper Chenab Canal, and some liability rests with the Irrigation Department to restore communications interrupted by the creation of this new channel. At the extreme north of this map will be seen marked the site for the proposed bridge at chain 51,000 of the bund, on the road from Sharakpur to Sheikhupura, and in the neighbourhood of Sharakpur will be seen marked a site for the proposed bridge at chain 51,500 on the road from Sharakpur to Mangtanwala.

2. The road from Sharakpur to Mangtanwala will be a link in the eventual Lahore-Bhakkar trunk road and this bridge will eventually be on that trunk road. The Irrigation Department has recognised its liability with respect to the bridging of this channel by agreeing to construct a road bridge at chain 51,000 ; and as a corollary it was once decided that a similar bridge should be built at 71,500, but that the liability of the Irrigation Branch with respect to this should be limited to the cost of a foot-bridge at this point which, it was considered, was the utmost which the Irrigation Department could with reason be called upon to provide, the balance of the cost of the bridge at 71,500 was nominally to have been met by the District Board of Sheikhupura, but since this Board is a young one and apparently without resources, the burden of the District Board share would probably have fallen upon the Communications Board. The cost of the road-bridge at either of these sites is estimated at about three lakhs. The cost of a foot-bridge has not been intimated.

3. The District Board, however, does not consider that a bridge at chain 51,000 is absolutely necessary, and is prepared to waive its claim for the construction of this bridge provided that the Irrigation Department will in lieu bear the otal cost of constructing a bridge at 71,500, and also provide a suitable ferry at 51,000. Mr. Casson, Financial Commissioner, when forwarding the decision of the District Board to the Communications Board, stated that he would not feel satisfied with the provision of a ferry at 51,000, but would accept nothing less than a permanent bridge-of-boats.

4. The President of the Board visited the two sites on the 7th instant accompanied by the Deputy Commissioner, Sheikhupura, the Executive Engineer, Sheikhupura, Upper Chenab Canal, and the Road Engineer, and came to the following conclusions :—

(1) That if the road-bridge is placed at 71,500, the detour for such traffic which cannot use the crossing arrangements at 51,000, and which wishes to proceed from Sharakpur to Sheikhupura will be only about $1\frac{3}{4}$ miles, and moreover the bridge at 71,500 will be on the projected Lahore-Bhakkar trunk road. On the other hand, if the road bridge is provided at 51,000 the detour for traffic wishing to proceed from Sharakpur to Mangtanwala, which cannot use the crossing arrangement at 71,500, will be about six miles. The bridge should therefore be placed at 71,500.

(2) That an improved type of ferry running on a wire rope stretched from bank to bank (although the velocity of the current will apparently be at no time sufficient to drive the ferry across) will serve the requirements of the case at chain 51,000.

5. In proposing a permanent bridge-of-boats Mr. Casson presumably did not realise the conditions which exist at this place. For many months in the year the channel will be practically dry or carry a very small amount of water ; and the boats will either sit in a few inches of water, or "high and dry." The seams will open and when a flood comes down the boats will sink. When they have got thoroughly saturated and will float again the bridge will be re-established, but will in all probability occasionally be outflanked on the left bank (though only for a few hours at a time) at times of excessive floods. A ferry will not be open to any of these objections and would at any rate for some years to come be all that is necessary.

6. A cart-bridge should therefore be provided at 71,500 and a permanant ferry at 51,000 ; and the question arises as to who shall pay for providing these. As has already been stated the Irrigation Branch has accepted its liability for the provision of a cart-bridge and a foot-bridge ; and as it may safely be assumed that the cost of providing a permanent ferry will be less than the cost of providing a foot-bridge, the position is that the Irrigation Branch has already accepted the financial liability for all the expenditure necessary (if the Irrigation Department provides both the cart-bridge and ferry, it would be reasonable, the President thinks, to require the District Board of Sheikhupura to maintain and work the ferry).

7. I understand, however, that the Irrigation Department considers that its liability to provide a cart-bridge is with respect to a particular site, that is to say, the site at 51,000, and that if, as has been decided, a cart-bridge is not necessary at *this* point, then the liability of the Irrigation Branch lapses.

8. The President has decided to ...

APPENDIX II.

Report of the Sub-Committee appointed by the Board of Communications to consider—

(1) the distribution of grants-in-aid for—

(a) Colony roads;

(b) Bridges and Metalled Roads;

(2) the supplementary grant required during the current year;

(3) the allowance which it is proposed to pay to the Head Clerk and Second Clerk of the Communications Board Office;

(4) the budget for next year.

The members of the Sub-Committee were—

Mr. E. R. ABBOTT, C.I.E., I.C.S., Financial Commissioner, Development, *Chairman*.

Mr. A. S. MONTGOMERY, Chief Engineer, Punjab, Public Works Department, Buildings & Roads Branch.

Khan Bahadur SYED MEHDI SHAH, C.I.E., O.B.E., M.L.C., of Gojra.

Syed Mohammad Hussian, M.L.C., of Shergarh, Montgomery District.

Mr. K. G. MITCHELL, *Secretary*.

I.—In dealing with demands we have, broadly speaking, refused to consider projects to which administrative approval has not been accorded. It appears to us that District Boards have not previously considered their schemes for road construction, but when called upon to furnish demands for grants-in-aid have proceeded to create '*ad hoc*' and to submit a large number of unapproved projects. It will be as well, when the Board has approved the grants we propose, to draw the attention of Commissioners to this point and also to the delay which has occurred in submitting applications to the Board.

In dealing with applications for grants under both heads we have based our proposals largely on the principle that the money available should be applied first to making reasonable grants towards the completion of projects already in progress, to which the Board or Government has already given grants-in-aid, and concerning which therefore it is not unreasonable for District Boards to hope that further contributions will be forthcoming. We consider that it is wrong to give a grant-in-aid to a new project, unless there are very exceptional reasons for this, until existing commitments have been met.

We have in one or two instances, as a corollary to this principle, recommended that a certain district should transfer funds allotted for work 'A', which has not yet been started, but to which a grant has been given, to work 'B' for which a grant was given last year and which is already in progress, intimating that when work 'B' has been completed further consideration of 'A' will be taken up.

We wish again to emphasize the necessity for placing finances of District Boards on a proper footing in order that when a new work is started it may definitely be ascertained whether or not the District Board will be in a position to maintain the work. At present demands for grants-in-aid usually contain the somewhat optimistic statements that funds for maintenance will be provided from District Board funds, whereas it is common knowledge that in practically every case District Boards have overbuilt themselves; and we would urge in the strongest manner possible that the Board again make representations to Government pointing out the urgent need for an early and thorough overhaul of the commitments and the finances of District Boards.

In this connection we would like to quote paragraph 4 of the report of the Sub-Committee which met last year to distribute grants-in-aid, which is as follows :—

"The Sub-Committee while making the distribution of these grants strongly felt that it should be brought to the notice of the Communications Board and through them to Government that the liabilities of maintenance are vastly increased, and that it will be impossible for the District Boards to keep the roads they propose to metal up to the proper standard unless Government is prepared to increase the consolidated grants which are made to District Boards for the upkeep of their roads. It is, therefore, suggested that the Communications Board pass a strong resolution to this effect and that it be passed to the Financial Department at once for giving effect to, as unless this is done the Sub-Committee is of opinion that a large proportion of the money which is proposed to be allotted to District Boards will be wasted."

Unfortunately this has so far not borne fruit.

(a) MONTGOMERY DISTRICT.

II.—*Demands for Grants-in-aid for Colony Roads*.—This district asks for a sum of Rs. 1,16,664 to complete works already in progress; Rs. 2,88,884 for works which have been administratively approved but not yet commenced; Rs. 23,000 for katcha roads and Rs. 20,000 for establishment.

As regards demands for works in progress we consider that the full amount demanded in the case of the Okara-Satghara Road and the Renala-Shergarh Road should be given as proposed by us in Statement A (attached.) In the case of the Montgomery-Pakpattan Road, however, for which a sum of Rs. 99,795 is demanded, we propose to earmark a sum of Rs. 50,000 which may be given if the result of certain enquiry which, we consider, should be made is satisfactory. This work has been in progress, we understand, for some time and very large sums have, we believe, from time to time been given towards it, and we recommend that before any further money is given the estimate and the accounts of the work be examined to see that the progress is commensurate with the sums which have been given and that the estimate has not been exceeded.

As regards the works not yet started we do not consider that it is necessary to give any money for katcha roads as we understand that all the katcha roads in this district have already been constructed. There is, moreover, no information before us as to how the District Board proposes to apply the sum it has asked for under this head.

For the rest we recommend that a grant of Rs. 1,50,000 be made to the District Board, Montgomery, for the purpose of metalling first five miles out of the mandi of each of the following roads in the order named :—

(1) Montgomery-Kabir.
(2) Okara-Gugera.
(3) Montgomery-Katorwala.
(4) Chichawatni-Sheikh Fazal.

If funds permit this policy to be continued next year.

We do not consider it necessary to advise the Board to contribute anything towards the cost of the establishment entertained by the District Board of Montgomery.

(b) JHANG DISTRICT.

The District Board of Jhang has put in a request for grant-in-aid for Rs. 50,000 towards the metalling of the first five miles of the Jhang-Lyallpur Road. Incidentally this does not come under the head "Colony Roads" and further we are unable to recommend that any grant should be given at present as no administrative approval has been accorded. We do consider, however, that the metalling of a few miles of this road out of Jhang is a desirable object which should receive favourable consideration when administrative approval is applied for in the regular course.

(c) MULTAN DISTRICT.

The District Board of Multan has asked for Rs. 2,23,000 for eleven different works for some of which, such as arboriculture, maintenance and pay of establishment, we do not consider anything should be given. At the same time the District Board admits that it has an unspent balance of Rs. 1,50,000 out of grants for colony roads, and as no grant under this head was made to the District Board last year, it is apparent that it has been hoarding this money for some time, and we do not consider it necessary that any further funds be given to it until the balance of Rs. 1,50,000, which is sufficient for the current year, has been expended. We recommend that the District Board be instructed that this money should be spent only on those works which have been administratively approved by this Board as colony roads.

(d) GUJRAT DISTRICT.

This district asks for a sum of Rs. 1,26,000 for metalling the road from Baha-ud-din to Phalia and Rs. 1,50,000 for raising and metalling the road from Kunjah to Phalia. It is manifestly impossible for the Board to give such large sums out of the grant, which totals Rs. 3 lakhs for the Province, to a district which includes only a comparatively small amount of new colony ; and the most we can recommend is a grant of Rs. 60,000 for the Baha-ud-din-Phalia Road. As far as this Board is concerned Kunjah-Phalia Road must wait till money is available. We understand that the earthwork in raising this road has been done and it will do no harm to allow it a year or two to settle before it is metalled.

The total distribution recommended is shown in Statement A attached leaving a balance of Rs. 23,131 for unforeseen demands.

III.—*Demands for Grant-in-aid for Bridges and Metalled Roads.*—A host of demands have been forwarded under this head and it is impossible to detail reasons for the actual proposals with respect to each demand. Included under this head will be found some demands which were preferred on account of the colony road grant, but which are works which cannot be regarded as appertaining to any colony, and which we have therefore transferred to this head. The reasons for grants we propose are given below. The reasons for rejection of other demands will be found in Statement B attached.

RAWALPINDI DISTRICT.

We propose to give Rs. 15,800, which is practically the total estimated cost of metal-

JHELUM DISTRICT.

We propose to give Rs. 25,000 towards the metalling of the Jhelum-Gatalian Road. This is a through road to Kashmir State and carries a good deal of traffic, and the District Board of Jhelum is a peculiarly poor one, but with this assistance will, we hope, be able to complete the work.

HISSAR DISTRICT.

We propose to give Rs. 15,000 towards the metalling of the Hansi-Meham Road on condition that the Road Engineer is satisfied that suitable arrangements have been made for maintenance. This work has been in progress for some years, and with the sum stated the District Board will be able to complete it. The Road Engineer reports, however, that when he visited this district in the spring no proper arrangements had been made for the maintenance of works already constructed. He brought the matter to the notice of the District Board, which has intimated that it is making suitable arrangements for maintenance during the current year. We recommend that the grant be given subject to the conditions proposed.

ROHTAK DISTRICT.

We propose to give a sum of Rs. 34,900, which will enable the District Board of Rohtak to complete the metalling of Rohtak-Gohana Road, which has been in progress for some years.

AMBÂLA DISTRICT.

We propose a grant of Rs. 50,000 to the District Board of Ambala towards the cost of metalling the Ambala-Naraingarh Road. Heretofore the total of Rs. 60,000 has been given in the form of ridiculously small grants spread over a number of years, and we propose a substantial grant in order that substantial progress may be made in the work. Naraingarh is completely cut off at present and we consider that the grant is justified.

GURGAON DISTRICT.

We propose a grant of Rs. one lakh towards the cost of metalling the Sohna-Rewari Road. At present Rewari is not connected by a metalled road with anywhere and the road is an important one. The Board last year initiated the project by giving Rs. 50,000 to the District Board for this purpose and was, we understand, fully aware of the fact that the District Board would be unable to contribute to the cost thereof, and that the whole cost would eventually have to be found by the Board of Communications. The total cost of the project is now estimated at Rs. 4 lakhs and work has been started at several places. In such cases it is very undesirable to delay the work and prolong construction over a long period and we think the Board should continue to give sums as large as possible till the work is completed. We understand from the report made by the Superintending Engineer that Rs. 90,000 will be required to complete the work in the miles in which work has already been commenced. We think that the grant is justified. At the same time we should require next year to be furnished with a programme of work proposed to ensure that the District Board by starting at various places does not commit the Board of Communications to a larger expenditure during the year than it can meet.

SHEIKHUPURA DISTRICT.

This district has during the early years of its existence got its grant for road construction into a somewhat confused state, and we propose that a lump sum of Rs. 14,000 as suggested in the note attached should be given.

GUJRANWALA DISTRICT.

We recommend that a grant of Rs. 10,000 be given towards the metalling of first four miles of the Gujranwala-Nowshera Road provided that the District Board of Gujranwala is prepared to contribute an equal sum from its own resources. The cost of metalling these four miles is estimated at Rs. 45,000, and if the District Board can find 50 per cent. of the cost, we think the Board of Communications might contribute the other 50 per cent., the four miles being completed in two years.

GURDASPUR DISTRICT.

We propose a grant-in-aid of Rs. 25,000 towards metalling the Gurdaspur-Shakargarh Road. This is an important road and the administrative approval was recommended by this Board some months ago.

MULTAN DISTRICT.

We propose a grant of Rs. 16,500 to complete the metalling of the Khanewal-Kabirwala road. This represents the total cost of metalling 1·28 miles which was omitted from the estimate previously approved for Rs. 49,727 against which this Board has already contributed Rs. 30,000, the balance having been found by the Multan District Board. We recommend this grant on the understanding that the whole road is completed without further delay.

LYALLPUR DISTRICT.

The District Board of Lyallpur applies for a grant-in-aid of Rs. 1,80,000 for completing the metalling of remaining 12½ miles of the Lyallpur-Jaranwala road which was taken up in 1921. This sum of Rs. 1,80,000 represents the difference between the estimated cost, *viz.*, Rs. 2,41,812 of metalling these 12½ miles and the Rs. 60,000 granted by the Communications Board last year. Actually a sum of Rs. 1,10,000 has already been expended including the Rs. 60,000 given by the Board, that is to say, the District Board has spent Rs. 50,000 from its own revenues. We do not consider that in the case of a district like Lyallpur there is any justification for the District Board to expect Government to pay the whole cost of its new construction, and we consider that the amount which the District Board has already spent from its own resources bears a suitable ratio to the amount which was contributed last year, and we therefore propose that a sum of Rs. 70,000 be given during the current year which will require the expenditure of a further Rs. 60,000 by the District Board of Lyallpur. We wish to make it a very definite condition to this grant of Rs. 70,000 that the District Board finds the rest of the money itself and completes the road without further delay.

DERA GHAZI KHAN DISTRICT

The District Board of Dera Ghazi Khan has some time ago submitted an estimate for administrative approval for metalling the Dera Ghazi Khan-Kot Chutta road. This has been returned to the District Board to obtain an assurance from the Superintending Engineer that its propoals are reasonable and that the road if constructed as proposed will be reasonably free from flood influence. The papers are not available but we consider that a sum of Rs. 50,000 might be reserved for this project when the estimate is finally approved.

MUZAFFARGARH DISTRICT.

The District Board of Muzaffargarh has no project under consideration for the metalling of new roads.

Our proposals will be found in Statement B, which shows a reserve of Rs. 23,800 for future unforeseen demands.

IV.—*Considered Secretary's proposal for a Supplementary Grant for the current year.*—We recommend that a supplementary grant of Rs. 13,000 be asked for to restore provision for travelling allowance for non-official members of the Board and of the staff and for contingencies, which were cut out of the budget; and to provide office accommodation for the staff of the Board rendered necessary by the expansion of the Public Works Secretariat. The de tails of the grant proposed are attached at Statement ' C.'

The Sub-Committee further recommends to the Board that in additi on to his allowance as Stenographer of Rs. 50 per mensem the Head Clerk of the Communications Board office should be given a Duty Allowance of Rs. 50, and that the Assistant Clerk should be given a Personal Allowance of Rs. 20 per mensem which is justified by the special circumstances of the appointment. The extra cost of these two allowances will amount to Rs. 840 a year, but provision has not been made in the present demand for a supplementary grant, as they have not yet been approved of by the Board.

V.—*Considered the Budget for next year.*— We recommend that provision to the extent of Rs. 56,240 may be made for the staff, travelling allowance and contingencies of Communications Board for the year 1923-24; also that the distinction between " Bridges and Metalled Roads " and " Colony Roads " heretofore observed should be dropped, and that a lump sum provision of Rs. 9 lakhs should be placed at the disposal of the Board for 1923-24 from which may be made grants-in-aid to District Boards for expenditure on " Bridges and Roads " generally, under the orders of this Board; further that a sum of Rs. 50,000 be provided in the budget for next year to continue the scheme of experiments started during the current year, and that in addition a further sum of Rs. 50,000 be placed at the disposal of the Board for developments and investigations at present unforeseen. A statement showing the total budget demand to be made is attached—Statement ' D.'

(*xvi*) ,, ...	Improvement to approach road to the town of Faridabad.
(*xvii*) ,, ..	Improvement to approach road to the town of Ballabgarh.

5. In the following case we are forced to propose that no grant shall be given because funds are short and because the grant given last year was not applied as directed by this Board :—

Ferozepore ... Metalling Ferozepore-Muktsar Road.

6. In the following case we recommend that the amount, Rs. 30,000, allotted last year should be spent before further grants are given; the work not having yet been started :—

Ferozepore ... Metalling Fazilka-Abohar Road.

Analysis of Lump sum Grant of Rs. 14,000 proposed for the Sheikhupura District Board under head " Bridges and Metalled Roads."

1. Grants received by the District Board, Sheikhupura—

	Rs.
(a) Transferred from Gujranwala District	67,954
(b) From Communications Board towards cost of Bridges over Deg Nullah.	80,000
(c) From Communications Board towards cost of Bridges over Deg Nullah.	5,000
(d) From Commissioner for constructing bridges over the Deg Nullah on the Mangtanwala-Nankana Sahib Road.	15,000
Total	.. 1,67,954

These sums have been largely expended on works other than those for which given; no good purpose can be served by calling on the Board to explain. In future we propose to watch the expenditure of these grants more carefully. The actual works undertaken by the District Board and the expenditure so far has been as follows :—

Re-constructing unmetalled roads in the District (called by the District Board " Colony Roads) " with the idea that this in some way justifies the division) :—

		Rs.
1.	Nankana-Mangtanwala Road, 11 miles	16,280
2.	Sheikhupura-Marh Road, 11 miles	16,711
3.	Marh-Nankana Road, 23 miles	42,093
4.	Marh-Sharakpur Road, 8 miles	10,305
	Total ...	85,389

This leaves Rs. 82,565 for future expenditure.

	Rs.
The following sums are required this year :—	
To complete Nos. 3 & 4 above	7,700
For a causeway over the Deg Nullah on the Marh-Sharakpur Road	2,000
For making a road along the Muridke Distributary 19 miles @ Rs. 400 per mile	7,600
For re-constructing the Sharakpur-Mangtanwala Road ...	30,000
For the Sayadwala-Jaranwala Road, 14 miles, and for the Sayadwala-Bucheki Road, 12 miles	40,000
For a road from Bhiki Railway Station to Miranpur ...	9,000
	96,300
Deduct balance of funds already allotted	82,563
Now required	13,737
Say ...	14,000

Many of these works have been in progress for some time, and administrative approval has probably been given. Before any more money is given the Road Engineer will satisfy himself as to the administrative approval in each case and as to the correctness of the proposed works on unmetalled roads.

Minutes of the Proceedings of a meeting of the Drainage Board held at Ellerslie, on the afternoon of September the 14th, 1922.

PRESENT :

C. M. KING, Esq., C.S.I., C.I.E., I.C.S., Financial Commissioner (*Chairman*).

A. S. MONTGOMERY, Esq., Chief Engineer, Buildings and Roads Branch, Punjab.

W. P. SANGSTER, Esq., C.I.E., M.I.C.E., Chief Engineer, Irrigation Branch.

A. R. MURRAY, Esq., Chief Engineer, Irrigation Branch.

A. R. ASTBURY, Esq., A.M.I.C.E., Sanitary Engineer to Government, Punjab.

S. M. JACOB, Esq., I.C.S., Director of Agriculture, Punjab.

Major A. MURPHY, O.B.E., Superintending Engineer, Punjab Drainage Circle.

B. H. WILSDON, Esq., B.Sc., I.A.S., Agricultural Chemist to Government, Punjab (By invitation).

C. C. GARBETT, Esq., C.M.G., C.I.E., I.C.S., Senior Secretary to the Financial Commissioners, Punjab (*Secretary*).

(1) Minutes of the meeting of the 5th May 1922, were read and confirmed.

(2) *Hudiára Nallah.*—A letter from Mr. Bate, dated the 30th March 1922, dissenting from the decision of the Board as regards the scheme of drainage to be adopted, together with a note thereon by the Chief Engineer, Irrigation Branch, North, was read. Mr. Sangster, Chief Engineer, promised to re-examine the point raised by Mr. Bate as to the possible difference in cost of the land to be acquired under the two alternative schemes.

(3) *Sarusti Nallah.*– Major Murphy's project was considered. It was resolved :—

(*i*) That in addition to $1\frac{1}{2}$ lakhs in hand, a sum of Rs. $1\frac{1}{2}$ lakhs be asked for expenditure in the next financial year.

(*ii*) That the Sub-Committee be asked to report on Major Murphy's revised scheme.

(*iii*) That if this scheme meets with the approval of the Sub-Committee, the District Board, Karnál, be informed and their consent and signatures to the estimates be asked.

(4) *Drainage Board's Research Scholar.*—(*a*) In view of the fact that the Institute at Harperden has, in addition to training Mr. Amar Nath Puri, assisted not less than four officials in their technical studies, and having regard also to the difficulty experienced by the Institute in finding provision for the purchase of instruments required for the effectual training of the Research Scholar, the Board proposed to recommend that a grant of £100 be made to it.

(*b*) It was decided to make Budget provision of £50 for touring expenses of the Research Scholar in England in the

(6) *Water Proof Lining Experiments.*—Major Murphy's report, dated the 12th August 1922, on the Water Proof Lining Experiments carried out at Rasúl was taken as read. (A printed copy had been circulated to all members.) The Board approved the continuance of the experiment for another two months provided that budget provision be not exceeded.

(7) *Thánesar Drainage Scheme.*—(*Vide* Major Murphy's note, dated the 14th April 1922.) Major Murphy reported that preliminary steps were being taken and investigations completed preparatory to proposals for the employment of a Survey Staff.

(8) *Palwal Drainage Scheme.*—Rs. 7,086 were sanctioned by the Board at their meeting on October 29th, 1921, for a Survey preliminary to the preparation of a Drainage Scheme at Palwal. No report or plans have been received. The Secretary was directed to enquire from the Deputy Commissioner, Gurgaon, as to how this money has been spent.

(9) *Dasúya Tahsil Survey Scheme.*—The Board expressed approval of the estimate submitted on the 29th October 1921, of an amount of Rs. 26,902 and recommended that the scheme be included in the current year's programme of work.

(10) The Board approved the following budget for the year 1923-24:—

***Establishment*—**

		Rs.
A.—		
1.	Drainage Engineer and his office staff	31,000
2.	Contingencies for the Drainage Engineer's Office ...	2,000
3.	Drainage Board Clerk's pay	800
4.	Contingencies for the Drainage Board Office	400
	Total	34,200
B.—		
5.	Research Scholar in England with travelling allowance ...	4,500
C. Works—		
6.	Sarusti Nallah	1,50,000
7.	Hudiára Nallah	5,00,000
8.	Excavation of Palwal Drain	30,000
9.	Dasúya Tahsil Survey in the Hoshiárpur District	11,000
10.	Unforeseen	1,50,000
	Total	8,41,000

The Board also resolved—

"That Government should be asked to sanction the total sum required as a lump sum to be distributed by the Board."

The President stated that if necessary he would defend the demand item by item in the Council.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Proceedings of a meeting of the Board of Economic Enquiry (Rural Section) held in the Financial Commissioners' Room, Lahore, at 11 a. m. on Friday, the 13th October 1922.

PRESENT:

C. M. KING, Esq., C.S.I., C.I.E., I.C.S. (*Chairman*).
W. W. POWELL, Esq., I.C.S., Registrar, Co-operative Societies, Punjab.
Professor SHIV DIAL, M.A.
Professor BRIJ NARAIN, M.A.
Professor W. H. MYLES, M.A.
Mr. W. ROBERTS, B.C.G.A., Khánewál.
Revd. CANON GUILFORD.
D. MILNE, Esq., Principal, Agricultural College, Lyallpur.
H. R. STEWART, Esq., Professor, Agricultural College, Lyallpur.
Mr. ANAND NARAIN SEWAL, B.A., LL.B.
C. C. GARBETT, Esq., C.M.G., C.I.E., I.C.S. (*Secretary*).

1. Professor Myles was elected Secretary in place of Mr. Towle, resigned.

2. Punjab Government letter No. 21195-R., dated 14th August 1922, and endorsement No. P. A.-592, dated 25th August 1922, from the Accountant-General, Punjab, to the Secretary, Board of Economic Enquiry, Punjab, was read. The Board noted that the question as to whether their accounts could come into the classification of an Excluded Local Fund or not has not yet been decided.

3. The President informed the Board that the criticisms made by various members of the Board on Mr. Darling's report on indebtedness have been forwarded to the author, who is embodying them, together with other material which he has since collected, into an amplified report.

4. It was decided that a corrigenda slip should be issued with Professor Bhalla's report. It was resolved unanimously that the thanks of the Board be conveyed to Professor Bhalla for his work.

5. The Board discussed the attitude to be adopted towards the draft questionnaires submitted by Messrs. Emerson and Calvert. It was decided that questionnaires should be fixed as definitely as possible and be adhered to as closely as possible.

A Sub-Committee consisting of Reverend Canon Guilford and Professor Brij Narain was appointed to examine, in the light of the criticisms received from members, the questionnaires circulated to the Board and to prepare therefrom a single questionnaire suitable for the use of economic enquiry throughout the Province.

6. On the motion of Professor Myles, seconded by Professor Brij Narain, it was decided to recommend to Government that the Chairman of the Rural Section should be appointed by name and not by office, as, owing to numerous changes of Chairmen in the past the work of the Board had suffered from lack of continuity. The Board further resolved that Government be requested to continue Mr. King as Chairman of the Board. It was also decided that meetings should be held at 11 A. M. in Lahore in alternate months throughout the winter on one of the middle Wednesdays. Meetings will accordingly be held in future in October, December, February and April.

7. It was decided that an inevstigation should be made into the conditions of agricultural mortgages both in the poorer and in the more wealthy areas of the Ferozepore District.

It was decided to ask Mr. Calvert to frame a questionnaire and to invite Professor Bhalla to conduct the investigation. The question of the honorarium to be paid to him was postponed.

8. Mr. Boyd's demi-official letter No. 20157, dated the 14th of August, to Mr. King was read and it was decided, as suggested therein, to institute an enquiry into the economic conditions of the people of Dehra and Hamírpur tahsils of the Kángra District It was decided that Mr. Mul Raj, M.A., be invited to conduct this enquiry under the supervision of Professor Myles.

W. H. MYLES,

Secretary (Rural Section), Economic Board, Punjab.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. Government scholarships will be tenable at the College.

Fees.

University Fee	3	0	0	per annum.

NOTE.—All fees must be paid before the 15th of the month for which they are due. The Principal has power to remit half the fees in the case of a limited number of poor students.

General Rules. *Admission.*—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence. Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness. If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations. House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery. Students will provide their own books and note-books.

THE BOARDING HOUSE.

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees. From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice

DEBATES OF THE PUNJAB LEGISLATIVE COUNCIL

DEBATES of the Punjab Legislative Council are not now published in the *Punjab Government Gazette*, but are printed separately in pamphlet form, copies of which are obtainable from the Superintendent, Government Printing, Punjab, Lahore.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Major R. N. AYLWARD, D.S.O., M.C., Officer-in-charge, Hydro-Electric Surveys, Punjab.

Lala MULK RAJ, Managing Director, The Punjab Co-operative Bank, Limited, Lahore.

F. L. MILNE, Esq., M.I.E.E., Electrical Engineer to Government, Punjab (*Secretary*).

(Mr. MURRAY was co-opted for Agendum 7).

Agendum 1.—To read and put for confirmation the minutes of the third regular meeting, held on the 20th July 1922.

The minutes of the last meeting were taken as read and confirmed.

Agendum 2.— To consider the action taken by the Secretary on the proceedings of the last meeting.

Action taken by the Secretary was noted.

Agendum 3.—To consider the report of the Sub-Committee appointed to scrutinize the Gujránwála project.

RESOLVED that the Sub-Committee's recommendation be adopted and Government be informed accordingly.

Agendum 4.—To consider the report of the Sub-Committee appointed to scrutinize the final project estimates of the Nangal Scheme.

RESOLVED that as certain alternative proposals were brought to the notice of the Board, the Board decided to defer a final decision in the matter till the next regular meeting, but that in the meantime the Finance Department be approached with reference to the unanimous recommendations contained in the report of the Sub-Committee that met on the 21st of August and also that the Mandi Scheme should be reported on in more detail at the next meeting of the Board.

Agendum 5.—To consider the resolution on Agendum 4 of the third regular meeting of the Board.

Mr. F. H. BURKITT, O.B.E., Under-Secretary, Irrigation Branch, representing Mr. E. R. FOY, Chief Engineer, Sutlej Valley Irrigation Project.

Mr. G. T. POUND, Executive Engineer, Project and Experimental Division.

Mr. W. MACLACHLAN, Agricultural Tramway Engineer, Punjab.

I. In considering the minutes of the last meeting Mr. Scott suggested that the action taken by the Board at Item I in agreeing to call the "Local Provincial Council" a "Local Consulting Committee" was wrong and that the name suggested by the Railway Board, which should be universally adopted throughout India, should be adhered to.

The President pointed out that the Board was not reviewing its previous action but merely stating whether the record was a correct one, and that the point raised by Mr. Scott might be separately dealt with at some other time. The Minutes were confirmed.

II. Considered the Report of the Special Sub-Committee appointed by the President to consider certain matters with respect to bridges over the Sulemanke Weir.

The report of the sub-committee and the information which it had before it are given at Appendix A.

The Secretary explained that some time ago the Board had decided that, in connection with the Sulemanke Weir, the opportunity should be taken to construct a road bridge over the weir which would be far cheaper than a separate road bridge, and it asked the Irrigation Branch to intimate what would be the difference in cost between a road bridge to the required specification and the ordinary bridge which the Canal Department would otherwise provide for their own purposes. At the same time the Board asked the Irrigation Department so to design the weir in consultation with the Railway Authorities that at some subsequent date a railway bridge also could be provided over it. It had, however, appeared when the design of the weir was taken up that the most economical arrangement would be that recommended by the special sub-committee, that is, a combined road and railway bridge in the first instance, provision being also made in the foundations for the subsequent erec-

tion of a separate road bridge when the intensity of railway traffic over the combined bridge makes this necessary. The cost of these proposals, which the Local Government will have to meet under head "Communications" on the recommendations of the Board, would be Rs. 3,81,000, out of which the Irrigation Branch will require budget provision to be made during the ensuing year for the cost of the extra work in foundations and piers, which amounts to Rs. 77,000; the balance being required when the irrigation works are complete and the bridge can be finished off, that is, in some four or five years' time. Having once met the initial expenditure of Rs. 3,81,000, the Provincial Government will have no further liability for the provison of a separate road bridge, when that becomes necessary, as it will be provided either by the Railway or the Irrigation Department depending upon the arrangements made between these two departments for the use by the Railway of the combined bridge. The question before the Board was whether it considered that the bridge was one on which it would recommend the Local Government to incur a liability of Rs. 3,81,000, that is to say, whether it would ask for the administrative approval of the Local Government to the scheme. A demand had already been forwarded to the Finance Department for the provision of Rs. 77,000 in next year's budget.

Syed Mohammad Hussain considered that Fazilka will have an important connection with the area on the right bank of the Sutlej in the neighbourhood of the weir, after the Sutlej Valley Canal Project was complete and he supported the proposal.

Mr. Montgomery explained that if the opportunity of constructing this bridge in connection with the weir at the comparatively small cost of Rs. 3,81,000 was not taken, any subsequent road bridge constructed at this place, which would have to be independent, would cost many times this figure.

Colonel Walton stated on behalf of the Railway that he also considered that the opportunity was too good to be missed and that the Railway Administration was prepared to put down now the Rs. 15,000 which will have to be incurred in providing the foundations which might eventually be required for a separate road bridge.

Mr. J. F. Mitchell enquired whether the expenditure of Rs. 77,000 now would commit the Local Government to finding eventually the total of Rs. 3,81,000, and he was informed that logically it would do so, unless the whole idea was abandoned and the Rs 77,000 expended written off as loss.

The Board finally resolved that the scheme which had been laid before it for constructing a combined road and railway bridge at a cost debitable to the Provincial Government under head "Communications" of Rs. 3,81,000, with the promise of a separate road bridge in the future without any further cost should the development of traffic render it necessary, was one to which it could give a unanimous support, and it was further resolved that the Local Government be advised to accord administrative approval thereto (Mr. Burkitt then left the meeting).

III. Considered whether the Board should recommend an additional sum of Rs. 3,100 required by the Agricultural Tramway Engineer under head "Contingencies" during the current year.

The Secretary explained that the budget allotment for contingencies for the current year for the Agricultural Tramway Engineer was Rs. 2,100. The head "Contingencies" includes provision for survey khalasies, other petty establishment, and expenditure in connection with survey work, and it follows that the greater the amount of original survey work to be undertaken the greater the expenditure under this head. Owing to some delay in submission of bills a sum of Rs. 800 lapsed during the previous financial year and had been debited to this year's budget provision, with the result that the year started with a very considerable reduction of the amount provided. Apart from this the Board would remember that at a recent meeting it decided that the Agricultural Tramway Engineer should be asked to survey and demarcate the land required for the proposed central backbone broad gauge railway in the

Nili Bar area. This would require the entertainment of extra survey establishment and considerable expenditure on bench marks, pegs, etc., and it was largely for this purpose that the Agricultural Tramway Engineer was asking for an extra grant. If this work of demarcation was not to be undertaken all he would require would be an additional Rs. 1,000, practically tantamount to asking for last year's lapse to be restored. The Railway Board had recently written to the Local Government to say that they propose to have a detailed traffic survey of the area between the Montgomery-Khanewal and the Pakpattan-Lodhran lines carried out during this cold weather, and the Secretary gathered from this letter and from an interview with one of the Assistant Secretaries in the Railway Board, that the Railway Board was somewhat sceptical about the prospects of this central backbone railway, and was inclined to suggest that the demarcation of the land could be postponed until traffic investigations have been completed. In these circumstances it was a little difficult to say whether the money would be required or not.

Colonel Walton stated that the usual practice in the Railway was to carry out the engineering survey before traffic investigations, and he thought that any way, as the idea was that if a broad gauge railway was not successful the land demarcated could be used for the central backbone line of the proposed herringbone tramway system in that area, it appeared to be quite reasonable that the demarcation should be carried out.

Mr. J. F. Mitchell enquired whether the Board proposed to find the extra money by re-appropriation or not, and the Secretary informed him that with respect to the extra Rs. 1,000 required for restoring the lapse, this might possibly be found by re-appropriation, but with respect to Rs. 2,100 which might be required for the Nili Bar demarcation he thought that the Local Government would have to find the money. He mentioned incidentally that money would have to be found for the investigation of communications in the Nili Bar generally, and he thought that this amount should be included.

The Board eventually decided that the Rs. 1,000 might be agreed to (Secretary being instructed to see whether a re-appropriation can be proposed), and that the balance of Rs. 2,100 could be included in the demand being made for the investigation of the communications to be provided in the Nili Bar generally, the money being allotted to the Agricultural Tramway Engineer, if it was eventually required for that purpose.

IV. Considered whether the Board should confirm the instructions given by the Director of Industries to the Agricultural Tramway Engineer, to the effect that he should proceed to make a detailed survey of possible alternative routes for a tramway into the Mandi State in connection with the Mandi Hydro-Electric Scheme.

Mr. Montgomery stated that he considered the instructions to be far too vague. The country was exceedingly difficult, and if they confirmed Mr. MacLachlan might spend the whole of the cold weather investigating various alignments, while the fate of the Mandi Hydro-Electric Scheme was still unsettled; he thought the instructions should not be confirmed.

Mr. Scott was of the opinion that although the fate of the Mandi Hydro-Electric Scheme was not yet settled, the question of transport facilities for the material which will have to be carried to site was an important factor, and one which would have to be taken into consideration before a final decision on the scheme could be arrived at. With this view the President of the Board, did not agree: he held that the Mandi Hydro-Electric Scheme was, subject to certain geological reservations, such a good one that the question of the form of transport to be used to carry material to site would not influence the fate of the project in any way. The Board finally resolved that the instructions should not be confirmed.

Mr. MacLachlan then left the meeting.

V. Considered the question of terms of re-employment of the Agricultural Tramway Engineer.

The papers laid before the Board in this connection are reproduced as Appendix II.

The Secretary briefly recapitulated the points dealt with in these papers. A general discussion took place from which it appeared that the general feeling of the Board was that they had now a considerable number of projects ready, and that unless these could be proceeded with, it appeared to be useless to prepare any more. In any event the Government of India did not appear to be disposed to allow the Punjab Government to borrow money for the construction of the Lyallpur or any other tramway scheme, and that therefore if any of these schemes were taken up in the near future it could only be by private enterprise, in which case the Agricultural Tramway Engineer might be employed by the promoter if satisfactory mutual arrangements could be made.

The President stated that, as far as he was aware, it would be impossible to ask the Government of India to reconsider its decision, on the question of the raising of a loan, for another twelve months; and that therefore it appeared to be only fair to Mr. MacLachlan to inform him that whatever might be the fate of those projects which he had prepared up to date, there appeared to be no reasonable prospect of the Board being able to offer him employment after 31st March next, and that therefore his services would be dispensed with after that date.

Mr. Scott again reiterated his objection, recorded in the minutes of the sixth meeting of the Board held on the 6th of September 1922, that the tramway scheme itself had never been pressed on the notice of the Government of India as one for which it was reasonable and desirable that the Local Government should be allowed to borrow; but that the Local Government had merely assumed the Government of India's refusal on the analogy of some tannery project. He felt most strongly that a definite reference should be made to the Government of India on this point as he considered that they might in that case have adopted a different attitude, and he opposed the termination of the services of Mr. MacLachlan on the grounds that the Board was giving up the whole scheme without a struggle, and that the termination of the appointment was the beginning of the end which would be the eventual abandoning of the whole scheme for the improvement of communications in this manner, without anything having been accomplished.

Mr. Abbott stated that as the question of future of these tramways had been raised, he would again like to press on the attention of the Board the possibility of their being taken up conjointly by the two District Boards concerned, in the case of the Lyallpur and Jhang Tramway Scheme under powers which existed for such a combination under the District Board Act. He did not think that the Government of India's embargo upon borrowing by the Local Government applied also to borrowing by District Boards, as he believed the Local Government had full powers to authorise borrowing by District Boards without reference to the Government of India.

The President stated that although Mr. Scott's contention that a definite reference on the question of these tramways had never been made to the Government of India might be correct, yet he felt himself to be in close touch with the financial position of the Government, and he was quite satisfied that what he had stated was correct as to the Board having to wait till next October before it could, with any hope of success, again urge for permission from the Government of India to borrow money. With respect to Mr. Abbott's proposal that District Boards should run these tramways, he believed that District Boards were generally supposed to be little short of bankrupt, and that an enquiry into their finances had just been instituted by the Local Self-Government Department; in which circumstances it did not appear to him to be wise to advocate that District Boards should embark on a financial venture of this sort. However that might be, the general question of provision of tramways appeared to be definitely halted till the Local Government could obtain satisfaction from the Government of India with respect to the reservation clause, which the Government of India proposed to introduce in the Tramway Order for the Jhang and Lyallpur Tramway Scheme, and that the agency for the prosecution of these projects could be reconsidered when this point had been satisfactorily settled. The point before the Board was whether or not the services of the Agricultural Tramway Engineer should be extended beyond 31st March 1923, and upon

this point he considered that there could be no doubt, and that the officer concerned should be informed that the Board would be unable to retain his services after that date. With this the Board concurred.

Before passing on to the next item on the agenda, Mr. Mitchell stated that he would like to refer to Mr. Scott's contention that the Board was closing a somewhat unsatisfactory chapter in a rather faint-hearted manner; in connection with which he thought that the Board had been wrong in going in for ambitious projects at the outset. It was a difficult matter in these days to launch a scheme requiring a capital of half crore of rupees, and having done so and even having demonstrated that it could be made an unqualified success, similar opportunities where other schemes could, by analogy, be launched were naturally limited. If on the other hand the Board had been able to initiate smaller schemes of 20 and 30 miles of tramways in isolated lengths, and had been able to prove these to be successful, not only would the starting of such schemes requiring a capital of a few lakhs only have been very much easier, but the number of opportunities where, by analogy, similar schemes could be initiated would be far greater. It was true that they had surveys and so forth for such short lengths already incorporated in the large projects which had been prepared, but the whole question of the finance and prospects of these short lengths would have to be recalculated if they were to be treated as independent units.

The Board thought that for the remaining period of employment the Agricultural Tramway Engineer might be instructed to get out one or two project estimates for such small independent lines.

Rao Bahadur Chaudhri Lal Chand enquired whether, if District Boards were prepared to take up such short lengths, Government would advance the money; to which the President replied that as far as he was aware the Local Government had no money to advance.

VI. Considered a letter dated the 17th August 1922 *from Syed Mohammad Hussain, M.L.C., suggesting that the Nokhar Branch Canal Road should be used as a public road.*

Syed Mohammad Hussain stated that the District Board road from Daska to Wazirabad was liable to flooding, and was bad road generally; and that moreover the canal road which he proposed be thrown open to the public was also necessary as being on a different alignment, and serving a tract of country at present not served by any road.

When asked to put his proposal in a more concrete form, Syed Mohammad Hussain suggested that the service road of the Nokhar Branch from Bhambawala to Khanki should be thrown open to public. It was suggested to him that his needs would be met if that portion of the canal road lying between Bhambawala and Grand Trunk Road should be made available in the manner proposed. To this he agreed.

Mr. Sangster stated that as far as the Irrigation Department was concerned they could meet the wishes of Syed Mohammad Hussain provided that the District Board would take over the road concerned, not only with respect to maintenance, but also with respect to the value of the land which the District Board should pay for at the same rate at which the Canal Department originally paid for it, in order to enable the Canal Department to make for themselves a fresh road on the other side of the canal, for which they had sufficient land.

The Board eventually resolved that it had considered a proposal that the canal road along the Nokhar Branch of the Upper Chenab Canal, between Bhambawala and the Grand Trunk Road, should be thrown open to the public; and that it considered that if the District Board concerned could make the necessary arrangements with the Canal Department that it should do so.

VII. Considered the question of the proposed Railway Consulting Committees.

The Secretary explained that he had sent an *ad interim* reply to the Local Government stating that, so far as the Board had been able to consider

the matter, it was inclined to favour the institution of a consulting committee at Lahore as proposed by the Agent, North-Western Railway, but that it was not prepared to surrender to that committee any of the functions which it at present exercised with respect to railway matters, until the committee had been formed and the results of its working could be judged.

The Board then proceeded to consider in greater detail letter No. 13/T-126. A-21/21, dated the 8th June 1922, from the Agent, North-Western Railway, to the Secretary to the Railway Board, a copy of which had been forwarded to the Punjab Government for opinion, which letter, with endorsement, is reproduced as Appendix III to these Minutes.

With respect to paragraph 2 of that letter, where the name under which these councils or committees are to be known is discussed, Mr. Scott again stated that he considered that the name suggested by the Acworth Committee and by the Government of India, that is to say, "Local Advisory Councils" should for the sake of uniformity in various Provinces be adhered to. The Board resolved to advise the Local Government that whatever name was adopted it should be the same for every Province.

With respect to the constitution of the committee or council the Board agreed with the proposal of the Agent, North-Western Railway, with respect to the official members and to the nomination of one member of the Punjab Legislative Council.

Colonel Walton stated that the Commissioner in Sindh had objected to the proposal to have only one committee on the North-Western Railway on which a Karachi representative could sit and required a separate committee for Karachi; and Colonel Walton thought that this proposal would probably be accepted, in which case it was suggested by the President that instead of the member of the Karachi Chamber of Commerce, a member of the Punjab Indian Chamber of Commerce might be nominated.

With respect to the nomination of representatives of four important trades, the Board felt that this system of nomination might result in members of the committee being drawn almost entirely from Lahore and the neighbourhood which might be undesirable; and the President thought that there should be a representative from Multan, Lyallpur, Ambala, Amritsar and Rawalpindi; after some discussion, in which Colonel Walton intimated that he did not think that there would be any objection to a small addition to the numbers of the proposed committee, the Board decided to advise that one member should be nominated from each Commissioner's Division with an additional member to represent colonies. It was felt that if this proposal were accepted the Local Government would in making its nominations be able to ensure representation for the various trades to which the Agent had proposed to allot a special representative. The constitution therefore of the committee or council, whatever it might be called, as advocated by the Board, is as follows:—

Two members nominated by the Punjab Government ...	... 2
One member of the Punjab Legislative Council ...	... 1
One member of the Punjab Chamber of Commerce ...	... 1
One member of the Indian Chamber of Commerce ...	... 1
One member from the Rawalpindi Division ...	... 1
One member from the Lahore Division ...	... 1
One member from the Multan Division ...	... 1
One member from the Jullundur Division ...	... 1
One member from the Ambala Division ...	... 1
One member from Colonies ...	... 1
Total	... 11

The Board decided to make a recommendation to the Local Government accordingly.

VIII. Considered whether revised administrative approval should be conveyed to the project of the District Board of Multan for metalling the Abdul Hakim-Tulamba Road at an estimated cost of Rs. 27,465.

Administrative approval conveyed.

IX. Considered whether the Local Government should be advised to convey administrative approval to the projects of District Board, Attock, for widening the Campbellpur-Hatti and Hatti-Hazro Roads at an estimated cost of Rs. 45,114 and Rs. 37,508, respectively.

The Secretary stated that in the forwarding letter with these projects it was stated that the District Board expected the total cost in the form of a grant from this Board. In these circumstances, as the Board would not be likely to have money available in the next few years for initiating new works, but would have to concentrate on completing those works which have already been initiated, unless there were very strong arguments to the contrary, it did not appear that administrative approval should be accorded in this case, which was apparently not a very strong one.

The Board resolved that the Commissioner should be informed that unless the District Board can make some proposal as to the financing of these projects, and subsequent maintenance, that it was regretted that the Local Government could not be advised to accord administrative approval thereto.

X. Considered an application from the Sheikhupura District Board for metalling the first three miles of road from Warburton to Rakh Mahan Devi at an estimated cost of Rs. 27,861.

The Board considered that this was an exceptional case being an approach road to a Mandi to the cost of which it was not impossible that it would contribute in the future, and that as it was essential in considering applications for grants-in-aid that approved projects only should be considered, the Local Government might be advised to accord administrative approval in this case, but that at the same time it should be clearly laid down that this in no way prejudices the question of a grant-in-aid and that the District Board should be given clearly to understand that by advising administrative approval theBoard of Communications in no way commits itself to give a grant for the purpose.

The Board adjourned *sine die.*

President Communications Board, Punjab.

APPENDIX I.

Meeting of the Special Sub-Committee of the Board of Communications appointed under Rule IV (*f*) of the Rules of Business by the President of the Board to consider certain matters in connection with bridges over the Sulemanke Weir.

PRESENT:

Mr. W. P. SANGSTER, C.I.E., Chief Engineer, Irrigation Branch, Punjab.

Mr. A. S. MONTGOMERY, Chief Engineer, Punjab, Buildings and Roads Branch.

Mr. E. R. FOY, Chief Engineer, Sutlej Valley Irrigation Project.

Colonel C. W. WILKINSON, C.M.G., D.S.O., Agent, North-Western Railway.

Lt.-Colonel H. E. C. COWIE, C.B.E., D.S.O., R.E., Chief Engineer, North-Western Railway.

Mr. F. H. BURKITT, O.B.E., Under-Secretary, Irrigation Branch.

Mr. H. W. NICHOLSON, Executive Engineer, Sulemanke Weir Division.

Mr. K. G. MITCHELL, Secretary, Communications Board, Punjab.

I.—It was resolved that a combined road and railway bridge over the Sulemanke Weir will meet all requirements for many years to come.

II.—It was decided that the additional foundations now required for an eventual separate road bridge as proposed in the attached note will have to be put in at once, and that the North-Western Railway will meet the cost of this (at present estimated at Rs. 15,000).

III.—The proposed foundations were discussed, and it was intimated that the Irrigation Department had not yet finally decided on the form which these foundations should take, but it was resolved that the other parties concerned were prepared to leave the design of foundations to the Irrigation Department.

IV.—It was decided that if deck span girders are used the possible lowest level for the bed plate of the girders over the 60 feet span would be R. L. 73.

V.—The Chief Engineer of the North-Western Railway agreed to intimate within three weeks an estimate of the comparative cost of through and deck spans for a 16'-6" wide combined road and railway bridge.

VI.—It was decided that the Communications Board should pay on behalf of the Local Government the difference between the ten foot road bridge which the Irrigation Department would construct in the ordinary course of events and the 16'-6" road bridge, that is to say, Items B. & C., on page 5 of the note attached, the actual figure depending upon the design finally adopted. Budget provision should be made for next financial year for the cost of Item B., that is to say, the extra work up to bed plate level, the balance being budgetted for by the Communications Board on receipt of due notice from the Irrigation Department before the roadway is opened, that the extra money is required.

VII.—The Agent, North-Western Railway, agreed to pay the extra cost of foundations for the eventual separate road bridge, that is to say, Item D in the attached note, which will be increased slightly owing to the fact that if the combined bridge is only 16' 6" wide the extra length of piers necessary for the separate bridge will be 21'-6".

VIII.—With reference to paragraph 10 of the attached note the Agent, North-Western Railway, intimated that when in course of time the Railway Department makes use of the combined bridge as part of an open line it would be preferable from the point of view of the Railway Administration to buy up bridging work above bed plates rather than to pay toll; and it was resolved that when the time comes the Railway Administration may be given the option of doing this, and that the terms be approved by all parties to the present bargain.

K. G. MITCHELL,

Secretary, Communications Board, Punjab.

THE design of the Sulemanke Weir is now under final consideration, and in accordance with the proposals of the Communications Board provision has been made for foundations and piers to carry both 18 feet road and road gauge railway bridges.

2. It is proposed in order to keep down initial cost to start with, that the broad gauge railway bridge be built and the canal construction line carried across it, the surface being metalled for road traffic.

3. The railway bridge would be constructed by the Irrigation Branch to the designs and specification of the North-Western Railway, so that when the open line proposed from Fazilka to Haveli is completed it could utilise the bridge as constructed. The North-Western Railway have signified that they are prepared to consider a contribution of Rs. 2½ lakhs to the cost of the weir equivalent to the extra cost of providing a 20 feet length of pier, and foundations across the weir and canals on which they can carry their girder bridge when the open line may be constructed at some later date.

4. The Communications Board have decided that they are prepared to pay the extra cost involved in putting an 18 feet wide road bridge across in place of a 10 feet one.

5. The initial question is—Does the Communications Board agree to a combined railway and road bridge. If so, it can be made at once, leaving the railway to come in later, if ever, when the Fazilka to Haveli line is opened for traffic. Even when the line is opened it is probable that not more than 3 or 4 trains a day each way would run for many years.

6. If the proposal for a combined bridge be accepted it would not be necessary to build piers for two bridges unless and until Railway traffic developed to such an extent that the Railway decided to reserve the bridge for their traffic and a separate road bridge could then be made. This eventually is improbable as the line will only be a cross-branch line. All that would be necessary would be to put in the foundations under the floor now, thus making it possible hereafter to make the piers the required length at a minimum of cost. The construction of the railway bridge forthwith would mean that the maximum requirements would be provided for all parties at the outset. The road communication would be sufficient to permit wheeled traffic to pass on the bridge and the canal railway for construction would be carried across, thereby saving temporary bridging. With such a bridge the Irrigation Branch would have to lock up less money in reserve pitching stone on the right bank of the river, as it could always be railed to site when required.

7. If the Communications Board agrees to such a combined railway and road bridge being made, it would mean that the Railway line, when it materializes, could be constructed at a minimum extra capital outlay, thereby only involving the cost of the permanent way from the right bank of the river to Haveli, a distance of 9 miles. The line from Chananwala, 7 miles, having been constructed by the Irrigation Branch for the construction of the weir, would be available for development. With such little extra capital outlay required, it is probable that the line could be opened at an earlier date than otherwise and the capital sunk by the Irrigation Department in the line from Chananwala would produce revenue instead of lying idle with no benefit to the Province as a means of communication.

8. It is presumed that when the Communications Board have subscribed the cost of piers and foundations and bridge for an 18-feet wide road in excess of a 10-feet road they would have no further liability to posterity in connection with the bridge. Should the traffic on the Railway develop or the conditions become such that the joint use of the bridge for railway and road traffic was impracticable, then the Railway would be responsible for the construction of a separate road bridge, the Railway bridge being handed over to them as it stood, free of charge. The railway would materially benefit by this arrangement as they would have had the minimum capital outlay from the time the railway opened till the time that traffic conditions necessitated a separate bridge.

9. A separate statement is attached showing the approximate cost of each component part of the work and the saving which would be effected to each Department by making a combined railway and road bridge now. The only capital outlay the Railway would be asked to contribute now would be the cost of the foundations below floor level to allow for he future extension of the piers to carry an 18-feet road bridge.

10. When necessity for a separate bridge arises the Railway would only have to incur the cost of lengthening the piers and providing an 18-feet roadway bridge; the foundations being in already. In view of the fact that a railway bridge now would be of immense help during construction and that it might expedite the opening of the Fazilka-Haveli link (see paragraph 7) thus relieving the Irrigation Branch of the capital cost and interest of the Chananwala-Sulemanke Canal Railway at an earlier date than might otherwise be the case, the Irrigation Branch is prepared to meet the extra cost of the railway bridge over the 18-feet road bridge subject to the Railway paying toll on the use of the bridge till such time as the railway and road bridges are separated as explained in paragraph 8 above.

11. Until such time as a separate road bridge is constructed (which will then be maintained by the Irrigation Branch) and the Railway takes over the combined railway and road bridge now to be made, the Irrigation Branch will maintain the latter.

F. H. BURKITT,

18-9-1922. *Under Secretary, Punjab Irrigation Secretariat.*

Costs of items in Sulemanke Weir Bridges.

A = Rs. 4,64,000 = Cost of 10-feet roadway bridges exclusive of piers and foundations which latter are required for the stability of the work which will be incurred by the Irrigation Branch in any case.

B = Rs. 77,000 = Extra cost of lengthening foundations and piers to provide for 16-feet road instead of 10-feet road.

C = Rs. 3,04,000 = Extra cost of 16-feet over 10-feet wide road bridge.

D = Rs. 15,000 = Cost of foundations for 21 feet 6 inches longer foundations to provide for railway bridge to be paid by the Railway now.

E = Rs. 93,000 = Extra cost of 21 feet 6 inches length of pier to allow for railway Bridge being made separate from road bridge, to be borne by the Railway when constructed.

F = Rs. 8,00,000 = Cost of railway bridge, exclusive of piers and foundations, constructed for Railway traffic only, and built by the Railway.

G = Rs. 10,00,000 = Cost of combined railway and road bridge, excluding piers and foundations, if constructed now and cost borne by Irrigation Branch.

The least possible expenditure which can now be incurred is :—

		Rs.
Irrigation Branch	A	4,64,000
Communications Board	B + C	3,81,000
Railway	D	15,000
Total		8,60,000

The extra expenditure now to be incurred by the Irrigation Branch. if the combined bridge is built, is G—(A + B + C) = Rs. 1,55,000

The expenditure to be incurred by the North-Western Railway when second bridge is built at some future date will be

D + A + B + C = Rs. 8,60,000,

If the piers are completed now to carry both bridges, the extra capital cost will be D = Rs. 93,000, and it will have to be paid by the railway, as well as the interest charges to the date of opening the separate railway bridge.

NOTE.—The figures for F and G are only approximate. The North-Western Railway can give more accurate figures. These are for 24 spans of 60 feet through girders and 16 spans of 30 feet deck girders.

In case F the cost is for a railway bridge only.

In case G the cost is for a combined road and railway bridge, the rails being flush with the road surface.

APPENDIX II.

I WAS instructed at the last meeting of the Board to put the papers concerning the Agricultural Tramway Engineer in order to enable the Board to discuss the question of the renewal of his appointment and the terms thereof. A brief history of the case is as follows :—

2. In its report to the Board during 1920 the Railway Sub-Committee (paragraphs 26—30) made certain recommendations with regard to the investigation of Agricultural Tramways, and with respect to the appointment of an officer to investigate these schemes. These recommendations were accepted by the Board at Item XXXII, page 5 of the Minutes of the IV Meeting of the Board held on 9th and 10th of June 1920. At that time it was suggested that the Agent, North-Western Railway, might be in a position to spare a man for the purpose. In August of that year, however, the Agent, North-Western Railway, intimated his inability to spare the services of any officer.

3. Messrs. Hadow and Scott were then asked to constitute themselves into a special sub-committee to select a suitable applicant for the appointment. They selected Mr. W. MacLachlan and offered him the conditions of employment set out in the attached letter. The appointment was confirmed by the Board at the meeting held on the 4th of November 1920, Item X. The appointment was in the first instance for one year with effect from the 23rd November 1920.

4. On 13th August 1920 the Director of Industries addressed the Secretary, Communications Board, stating that the nine months mentioned in Mr MacLachlan's agreement had expired and the question of his re-employment should be taken up. The Board thereupon applied for the extension of the services of the Agricultural Tramway Engineer for a period of one year, but the Local Government sanctioned the extension up to 31st March 1922 only, stating that his further employment after that date will depend upon the wishes of the Council as indicated by voting on the demands for the retention of this officer's services The Council having voted the demands made for the employment of the Agricultural Tramway Engineer the extension of his services up till 22nd November 1922 was sanctioned, thus completing two years of employment ; and as these extensions have been short ones the same terms as originally sanctioned were renewed at each extension.

5. The question of extension beyond 22nd November 1922 was purposely deferred by me for reasons given below, but as considerable time had elapsed and the budget for next year had to be made out I was instructed at the last meeting of the Board to apply for extension up to 31st March 1923 and to budget for the whole of the following financial year on the same terms as those originally sanctioned, which has been done.

6. The reason why the question of extension was delayed by me was that it was hoped that before the expiry of the present period (22nd November 1922) some definite decision would have been arrived at on the Lyallpur and Jhang Tramway Project on the construction of which it was presumed that Mr. MacLachlan will very probably be employed, in which case it would have been possible to foresee continued employment for this officer for a considerable period and to revise the terms of employment accordingly. The present terms and hand to mouth extension of service, are not very satisfactory, and I was anxious to take the earliest opportunity to overhaul them. We are, however, no nearer forming a definite programme for the future than we have been at any time during the last six months. I am sending a copy of this note to Mr. Scott requesting him to make proposals at the next meeting of the Board as to whether the question of revision of terms should be taken up at this time, and if so what revised terms he would propose.

K. G. MITCHELL,

Secretary, Communications Board, Punjab.

No. 2345, dated Lahore, 6th October 1920.

From—E. A. SCOTT, Esq., Director of Industries, Punjab,

To—Mr. W. MACLACHLAN, C/o Captain . HAIGH, Balloki, District Lahore.

WITH reference to your application for the post of Engineer for Agricultural Tramways under the Director of Industries, Punjab, I hereby offer you the post on a salary of Rs. 1,200 per month for one year certain from such date as you report for duty at my office

in Lahore provided that this is not later than 20th November 1920 on the following specific conditions :—

(a) In consideration of the fact that you will as a result of accepting this offer have to refund to your present employers the cost of your First Class Passage to India, namely £18, this amount will be repaid to you on your taking up your duties.

(b) In the event of your service being no longer required after the end of a year from the date of appointment, you will receive the value of a First Class Passage to England by the P. & O. Steamship Company and a first class fare to port of embarkation unless you leave the service as a result of your own misconduct.

(c) In the event of the work on which you are to be employed being continued beyond the end of the period above referred to and in the event of your services proving satisfactory, you will be offered a prolongation of service and the question of the terms will be considered after you have been in the service nine months.

(d) You will receive travelling allowance in accordance with the Civil Service Regulations.

2. No definite undertaking can be given as regards house accommodation, but Government will do their utmost to make suitable arrangements for you if you are stationed at any place outside Lahore.

3. I enclose a spare copy of this letter and shall be obliged if you will endorse it with your acceptance and return it to me as early as possible.

I AGREE to the above terms.

APPENDIX III.

No. 13-T-126-A-21-21, dated Lahore, 5th June 1922.

From—Colonel C. W. WILKINSON, C.M.G., D.S.O., R.E., Agent, N.-W. Railway,

To—The Secretary, Railway Board, Simla.

IN reply to your letter No. 1013-F., dated 23rd December 1921, in which certain proposals are made in connection with the formation of Advisory Councils at important railway centres, I beg to say that I am entirely in favour of the establishment of such Councils and that as far as this Administration is concerned it will probably be most convenient to form two, one at Lahore and one at Karachi ; though to commence with I would propose having one at the former only, with a representative from the latter centre. Regarding the functions of these Councils, I would prefer to adopt the rules for the Local Consulting Committee in force on the Eastern Bengal Railway. The main objects would be the obtaining of full information regarding the commerce generally of the Punjab, Sind and other provinces served by the North-Western Railway, important modifications of tariff and time tables, consideration of all matters relating to the transportation of goods, passenger train services, and the convenience of passengers, and generally to bring the Railway Administration into closer touch with the general public.

2. I would prefer to style such Councils "Local Consulting Committees" in order to avoid any misunderstanding as to their functions.

3. If we commence with one such committee at Lahore only, I suggest that the constitution should include *two* members nominated by the Punjab Government, such as the Director of Industries or Agriculture, and one member of the Punjab Legislative Council.

A member of the Punjab Chamber of Commerce
A member of the Karachi „ „ „ resident, if possible, in the Punjab.
A representative of the Wheat and Seeds Trade
„ „ „ „ Piece Goods „
„ „ „ „ Hides „
„ „ „ „ Cotton „

4. I consider that it would be sufficient for the Committee to meet once quarterly and not every month.

5. I note from paragraph f of your letter that copies have been sent to all Local Governments and am, therefore, forwarding my views to the Punjab Government and the Commissioner in Sind, and will addresoon later after discussing the proposals with them.

Endorsement by the Agent, North-Western Railway, No. Genl. 73-G. S., dated 12th June 1922.

COPY forwarded to the Secretary to the Government of the Punjab, Public Works Department, Buildings and Roads Branch, Simla, for information, in reference to his letter No. 84-G. S., dated 1st June 1922, with the request that he will please favour the undersigned with the views of the Punjab Government on the proposals regarding the composition of the Committee and any other of the points raised in Railway Board's letter No. 1013-F., dated 28th December 1921.

GOVERNMENT COLLEGE FOR WOMEN, LAHORE.

PROSPECTUS.

THE Lahore Intermediate College has been founded to afford Indian girls an opportunity of prosecuting their studies to a higher standard than that obtainable in existing schools. It is a Purdah Institution. The College is affiliated to the Punjab University and instruction will be provided in the first instance for candidates who are studying for the Intermediate Examination of the Punjab University in the Faculty of Arts and candidates who are preparing for the Oriental Faculty Examinations in Persian and Arabic, sanskrit and Punjabi, and eventually for those preparing for the Intermediate Examination in the Science Faculty. There will also be classes for students preparing for the Matriculation Examination in Arts and Science. Training classes will also be arranged for women candidates preparing for the Senior and Junior Anglo-Vernacular Teachers' Certificates.

Although the instruction provided will follow in the main the University curriculum the preparing for examinations will be subordinate to the general aim of supplying the students with such knowledge and culture as appears necessary to fit them for the domestic and social activities in which they will afterwards engage.

Moral Training. Simple moral lessons will be given, drawn from the religious literature of all nations, and embodying principles of conduct which are universally admired and accepted.

Games. Daily physical exercise will be encouraged. There will be grounds for tennis and badminton.

Scholarships. Government scholarships will be tenable at the College.

NOTE.—All fees must be paid before the 15th of the month for which they are due. The Principal has power to remit half the fees in the case of a limited number of poor students.

General Rules. *Admission*.—Students must present themselves personally for admission and have to fill in the application forms and bring a letter from their parents or guardians. They must also show their school-leaving certificates or leaving certificates from another college.

Students who wish to withdraw from the College must do so formally in writing and their applications must be countersigned by their parents or guardians. Until their names are formally withdrawn, students are liable to pay the College fees.

Leave of absence. Leave of absence will only be granted in cases of urgent necessity. Applications for sick leave for more than two days must be supported by a medical certificate from a qualified doctor.

Infectious illness. If a student has been suffering from or in contact with infectious illness, a certificate from a doctor must be brought before she is allowed to return.

Examinations. House examinations will be held at the end of each term, and prizes awarded annually to students who have made sufficient progress.

Stationery. Students will provide their own books and note-books.

THE BOARDING HOUSE.

The Boarding House will contain accommodation for Hindu and Mohammadan and other students. It will be strictly purdah. Students will be allowed to see lady visitors after classes. Gentlemen relatives, fathers, brothers, etc., can only visit on Saturdays between 3 and 5 P.M. in winter or 5 and 7 P.M. in summer in the visitors' room of the College.

Furniture will be provided, but students must bring their own bed-linen. All clothes should be clearly marked.

Students will only be allowed to go out with one of the staff.

Medical attendance by a lady doctor will be provided.

Fees. From Rupees 20 a month. All fees are payable in advance. Students are required to give a term's notice before leaving, otherwise the fee for the ensuing term becomes due.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Proceedings of the 5th Regular Meeting of the Punjab Electricity Board, held at the Punjab Secretariat, Simla, on September, the 19th, 1922

PRESENT :

The Hon'ble Lala HARKISHAN LAL, B.A., Bar.-at-Law, Minister for Agriculture, Punjab (*in the Chair*).

E. R. ABBOTT, Esq., C.I.E., I.C.S., Financial Commissioner (Development), Punjab.

A. S. MONTGOMERY, Esq., Chief Engineer and Secretary to Government, Punjab, P. W. D., Buildings and Roads Branch.

W. P. SANGSTER, Esq., Chief Engineer and Secretary, Public Works Department, Irrigation Branch.

E. A. SCOTT, Esq., O.B.E., Director of Industries, Punjab.

Lieutenant-Colonel B. C. BATTYE, D.S.O., R.E., Superintending Engineer, Hydro-Electric Circle, Simla.

G. H. HUNT, Esq., M.C., Assistant Executive Engineer, Hydro-Electric Circle.

Major R. N. AYLWARD, D.S.O., M.C., Officer-in-charge, Hydro-Electric Surveys, Punjab.

F. L. MILNE, Esq., M.I.E.E., Electrical Engineer to Government, Punjab (*Secretary*).

Agendum 1.—To read and put for confirmation the minutes of the 4th regular meeting held on August, the 22nd, 1922.

The minutes of the last meeting were taken as read and confirmed.

Agendum 2.—To consider the action taken by the Secretary on the proceedings of the last meeting.

The action taken by the Secretary was noted.

Agendum 3.—To discuss and take action on the resolution on Agendum 4 of the last regular meeting of the Board.

MR. MONTGOMERY read notes by the Finance Member and the Financial Secretary, regarding the general question of Hydro-Electric Finance. Colonel Battye then reported in detail on two alternative schemes in Mandi, and the Board resolved—

(1) That the "SHANAN" Scheme which is estimated to cost approximately Rs. 276 lacs to start with and Rs. 411 lacs when completed and to give a return of 16 per cent., was the one to proceed with if possible.

(2) That the Government of India should be addressed at once asking it to place at the disposal of the Punjab Government the services of a geologist and meteorologist to co-operate with the Superintending Engineer, Hydro-Electric Circle, in drawing up a short report on the suitability of the site from a geological point of view and to advise as to whether the site should be developed.

(3) That the Government of India should also be addressed asking it to arrange for the Chief Engineer, New Delhi, to be co-opted as a member of a sub-committee to decide whether this scheme should be extended so as to include a supply to Delhi and if so, by what route and by what agency the transmission line and sub-stations should be constructed.

(4) That this sub-committee should also advise to what extent the project should be extended to supply the various towns of the Eastern Punjab and from what dates : The Sub-Committee to consist of—

Mr. Montgomery, *President.*

Colonel Battye.

Mr. Milne.

The Financial Secretary to be co-opted as required with regard to financial matters.

(5) That the preliminary estimate and financial statements of the Mandi "SHANAN" Scheme that have been prepared in the Hydro-Electric Circle, together with a short report, should be forwarded to the Finance Department to enable it to anticipate the probable requirements in capital expenditure from year to year.

(6) That although this Board realizes that the Geological Committee might possibly report unfavourably on the site, it is of opinion that this does not warrant any further delay in proceeding with a detailed survey of the scheme and the preparation of a project estimate; both of which should be started at once.

(7) That pending the report of the Geological Committee negotiations already in hand regarding the Nangal Scheme should not be stopped. With this object in view the following action should be taken at once:—

(a) That the Railway Board should be informed by the Local Government of the present situation and told that power can be supplied at a tariff rate of $\frac{1}{2}$ anna per unit sufficient to ensure a revenue of about $1\frac{1}{4}$ lacs a year, provided that the line is electrified by 1927 and to request an early decision in the matter.

(b) That the Local Government should be addressed stating that this Board is of opinion that should the Mandi Scheme eventually not be adopted, it would be justified in sanctioning Nangal Project No. 7, as a productive work, costing Rs. 172 lacs capital and capable of producing a gross return of $9\frac{1}{2}$ per cent. that this project would only require a capital expenditure of Rs. 80 lacs to start with, and that the Board is of opinion that the balance of Rs. $92\frac{1}{2}$ lacs required to extend the scheme after it has once started running can safely be assumed as certain to be forthcoming.

Agendum 4.—To take action if necessary on the resolution on Agendum 6 of the last regular meeting of the Board.

RESOLVED that the matter be brought up again at the next meeting of the Board.

Agendum 5.—To consider Superintending Engineer, Hydro-Electric Circle's letter No. T. D. 5, dated 4th September 1922, to the address of the Secretary to Government, Punjab, P. W. D., B. & R. Branch, Simla.

RESOLVED that a letter be written to the Simla Municipal Committee asking it to confirm the figures given in Schedule accompanying letter No. T. D. 5, dated 4th September 1922, from the Superintending Engineer, Hydro-Electric Circle, to the Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch, Simla.

Agendum 6.—To discuss any other matter put before the Board and decide on a date for the next meeting of the Board.

(a) Mr. Montgomery reported on item (ii) of the resolution on Agendum 5 of the 2nd Regular Meeting of the Board and it was decided that no further reference to the Electricity Board on the subject was necessary.

(b) Mr. Milne drew the attention of Board to the resolution on Agendum 6 of the 2nd Regular Meeting of the Board and stated that the Rawalpindi Electric Power Company was negotiating with a large firm in regard to assisting the Company with its scheme and the Rawalpindi Electric Power Company had asked for an extension of the time given them in accordance with the resolution mentioned above.

RESOLVED that an extension of two months be granted to the Company.

(c) RESOLVED that the next meeting of the Board should be held in Lahore on a date to be fixed by the President in consultation with the Secretary.

F. L. MILNE,

Secretary, Punjab Electricity Board.

5. **Increase of Annual Grant.**—Read letter No. 4357-S.-Sany., dated 22nd September 1922, from the Secretary to Government, Punjab, Transferred Departments, stating that the Punjab Government (Ministry of Education) regret that they are unable to agree to any increase in the Sanitary Board grant above 4 lakhs.

Resolved that the Financial Secretary be approached with regard to the fulfilment of the undertaking by Government to re-grant to the Board such sums as may have lapsed.

6. **Sialkot Drainage Scheme.**—Read endorsement No. 1228, dated 25th August 1922, by the Commissioner, Lahore Division, forwarding a resolution by the Siálkot Municipal Committee giving its reasons for not being in a position to accept the conditions which the Board wishes to impose in connection with the above scheme.

Recorded.

7. **Dinanagar Drainage Scheme.**—Read endorsement by the Commissioner, Lahore Division, No 1365, dated 27th September 1922, forwarding a copy of a letter from the President, Municipal Committee, Dinánagar, stating that owing to Committee's finance it is not possible for it to submit the loan application to Government this year and ask that it may be allowed to hold it over for submission to Government next year.

Resolved that the Committee be instructed to hold the grant-in-aid at the credit of the Sanitary Board pending further orders.

8. **Hidayatpur Chhaoni Notified Area (Gurgaon town) Drainage Scheme.**—Read endorsement by the Commissioner, Ambála Division, No. 3237-L. F. D.-46, dated 12th October 1922, forwarding the above scheme, at an estimated cost of Rs. 83,808 for administrative approval and recommending for reasons stated that the full grant-in-aid of Rs. 72,000 applied for by the Notified Area Committee be sanctioned.

Resolved.

(1) That as the Committee of the Notified Area is not in a position to guarantee maintenance of the scheme and (2) that the Committee is not able to contribute in the most favourable circumstances more than Rs. 17,000 towards the cost of the scheme ; it was decided that the needs of the Gurgaon District would appear to be more pressing and more deserving of such extraordinary financial assistance as the Board might be in a position to contribute to the area.

9. **Drains in the New Blocks at Campbellpur.**—Read endorsement by the Commissioner, Ráwalpindi Division, No. 1099-Misc., dated 7th September 1922, forwarding for revised administrative approval the above project, at a revised estimated cost of Rs. 79,456 and an application for a further grant-in-aid of Rs. 5,053.

Resolved that the revised administrative approval be accorded at a revised cost of Rs. 79,456 and a further grant-in-aid of Rs. 5,053 be sanctioned.

10. **Rawalpindi Water Supply Extension Scheme.**—Read endorsement by the Sanitary Engineer to Government, Punjab, No. 56/C., dated 18th September 1922, forwarding a copy of correspondence connected with the above scheme.

Resolved that the Board is not prepared to recommend the scheme to Government for administrative approval for the reasons stated in the technical note by the Sanitary Engineer, a copy of which should be forwarded to the Municipal Committee.

It is understood that the President, Sanitary Board, will visit Ráwalpindi on the 23rd instant and will give the Municipal Committee an opportunity to discuss the case with him and the technical representative of the Sanitary Board.

11. **Phullarwan Drainage Scheme.**—Read endorsement by the Commissioner, Ráwalpindi Division, No. 1129-Misc., dated 14th September 1922, forwarding the project connected with the above scheme estimated to cost Rs. 59,395 for administrative approval and an application for a grant-in-aid of Rs. 29,697.

Resolved that consideration be postponed until the next meeting, the Secretary in the meantime to ascertain the views of the Financial Commissioner (Development).

12. **Phullarwan Water Supply.**—Read endorsement by the Commissioner, Ráwalpindi Division, No. 1128-Misc., dated 14th September 1922, forwarding the above scheme, estimated to cost Rs. 36,805, for administrative approval with an application for a grant-in-aid of Rs. 18,403.

Resolved that consideration be postponed until the next meeting, the Secretary in the meantime to ascertain the views of the Financial Commissioner (Development.)

13 **Rectifying Pind Dadan Khan Drainage System.**—Read endorseement by the Commissioner, Ráwalpindi Division, No. 1094-Misc., dated 7th September 1922, forwarding the above project, estimated to cost Rs. 1,163, with an application for a grant-in-aid of Rs. 582.

Resolved that a grant-in-aid of Rs. 582 be sanctioned.

14. **Abohar Drainage Scheme.**—Read letter No. 4519, dated 23rd August 1922, from the Commissioner, Jullundur Division, forwarding the above project at an estimated cost of Rs. 2,59,094 for approval of the Board and administrative approval of the Government with an application for a grant-in-aid of Rs. 1,34,297.

Resolved that consideration be postponed till the next meeting.

15. **Beef market at Jullundur.**—Read endorsement by the Commissioner, Jullundur Division, No. 4885, dated 14th September 1922, forwarding the above project at an estimated cost of Rs. 14,196 with an application for a grant-in-aid of Rs 7,098.

Resolved that consideration of this request be postponed until the re ipt of the Audit Report on the grants already given.

16. **Jullundur Drainage Scheme.**—Read endorsement No. 4920, dated 18th September 1922, by the Commissioner, Jullundur Division, forwarding an application for a grant-in-aid of Rs. 68,986 towards the above scheme.

Resolved that consideration of the request be postponed until the receipt of the Audit Report on the grants already given.

17. **Lahore Water Supply Extension Scheme.**—Read Punjab Government No. 20092-L. G., dated 26th July 1922, and Sanitary Engineer's letter No. 1303, dated 31st August 1922, with enclosures, relating to the above scheme.

Resolved—

(1) that the Board is unable to take any action as the question of grant-in-aid is not involved;

(2) with regard to administrative approval: in returning the scheme to Government the Secretary should draw attention to (1) the irregularities involved in the submission of the scheme; (2) the method of financing which has been adopted, *viz.*, financing capital expenditure to the extent of approximately 2 lakhs out of Revenue;

(3) with regard to technical sanction: a technical note by the Sanitary Engineer should be forwarded to Government.

18. **Gujar Khan Drainage Scheme.**—Read endorsement No. 353-Misc., dated 2nd August 1922, by the Commissioner, Ráwalpindi Division, forwarding copy of Deputy Commissioner Ráwalpindi's letter stating that the Notified Area Committee, Gujar Khán, is prepared to continue with the scheme if the Sanitary Board gives the grant-in aid towards the drainage scheme.

Resolved that the Board gives administrative approval to the scheme at the revised estimated cost of Rs. 17,882 omitted in the last meeting.

19 **Sangla Drainage Scheme.**—Read letter No. 1016, dated 11th July 1922, from the Commissioner, Lahore Division, forwarding revised estimates relating to the above scheme, amounting to Rs. 50,092, for revised administrative approval and an application for a further grant-in-aid of Rs. 10,934, also Commissioner Lahore's endorsement No. 1407, dated 7th October 1922, on the subject.

Resolved that revised administrative approval to the scheme at the revised estimated cost of Rs. 50,092 be given, and that the question of a further grant-in-aid be considered when technical sanction has been accorded.

20. **Maghiana Drainage Scheme.**—Read letter No. CLXI-8-4, dated 6th November 1922, from the Commissioner, Multán Division, forwarding revised project relating to the above scheme at a revised estimated cost of Rs. 2,97,638 for revised administrative approval, with an application for a further grant-in-aid of Rs. 46,000.

Resolved that the scheme be approved and recommended to Government in the Civil Department for revised administrative approval. Further resolved that the question of a further grant-in-aid will be considered when the scheme has been technically sanctioned.

The date of the next meeting was provisionally fixed for Thursday, the 14th December 1922, at 10-30 A.M.

RULES FOR THE GUIDANCE OF JUDGING COMMITTEES OF DISTRICT HORSE FAIRS AND SHOWS.

I.—Only *bonâ fide* horse breeders of the district in which the show is held will be allowed to compete. The Judging Committee will decide as to the eligibility of competitors.

II.—Branded mares proved to be barren, *i.e.*, mares that have not held to an Imperial stallion for the last two years, and branded mares covered before 3 years of age, will not be eligible to compete in any class.

III.—No mares or stock will be allowed to compete as "served by an Imperial stallion" or "got by an Imperial stallion," unless a certificate to that effect is produced by the exhibitor. The certificate is obtainable from the Circle Superintendent.

IV.—Geldings, Class VIII, if by an Imperial stallion out of a branded mare, may compete in Class IV or VI; and exhibits in Classes VIII or IX may also compete in "Class X, Remounts," if purchased at the show for Government, Army or Police purposes.

V.—Intending exhibitors should, on arrival at the show, apply to the Secretary of the Judging Committee for a ticket, or tickets, as the case may be, stating the class in which they propose competing.

VI.—Each ticket should be worn by the animal as a token of the right to compete.

VII.—When the tickets are given, the Secretary will name the date, hour and place at the show when and where horses should be brought for examination. A shamiana, or large tent, or shed, to afford shade to the Committee, within a railed enclosure, should be erected to admit of a careful examination of the stock. The public should not be permitted to enter the enclosure during the Committee's proceedings. To facilitate the work of judging, a second ring should be made at all large fairs, near the Judges' enclosure where animals of the next class to be judged should be collected so as to be ready for the Judges.

VIII.—Prizes will be awarded on the day appointed by the President of the Judging Committee.

IX.—Prizes for young horse stock are to be awarded only when the exhibitor is the *bonâ fide* breeder and owner of the animal competing.

X.—No stock of any kind, irrespective of age, will be allowed to take prizes at more than one show in the year.

XI.—A certificate (parwana) will be given to winners as follows :—

With first 5 prizes in each class when entries number 20 or more ;

With first 4 " " " " 10 to 19 ;

With first 3 " " " " 9 or less.

No certificate will be granted to the winner of a prize of less than Rs. 25 in value.

XII.—The Deputy Commissioner or Collector of the district will be *ex-officio* President, and the Director-General, Army Remount Department, when present at a horse show or fair, shall, if he so desires, be *ex-officio* senior member of the Judging Committee.

XIII.—Discretion is to be used by the Judging Committee in awarding only a portion of prizes to any class, if the stock of that class be not considered worthy of all the prizes noted ; and the money not awarded may be devoted to extra prizes in other classes deemed by the Judging Committee as worthy of them, as it is the desire of Government to award the total sum granted, provided the classes of stock competing are in every respect deserving of it. The Judging Committee is also at liberty to reduce the value of the bigger prizes and to add smaller ones, in classes where the numbers competing are large.

XIV.—The system of judging the animals competing is left to the discretion of the Committee ; but practical soundness in a horse shall be the *sine quâ non* for taking a prize, and should not merely count equally with other points of merit. Should any branded mares or fillies be affected with any unsoundness which may be considered hereditary, they are debarred from receiving any prizes.

XV.—To enable a horse to become eligible to compete in the Gelding Class, both testicles must have been excised.

XVI.—The prizes allotted to the "Gelding" Class are to be awarded only to stock the property of *bonâ fide* breeders.

XVII.—All approved mares and fillies are branded J.S., J.A., E.I., or G.I. either on the off or near shoulder or on the saddle place, or with J C. under a number on the near quarter in the case of Jhelum Canal Colony mares.

XVIII.—In case of no remounts being purchased for one branch of the service of the class for which prizes are offered, the prizes for that class will be added to the prizes offered for remounts of the other branch of the service. For instance, if no remounts, over 3 years of age, are bought for the British Service, the prizes will be added to Indian Cavalry remounts over 3 years of age, and *vice versa*. None but remounts purchased from *bona fide* breeders will be allowed to compete in these classes—the Judging Committee to decide whether the owners of the animals competing are *bona fide* breeders or not.

XIX.—It has been found that, in districts where private studs are maintained by comparatively rich men, several prizes in the same class are, in many cases, awarded to the same owner; and consequently the poorer breeders do not receive as many prizes as they otherwise should; it is therefore ruled that each private stud competing whether owned by an individual man or by several relations conjointly be restricted to only one prize in each class.

XX.—In districts where stallions have been provided by district boards and courts of wards, or kept by Indian gentlemen, and such stallions have been approved by the officers of the Army Remount Department, prizes shall be awarded from funds subscribed either by district boards, Provincial, or sources other than Imperial, and that funds be allotted to the following classes:—

Mares in foal to such stallions;
Mares with foals at foot by such stallions;
Young stock by such stallions.

The ages of the young stock are left to the discretion of the Judging Committee, so as to best suit each particular district.

XXI.—The following rule is to be observed in ageing horse and mule stock competing for prizes:—

"Foal" ...	...	over 6 and under 12 months old;
"Yearling"	...	12 months to under 24 months old;
"Two years old"	...	24 months to under 36 months old, and so on.

XXII.—The Silver Medal will be awarded to the exhibitor of the best "branded mare" at the show. She must be the property of a *bona fide* breeder, and the Judges should consult the Deputy Commissioner, Collector, or Superintendent, Army Remount Department, on this point. *In addition, the winner must either undoubtedly be in foal, have a foal at foot, or have foaled within the last eight months, and will be confined to entries in Class 1.*

Note.—No mare can win this medal for two consecutive years, though no limit will be made in the number of times she can win it through a series of years.

The Superintendent, Army Remount Department of the Circle, will personally present the medal.

COMMUNICATIONS BOARD, PUNJAB.

Minutes of the Eighth Meeting of the Communications Board, Punjab, held at Lahore in the Committee Room of the New Legislative Council Buildings, Lahore, on Tuesday, the 21st November 1922, at 11 a.m.

PRESENT :

The Hon'ble Lala HARKISHAN LAL, Minister for Agriculture, *in the chair.*

Mr. A. S. MONTGOMERY, Chief Engineer, Punjab, Buildings and Roads Branch.

Mr. E. R. FOY, Chief Engineer, Punjab, Sutlej Valley Project.

Mr. A. J. GIBSON, Chief Conservator of Forests, Punjab.

Mr. J. G. BEAZLEY, I.C.S., Director of Industries, Punjab.

Mr. D. MILNE, Officiating Director of Agriculture, Punjab.

Lieutenant-Colonel C. WALTON, D.S.O., R.E., Deputy Agent, North-Western Railway.

Rai Bahadur Sir GANGA RAM, C.I.E., M.V.O., Lahore.

Rao Bahadur Chaudhri LAL CHAND, O.B.E., of Rohtak.

Lala RATTAN CHAND, O.B.E., Honorary Magistrate, Amritsar.

Syed MOHAMMAD HUSSAIN, M.L.C., of Shergarh, Montgomery District.

Rai Sahib Sardar HARNAM SINGH, M.L.C., of Ráwalpindi.

Mr. K. G. MITCHELL, Secretary, Communications Board, Punjab.

Co-opted.

Mr. E. R. ABBOTT, C.I.E., I.C.S., M.L.C., Financial Commissioner, Development, Punjab.

Mr. G. T. POUND, Executive Engineer, Road Project & Experimental Division.

As the Hon'ble Lala Harkishan Lal was not present, Mr. A. S. Montgomery was voted into the chair.

I.—Colonel Walton pointed out that ' at the same time as the ' should be read instead of ' b efore ' in line 2 of the second paragraph of page 3 ; subject to this alterationthe minutes of the last meeting were confirmed

II.—The following resolutions were adopted :—

(*i*) That this Board considers that it is desirable that District Engineers should meet annually to discuss matters of professional interest and that this can best be done by their becoming members of the Punjab Engineering Congress.

(*ii*) That in order to enable District Engineers, the Communications Board considers that District Boards should pay the travelling and halting allowances of their engineers attending the Congress.

(*iii*) That this Board hopes that the Committee of the Engineering Congress will see its way to admit all District Engineers to the Congress, membership in the case of those otherwise not fully qualified being, if necessary, limited to the time during which they are actually employed as District Engineers.

The Secretary was instructed to communicate with the Committee of the Punjab Engineering Congress with a view to these resolutions being put into effect.

III.—Considered the revised budget estimate for the current year.—This is reproduced as Appendix I. It was explained by the Secretary and approved by the Board. It was resolved to instruct the Secretary to keep the Board informed of the progress of experiments being carried out near Lahore so that members may inspect them.

(At this stage the Hon'ble Lala Harkishan Lal having arrived, Mr. Montgomery vacated the chair.)

IV.—Considered Rao Bahadur Chaudhri Lal Chand's letter proposing the investigations of small schemes for Agricultural Tramways.—The letter is reproduced as Appendix II. Rao Bahadur Chaudhri Lal Chand explained that he did not press for a Sub-Committee so long as schemes of about twenty miles were investigated.

After considerable discussion it was resolved that the following four schemes should be investigated by the Agricultural Tramway Engineer:—

(*i*) Rohtak-Gohána,

(*ii*) Shahdara-Badomali,

(*iii*) Gojra-Jhang,

(*iv*) Chánga Mánga-Chunián,

and that the Secretary should decide, in consultation with Mr. Beazley, in what order the investigations should be carried out.

V.—Considered letter from the Chairman, District Board, Gujránwála, appealing for assistance in the maintenance of metalled roads.—The President said that the only funds available for distribution by the Board were earmarked for new construction and they should not be frittered away on maintenance. Mr. Abbott pointed out that the maintenance of existing roads was of more importance than the constructing of new ones.

Finally it was resolved that the Board regretted that it was unable to assist the Gujránwála District Board in the maintenance of its roads.

VI.—The proposal to convey revised administrative approval to certain projects of the Montgomery District Board was postponed to the next meeting at the request of the Secretary.

G. T. POUND,
EXECUTIVE ENGINEER,
for *Secretary, Communications Board, Punjab.*

HARKISHAN LAL,

APPENDIX II.

Dated the 31st October 1922.

From—Rao Bahadur Chaudhri LAL CHAND, of Rohtak,

To—The Secretary, Communications Board, Punjab, Lahore.

DURING the past 1½ years Communications Board has been preparing plans for the construction of Agricultural Tramways in certain selected areas of the province. The work has cost money and high hopes have been held out to the people of these tracts. If the whole thing is dropped at this stage on the ground that Government of India have expressed their unwillingness to sanction the raising of loan for the purpose, there will be a great discontent and in addition we will be accused of spending money on surveys and the preparation of plan without being sure of our ground. So something must be done at once by the Board.

We have, I think, committed, two mistakes and should reconsider the two points as below :—

1. *We have flown too high, i.e.*, we have fixed a very high standard for a beginning to be made. The Lyallpur scheme is much too big and unwieldy either for the District Board or for the Government without a loan. The Board has no doubt rightly resolved that a bigger scheme is more paying than a smaller one, but the bigger schemes having been found much too costly and beyond our means we should now consider whether the smaller schemes of 20 miles length or so would be paying or not. If it is found that a certain Agricultural Tramway line of 20 miles or so will prove paying, then we can ask the District Board concerned to undertake the work on the securities of its revenues or by issuing shares to the public. Surely when Rai Bahadur Sir Ganga Ram can work 7 miles of his line with profit, there is no reason why a line of 20 miles should be a losing concern for a Board. If we can prove that a certain line of small length is likely to pay, money could be found for its construction. I think there are District Board Tramways in Madras Presidency which are working at a profit.

2. *We have practically excluded Private Companies.* This too has to be reconsidered. Why should Government reserve to itself the monoply of a scheme which they openly declare to be beyond their means ?

I would, therefore, request that the above two points be referred to a small Sub-Committee of the Board at its next meeting. The Sub-Committee should have the Agent, North-Western Railway, the Chief Engineer for Roads and the Director of Industries on it for certain and the Sub-Committee should visit the areas also if necessary. In addition to this, if possible one or two members of the Board may be deputed to go and see the working of Agricultural Tramways in Madras or any other Presidency in India.

I am making this suggestion particularly, because, as a representative of a Board which maintains the largest number of miles of pacca roads in the province, I feel that time has come when it will be not only difficult but impossible for the Local Bodies to meet the growing demand for good means of communications with the money at their disposal and consequently we shall have to give up the most costly system of the consolidated roads which bring no direct return to the Local Bodies, and shall have to resort to some means of communications which may bring a return for their use.

I hope you will kindly lay this before the Hon'ble President for orders.
